BALL GAMES MONDAY

Two Games Scheduled, One to Be Played Under the Electric Lights

Monday will be baseball day in Salem, as well as Labor Day. Two games are scheduled for the afternoon and one will be played at night. The first game, to be called in the afternoon at 2 o'clock, will be between the Ramblers and the Dallas Alerts. The lineup of the two teams is as follows:

Ramblers—Perkins, c; Holman, p; Gabrielson, 1b; Farmer, 2b; Dyer, 3b; Kay, ss; Meyer, lf; Plowman, cf; Holmes, rf.

Dallas Alerts—Greenwood, c; Craven, p; A. Morton, 1b; Syron, 2b; Launer, 3b; Elmsa, ss; Baker, lf; G. Morton, cf; Oale, rf.

As soon as the game is finished the one between the crack team of Tom Kay's woolen mills and the "All Stars" will be called. This promises to be very exciting. The lineup of the two teams follows:

Woolen Mills—Zwickler, c; Campbell, p; Donaldson 1b; T. B. Kay, 2b; Kaufman, ss; Sheridan, 3b; Alport, lf; Howe, cf; Fisher, rf.

All Stars—Holman, c; King, p; Biggs, 1b; Bishop, 2b; Eyre, ss; McHugh, 3b; Hunt, lf; Harritt, cf; Koser, rf.

As Monday is a legal holiday, it is thought that the principal business houses will close at noon, and, as the woolen mills will also close at noon, the "varsity field" will probably be filled with an interested crowd of spectators.

The Sioux Indians, who will be here at night, to play a local team by electric light, have a great reputation for playing sensational ball, and the game will probably be the most unique thing of its kind ever seen in Salem. A strong team has been picked up to play them, and the game will not be so one-sided

How to Get Well.

Every organ of the body is directly connected with the brain by nerves. The nerve cells in the brain generate nerve force—power—and send it to the organ through these nerves, and this nerve-force gives life and action. The organs work perfectly when there is sufficient nerve power. Lack of nerve force weakens the action of an organ and it works imperfectly—becomes sick.

Two-thirds of all sickness is thus due to weak or deranged nerves; it is therefore advisable to take Dr. Miles' Restorative Nerve, because it makes nerve energy.

When you cure the nerves you remove the cause, and that's the way to get well.

My trouble seemed to begin with a general loss of strength and a breaking down of the nervous system. I suffered from headache, constipation and suffering or palpitation of the heart. My appetite failed and I was so nervous and restless that I could not sleep at night. My husband, who is a druggist, brought me a bottle of Nerve. It helped me from the start, and I continued using it until I had taken six bottles. My health was completely restored.

Seattle and the Fair.

(Seattle Post-Intelligencer.) This is Seattle week at the Lewis and Clark exposition in Portland. As many Seattle people as possible, all who can, should go to Portland this week, if only to show their appreciation of the great, the splendid, the successful work that our neighbor citizens have accomplished this year, not only for themselves, but for Puget Sound and Seattle, and for the entire Pacific Coast, from San Francisco to Victoria.

Anguine as the expectations of many Coast residents were regarding the success of the fair, they have been more than fully realized by the magnificent result. Strangers from every part of the world, not from the United States alone, have visited the coast from one end to the other and have been educated and enlightened as to the character, the climate, the wealth and the resources of the Pacific Slope. They were led hither by the strenuous, persistent and effective efforts of the men, the city and the state that have given so conspicuous an evidence of western energy and such testimony to western ability; by the people of Portland and Oregon.

Seattle is glad to have been able to lend a helping hand to bring about this result, and its citizens should be pleased to show by their presence this week how deeply interested they have been and are.

