

DAILY CAPITAL JOURNAL

BY HOFER BROS. OFFICIAL CENSUS SALEM. MAY, 1904, 13,287.

In the Highlands. In the highlands, in the country-places. Where the old plain men have rosy faces, And the young fair maidens Quiet eyes;

O, to mount again where erst I hunted; Where the old red hills are bird-enchanted. And the low green meadows Bright with award;

O, to dream. O, to awake and wander There, and with delight to take and render, Through the trance of silence, Quiet breath!

WHAT IS TO BE GAINED?

There are still a few alleged Republican politicians at Salem who think they can advance their interests by tearing down others.

It is too much like the imbecillie performance of one who sought to hoist himself by his own boot-strap.

How far along has Marion county ever got by this process? Her territory has been lopped off UNTIL THE COUNTY RUNS TO A THIN EDGE ON THE EAST.

Instead of having men in the state offices and in congress or the United States senate the tomahawk policy has left us out in the cold.

Still the merry war goes on. Make war on Tooze. Make war on Huston. Make war on men who are not candidates. Anything to whack somebody.

What is to be gained by this policy? WHAT WAS GAINED BY ABUSING RINGER HERMANN, WHEN MARION COUNTY WANTED TO HAVE THE CONGRESSIONAL HONORS A FEW YEARS AGO?

How much can Marion county build up by starting in with a personal tirade of sarcasm and invective against every man mentioned for office?

If a man cannot build himself up without tearing others down, and cannot get office without putting Marion county at a disadvantage, he had better keep out of politics.

It is not the way the world is built nowadays. It is not the way results are accomplished by men and communities.

THE WAY TO ELECT A SENATOR.

The Journal is delighted that one Democratic paper—the Baker City Democrat—favors nominating a Senator by the direct primary.

The Journal's proposition to have a joint canvass between a prominent Republican and a prominent Democrat meets with a good deal of favor.

The joint canvass would force a nomination by both parties and would stop any Democrat or Republican politician making a sneak onto the ticket.

After those preliminary campaigns were made, and they should go into every county in the state, the two candidates could rest until election.

But in the election campaign they should again make a canvass and force just as many as possible of the legislative candidates to declare whether they will support the choice of the people for United States Senator on direct vote.

On the plan advocated by The Journal the people would do the electing and their votes would be respected instead of ignored by the legislature. Of course, if an unfit man got the nomination, or if a man got the people

Ayer's Sarsaparilla. Mends shattered nerves. Gives healthy red to pale cheeks. Puts good flesh on thin children. Takes off pimples, rashes. Ask your doctor to tell you about it.

to vote for him by improper and corrupt means, the honest legislature could still turn down the people's choice.

But the chances of the whole mass of the people being corrupted is just so much smaller than the chance of the legislature being tampered with as the people in proportion are larger in numbers than the legislature.

A LITTLE MORE AMBUSH POLITICS.

The political syndicate that is editing the Statesman now admits that it is legitimate for candidates to hire space in the newspapers to make themselves known to the people.

OF COURSE, AS LONG AS THIS IS DONE THROUGH THE RIGHT PAPER, and confined to persons approved by the syndicate it is strictly all right. Otherwise it is all wrong.

The syndicate admits that any Republican will have to pay before it will boost for him for office. At least it is officially admitted that this is perfectly legitimate.

The Statesman's admission is important, coming from a profession known to be wealthy, that has all kinds of money at its command. This sets a new pace for financial success in journalism.

But ambushing another political aspirant, by means of "Inquirer," "Robber Baron," etc., is really a noble occupation, and will build up the man who follows it into a moral, physical and political giant.

WE CAN ALREADY SEE HIM IN OUR MIND'S EYE TOWERING ABOVE ALL HIS FELLOW ASPIRANTS FOR THE CONGRESSIONAL NOMINATION, WHOM HE HAS ONE AFTER ANOTHER TUMBLING IN THE DUST AND MADE FOOT-WIPERS OF THEM.

Belittle Walter Tooze; belittle Huston, of Washington county; belittle everybody but the members of the syndicate.

The Journal is accused of being a little uncertain. It is mighty uncertain for the mere warts on the body politic, the fellows who hang around for one office after another.

They cannot depend upon it playing their game, which, to say to their credit, they are really not proud of. No wonder such fellows want to appear under a "nom de plume," and change it every few days.

WHY DO THEY HIDE WHEN THEY ATTACK OTHER MEN? WHY ARE THEY ASHAMED TO COME OUT IN THE OPEN. Why hide your light, gentlemen of the noble order, and why change your cognomen, champagne-like, every hour?

The question is asked in the Scripture: "Who can by taking thought add one span to his stature?" Who can by taking thought pull down stature? Can the man be made any bigger or smaller than he really is?

Perhaps the Statesman syndicate can be smoked out to tell a few more of the secrets of their managerial policy. They admit that it is all right for a candidate to pay for space. Now tell the public what your rates are, how much does it take to get into the game, and what is the limit to stay in? These are also matters of interest.

Initiative Petition for Tax Law. (From the McMinnville Telephone Register.)

The initiative petition for a law providing for the collection of taxes, appearing in another column, should be carefully read by every voter. It is well known that certain corporations and individuals have held large tracts of land for many years under grant of congress and otherwise, who have escaped the payment of taxes on same by failing to record their conveyances. This is manifestly unjust to the people of the state, whose burdens have been rendered so much greater. If this proposed law will prevent such conditions in the future and secure the collection of the taxes justly due for the past 45 years, a simple act of justice to the people should point them out in time to correct them before the petition goes before the voters.

