Deafness Cannot Be Cured

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed. Deafness is the result, and, unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

The largest number of return round trip tickets to be sold in one day was over 200 and this was done last Wednesday. Although the weather was not altogether promising this morning, 75 tickets were sold for the early train and 100 for the local.

H. C. Bjerke, a hop man of Eugene had a three-acre yard which produced over 11,000 pounds of hops in the bale. Thirty-two people in one day picked 3000 pounds in green hops from 418 hills.