From the inception of the Exposition it has had the sincere, the strenuous and the consistent support of the Puget Sound cities and of the State of Washington, in season and out of season, until the Fair became an accomplished fact. The press of this state urged continually that the Fair should be held. Our delegation in congress gave loyal and unstinted aid to secure federal legislation favorable to the Fair. The people of this state appropriated a large sum of money for the representation of the state by a creditable building and for an exhibition of the products of this state. The counties and cities have supplemented this. Whether the work and aid thus lent have been satisfactory to Portland or not, it is for that city to say. Disagreeable rumors have reached this city to the effect that some Portland people think that Seattle and the Puget Sound cities have either been indifferent to or opposed to the Fair. Such an impression is purely imaginative. So far from Seattle having been opposed to the Fair being so, this city has done everything that it could to aid in its success; because every intelligent man here knows that the more visitors go to Portland the more come here, to our mutual advantage and profit.

Seattle should do everything that it can this week to dissipate any impression of the kind, if it exists.

Juju Worshipers.

The Ara tribe, inhabitants of southern Nigeria, worship the "Long Juju." This is a jealously guarded circular pool of water to which sacrifices of human beings and animals are made. Each house has also its own private "Juju." The boys of this tribe on reaching a certain age are put through various tests of physical endurance, one of which is to run twice round the town, about four miles, without stopping.

Hop pickers and clouds are gathering.

If the health board resigns we will all have to be resigned.

Sound Chinese Logic.

Admiral Hiebhorn, long the chief constructor in the navy, has a Chinese servant named Chow, whom he brought with him from the East. One day Chow asked permission to go to a funeral.

"All right," said the admiral. Then he added: "I suppose you will put a lot of food and sweetmeats on his grave, as they do in China?"

"Allee same China," Chow replied. "Now, Chow," continued the admiral, "when do you think the dead Chinaman will come up to eat the food you leave on his grave?"

Allee same time Melican man comes up to smell flowers you leave on his grave," answered Chow, urbanely.—Exchange.

Ice Moves Rapidly.

The large team of grays which are used to draw the ice wagon about town, and which usually have such a docile and innocent look about them, yesterday afternoon became tired of the monotony, and, instead of waiting for their driver, started out to deliver some ice on their own account. They sauntered off across the pile of debris near Ferry street, and then headed for state. They were stopped before going very far, however, and no damage was done.

HOUSEHOLD EXEMPTIONS

A suit has been commenced at Grants Pass in which every household in the state is interested. W. O. Hale, ex-representative of Josephine county in the legislature, has brought suit, County Judge Booth, Assessor Fallin and County Clerk Cheshire being the defendants. The suit is brought to test the validity of the law passed at the special session of the legislature in December, 1903, exempting certain household effects up to the sum of \$300, from taxation, which Mr. Hale claims is contrary to the constitution, and therefore void.

In his complaint ex-representative Hale, who is a practicing attorney of Grants Pass, argues that the act of the legislative assembly is in violation of section 1 of article 9 of the constitution. The complaint states further that said section of the constitution provides for a uniform and equal rate of assessment and taxation, and that the law shall secure a just valuation for taxation of all property, real and personal, excepting such only for municipal, educational, literary, scientific, religious or charitable purposes, as may be specially exempted by law. The case will be presented by Attorney A. S. Hammond, of Grants Pass, representing Mr. Hale.

ON OLD INDICTMENT.

Williamson, Gerner and Biggs Will Appear in Court Tuesday.

Williamson, Gerner and Biggs will be tried the third time on the same indictment as on the two former trials, charging them with conspiracy to suborn perjury, next Tuesday. This is settled by an announcement of the government agents that rather than run the chances of further delays by means of pleas in abatement, demurrers and other things calculated to postpone justice, the prosecution will proceed Tuesday with the same indictment as the two former trials were based upon. It is believed that a stronger case than ever will be made by the prosecution, and a strenuous attempt will be made to secure conviction.

Tonight the grand jury will adjourn until Tuesday, as Monday is a holiday. If any indictments have been found by the investigators they will not be returned until Tuesday, when the grand jury will be turned over to Assistant District Attorney Banks, who will prosecute and inquire into several cases in which the government is interested.

Witnesses appearing today before the grand jury were Lark Elliott and John Watkins, both of Crook county. The latter was a witness at the former trials of Williamson and his associates, and the presence of these witnesses in the grand jury room lends color to the belief that the indictment against Williamson would be changed. However, other matters in the Prineville country must be under investigation, and it is considered likely that the searchlight has been turned upon alleged frauds by Albany people in Crook county timber.