There is still another abuse existing in the taxation of land that should re-

ceive the attention of taxpayers. Individuals purchasing lands from the state are not required to pay taxes until full payment is made on the land, and the title thus perfected. It has been the practice of many to defer for years the final payment on state lands, and thus escape taxation. Lands are held in this county by men of means, under these circumstances. They have the full use and benefit of the lands, worth in some instances at least \$100 per acre, and whose value is being constantly enhanced by the improvements that are being made in the surroundings. Yet they bear no public burdens. This may be in strict accordance with the law as it now stands, but it is not in accordance with the dictates of simple honesty. The man who will thus compel his neighbors to bear his as well their own share of taxes is in principle no better than a robber. He is profiting by the labors of others without any return whatever, and that, too, against their will.

The initiative and the referendum has placed in the hands of the people the power of actual self-government instead of the pseudo self-government that has heretofore been exercised. Will they use their power to protect themselves from the vultures who have been preying upon them during all the past ages?

Smiles from the Typewriter. The morning Eugene Register reaches Salem on the evening train—sometimes. Pretty swift for the Willamette valley.

The truth about Walter Lyon seems to be that he does not lose sight of a few of the courtesies supposed to exist between gentlemen. He can't help that. He was raised in Kentucky.

Like the fleas on the dog, the tariff and Hofer keep some people occupied. Good thing for the dog.

Yes, by all means, we ought to build our own railroads, and operate them, too. Is that what it means? Or does it just want the people to build them and make some syndicate a present of them?

An investigation should now be had how it comes that Alderman Bayne was able to have his own private sidetrack laid right in front of his own house? Come, John, isn't that a graft.

The Oregonian keeps saying that Collector Patterson owns stock in a Salem newspaper. It could make a closer guess by looking over the lists of Oregon City land officials not yet indicted.

Deafness Cannot Be Cured

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflammation of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and, unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free. E. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c. Take Hall's Family Pills for constipation he ever heard of—Roseburg Maindealer.

A Pleasant Way to Travel.

The above is the usual verdict of the traveler using the Missouri Pacific railway between the Pacific coast and the east, and we believe that the service and accommodations given merit this statement. From Denver, Colorado Springs and Denver there are two through trains daily to Kansas City and St. Louis, carrying Pullman's latest standard electric-lighted sleeping cars, chair cars and up-to-date dining cars. The same excellent service is operated from Kansas City and St. Louis to Memphis, Little Rock and Hot Springs. If you are going east or south, write for particulars and full information.

W. C. M'BRIDE, Gen. Agt., 124 Third St., Portland, Ore.

George Bouse, a miner in the Bohemia district, was badly hurt Tuesday. Some large rocks became loose, and in falling struck him on the back, pinning him to the ground. His home is in Cottage Grove.

HEAD IS BIG AS WASHTUB

Serpent in Crater Lake That Must Have Stolen a Supply of Booze

A dispatch from Eugene Wednesday afternoon says: "A strange-looking animal, resembling descriptions of sea serpents, has recently been seen in the waters of Crescent Lake, in the Cascade Mountains, over 100 miles east of Eugene, just across the line in Crook county. A party of Eugene hunters have returned from there, and tell the story of how they encountered the monster in the lake. They were out in the middle of the lake fishing, when suddenly a huge form loomed up out of the water directly in front of them, and, after splashing around for a minute or more, sank out of sight. The next day the same performance was repeated. According to the story of the hunters, the monster was probably 30 feet long, with a head as big as an ordinary washtub.

"This strange story is credited by many Eugene people, as in years past, from time to time, this same creature, or others similar, have been seen in the lake, and the descriptions given by all who claim to have seen it are precisely alike. The Indians of the Warm Springs agency, who frequently hunt in that vicinity, often tell of having seen the mysterious creature disporting itself in the waters of the lake."

Two More at Pen.

Sheriff J. M. Rader, of Jackson county delivered two prisoners to the penitentiary, who are to serve four and a half years each. They were George Schafer and John Critchlow, jointly convicted of burglary in a store.

Weak Stomach.

A weak stomach is most frequently caused by the overworked and exhausted nervous system.

The power that runs the stomach is the nerve force sent to it from the brain through the nerves. When the nerves are weak or exhausted the supply of energy is insufficient and the action of the stomach is impaired, and results in imperfect digestion—dyspepsia.

Dr. Miles' Restorative Nerve increases nerve force. It strengthens and builds up nerve tissue, gives vigor to the nerves and muscles of the stomach; this produces a healthy activity.

Nerve allays the inflammation, heals the membranes, and makes the stomach strong and healthy. There is nothing that so quickly gives energy to the whole system as Restorative Nerve.

"I can't say enough for Dr. Miles' Nerve. I don't know what it will do for others, but it certainly cured me of stomach trouble, and now I am as well as I ever was. Two physicians failed to relieve me, but in three or four days after taking Nerve I was much relieved. Four bottles made me a sound man, at the cost of \$4.00." JAMES H. HART, Detroit, Mich.

Dr. Miles' Nerve is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails, he will refund your money. Miles Medical Co., Elkhart, Ind.

CAPITAL NORMAL.

The fall term opens on September 25, but afternoon classes will begin on September 11. The course will be Academic, Normal, Business and Civil Service. Address J. J. KRAPS, Salem, Or.

PRINTING! THAT IS RIGHT

THAT IS THE KIND WE DO! No job too small, nor too large, for us to handle.

LET US FIGURE ON YOUR NEXT ORDER. You will be pleased with both work and price.
