PROBATE COURT BUSINESS.

Judge Scott Runs a Large Grist Through the Mill.

The final account of Adaline Perry, as administratrix of the estate of William Perry, deceased, was yesterday approved and allowed by the probate court.

John M. Marthaler, as administrator of the estate of C. B. Miller, deceased, yesterday filed a petition asking for an order directing him to pay off certain claims against the estate.

W. A. Dimmick yesterday filed his final account in the matter of the estate of Clarissa E. Gleason, and October 2d was set as the day for hearing objections against the same.

On the petition of Mrs. Mary C. Parker, E. M. Vaughn was yesterday appointed the guardian of the person and estate of John W. Vaughn, an incompetent person.

The will of Andrew Fleming was admitted to probate yesterday. The only living heirs were Patrick Pennell, Winifred O. Barr and Catherine B. Winkler, each of whom will receive an equal share of the estate, according to the terms of the will. Patrick Pennell filed his bond as executor yesterday.

The administrator in the estate of John A. Rotan, deceased, yesterday filed with the county judge a return of sale of contract to purchase real property.

Susan Fenton this morning petitioned the probate court to be appointed administrator of the estate of her deceased husband, Lewis R. Fenton. The petition was granted and the order signed. She furnished bonds in the sum of \$400.

Claude Gateh, Joseph Baumgartner and A. A. Cunningham, appraisers of the estate of Andrew Fleming, deceased, filed their report with the county court this morning. According to it, there is \$2268.50 deposited in the Ladd & Bush bank, which belongs to the estate.

The will of Christian Will, who died August 9th, was admitted to probate this morning. George C. Will, of Salem, and E. U. Will, of Portland, were named as executors in the will. All of her property was left to her husband during the term of his natural life. After that, it is to be divided among her children and grandchildren.

The final account of the executor of the estate of Joseph Dumas was filed this morning and October 2d fixed as the date upon which objections to the same will be heard.

The bond of Charles Meier, as administrator of the estate of Francis Trombly, Sr., was approved this morning, and Ernest Cochran, George Ralle and P. Todd were appointed appraisers of the estate.

W. A. Moore, as administrator of the estate of Evaline Donaldson, filed his final account and vouchers this morning. October 2d was set as the date to hear objections.

VISIT ELECTRIC PLANT.
J. W. Rhodes, Jr., of Philadelphia, Accompanies Messrs. Anderson and Welch.

J. M. Anderson, of Spokane; A. Welch, of Salem, and J. W. Rhodes, Jr., of Philadelphia, all interested in the Lane County Electric Company's plant at Springfield, which was recently purchased by a Philadelphia syndicate, which owns plants at Spokane, Walla Walla, Baker City, Salem and other Northwest cities, spent Sunday in Eugene, and were taken over to the Springfield plant by Superintendent J. F. Robinson.
Mr. Robinson, when asked by a reporter today if there was anything for publication, replied that there was not at present, but thought that in the not far distant future something very interesting would turn up. This trip was made to show the local plant to Mr. Rhodes, who is said to be one of the capitalists of the syndicate.—Eugene Guard.

IS IT A CLUB OR SALOON?

The Slogan "No Booze in Benton" Is a Trifle Misleading.

Corvallis, Aug. 29.—The slogan "No Booze in Benton," which has been advertised throughout the state, and placarded in the Benton county booth at the exposition, is, it is claimed by some citizens here, to be somewhat misleading, in view of the existence of the Corvallis Social and Athletic Club, which is one month old. From statements made by members of the club it is believed that the club is practically a saloon, except that it pays no license, and furnishes liquor to members only. A steward is employed by the club whose principal qualification, it is said, must be that he is an expert mixer of drinks. A generous lunch is provided at all times. It is claimed by the incorporators of the club that as long as they act within the articles of their incorporation they cannot be prosecuted. One of the articles gives the club authority to furnish all kinds of refreshments to its members. Each member, it is said, is assessed in proportion to the amount he is refreshed. It is the intention of the members to add an athletic gymnasium as soon as funds permit. All the monetary transactions of the club are carefully recorded in a ledger kept by the secretary, and it is asserted that these books will prove that no local option or any other liquor law is being transgressed. The claim is set up that the club buys its liquor exactly as does the head of a family, and that the club stands in the same relation to its members as does the head of a family to its members. It is also claimed that similar clubs operating in other states where prohibition and local option laws prevail have been upheld by the supreme courts as acting within the law. It is probable that a legal contest will soon be started here by persons opposed to the club in order to test the law. Leading members of the club say they are ready for the fight, and believe they will win should legal proceedings be instituted.

Fort Shaw Defeats Chemawa.

In a fast and furious game of basketball, played in the Y. M. C. A. gymnasium last night, the Fort Shaw Indian girls defeated the Chemawa girls by the decisive score of 38 to 13. The formers' title to the championship of the world still stands intact, and is likely to do so for some time. A large crowd was present, and every good play was enthusiastically cheered, no matter which side made it.

Weather Crop Bulletin.

The past week was cooler than the previous one in the western section, while in the eastern section the nights were cool, with moderately warm days. A few small showers occurred in the northwest Sunday and Monday, but they were insufficient to wet the ground to any depth, and rain is still needed everywhere for late crops and for pastures.
The grain harvest is drawing to a close and threshing is well along. Fall wheat and barley continue to yield well, but the berry of spring wheat and oats shriveled during the late hot weather, and the yields are disappointing. Pasture is getting very short and stock is losing flesh. Corn and hops are making satisfactory advancement. Late potatoes are at a standstill, and need rain badly.
Apples are generally smaller in size than usual, and the crop promises to be below the average in quantity. Prunes are beginning to ripen.

A Regular Contributor.

For the third time in as many days George Leonard appeared before Recorder Moore yesterday. This time he was fined \$10 for being drunk on the Sabbath day.

A General Mix-Up.

An unusual accident befell Thomas Cooper, while he was driving to town in his buggy last Saturday in company with another party. Mr. Cooper was leading a couple of horses behind the buggy, and, according to the report that reached us, some kind of vehicle approached from the rear, and startled the animals being led. In its fright one of the horses jumped and struck a foreleg through a buggy wheel. There was something doing then. Mr. Cooper and his companion were thrown out in the melee, and the device to pay generally. When things were straightened finally the hind wheel of the buggy was a sight to behold. It looked like lightning had landed on it. Aside from the condition of the wheel, and, we suppose, a tenderness of one of the horses' legs, no damage resulted.—Corvallis Gazette.

Building Proposals Invited.