Many Persons Have Catarrh of Kidneys, Or Catarrh of Bladder and Don't Know It.

President Newhof and War Correspondent Richards Were Promptly Cured By Pe-ru-na.

Mr. C. B. Newhof, 10 Delamare street, Albany, N. Y., President Montefiore Club, writes:

"Since my advanced age I find that I have been frequently troubled with urinary ailments. The bladder seemed irritated, and my physician said that it was catarrh caused by a protracted cold which would be difficult to overcome on account of my advanced years. I took Peruna, hardly daring to believe that I would be helped, but I found to my relief that I soon began to mend. The irritation gradually subsided and the urinary difficulties passed away. I have enjoyed excellent health now for the past seven months. I enjoy my meals, sleep soundly, and am as well as I was twenty years ago. I give all praise to Peruna."—C. B. Newhof.

PRES. C. B. NEWHOF, Suffered From Catarrh of Bladder.

Suffered From Catarrh of Kidneys, Threatened With Nervous Collapse. Cured by Pe-ru-na.

Mr. F. B. Richards, 609 E Street, N. W., Washington, D. C., War Correspondent, writes: "Exactly six years ago I was ordered to Cuba as staff correspondent of the New York Sun. I was in charge of a Sun Dispatch boat through the Spanish American War. The effect of the tropical climate and the nervous strain showed plainly on my return to the states. Lassitude, depression to the verge of melancholia, and incessant kidney trouble made me practically an invalid. This undesirable condition continued, despite the best of treatment. Finally a brother newspaper man, who like myself had served in the war, induced me to give a faithful trial to Peruna. I did so. In a short time the lassitude left me, my kidneys resumed a healthy condition, and a complete cure was effected. I cannot too strongly recommend Peruna to those suffering with kidney trouble. To-day I am able to work as hard as at any time in my life, and the examiner for a leading insurance company pronounced me an "A risk."

In Poor Health Over Four Years. Pe-ru-na Only Remedy of Real Benefit.

Mr. John Nimmo, 215 Lippincott St., Toronto, Can., a prominent merchant of that city and also a member of the Masonic order, writes: "I have been in poor health generally for over four years. When I caught a bad cold last winter it settled in the bladder and kidneys, causing serious trouble. I took two greatly advertised

kidney remedies without getting the desired results. Peruna is the only remedy which was really of any benefit to me. I have not had a trace of kidney trouble nor a cold in my system."

Pe-ru-na Contains No Narcotics.

One reason why Peruna has found permanent use in so many homes is that it contains no narcotics of any kind. Peruna is perfectly harmless. It can be used any length of time without acquiring a drug habit. Peruna does not produce temporary results. It is permanent in its effect.

It has no bad effect upon the system, and gradually eliminates catarrh by removing the cause of catarrh. There are a multitude of homes where Peruna has been used off and on for twenty years. Such a thing could not be possible if Peruna contained any drugs of a narcotic nature.

SEASON CLOSURES

	Won	Lost	Per
Merchants	5	2	.714
Bookkeepers	4	3	.571
Bankers	3	4	.428
Capitols	2	5	.285

The last game of the Salem league series was played on the 'varsity field last night, and resulted in a score of eight for the Bookkeepers and four for the Capitols. This brought the percentage of the Bookkeepers up to 571, and lowered that of the state house people to 285. Although the game was rather one-sided, it was not without its interesting features, and afforded a great deal of amusement to the spectators. On account of the growing darkness it became necessary to call the game at the end of the fourth inning.

One of the features of the game was the run made by Southwick, of the Capitol team. He hit out a swift one to second, and, while the gentleman who guarded that bag fielded it in good shape, he made a wild throw to first, and Southwick went speeding on around the entire circuit for a run. These games have furnished a great

deal of amusement for the Salem lovers of the great national game this summer, and many will be sorry that the season is over.
