HE MEANS SCOTT'S
Your doctor says you must take cod liver oil. Probably he means Scott's Emulsion because you cannot take the clear oil; no one can take the clear oil who needs cod liver oil. The doctor understands that and doubtless means Scott's Emulsion of cod liver oil which everybody can take because it is emulsified and prepared so that it can be very easily digested by the most sensitive stomach. Most everybody likes it.

Sues for a Racing Stake.
E. B. Tongue, of Hillsboro, Saturday brought suit against the state board of agriculture for the recovery of \$195, alleged to be due him as prize money for the winning of the "Juvenile Stake" race, held at the state fair, September 14, 1904. The event was won by "Lord Lovelace," owned by Mr. Tongue. "Lou Lady," owned by Thomas H. Brents, of Walla Walla, was the other horse that ran.

Some disagreement arose between the owners of the horses and the state board, through the fact that only two horses started in the race, and owing to the disagreement no satisfactory settlement could ever be reached. Mr. Tongue, the owner of "Lord Lovelace," claims that, as winner of first money, he is entitled to the sum of \$130. Mr. Brents claims there is \$65 due him as second money, and this alleged claim has been assigned to Mr. Tongue, who sues to recover the full amount of both claims, \$195.
The state board holds that under the conditions of the "Juvenile Stake" the full amount is not due, since only two colts started.
