**The Road From Drain to Coos Bay Will Be Constructed**

The Newberg Oregon gives a digest of the statement made at Portland in this paragraph: "The spirit of the House is that there shall be nothing done to the detriment of the city of Portland, given in Portland some weeks ago, as compared with the statements given Monday night, the argument is that the spirit is the same, and the city of Portland has been made to appear as though its councilmen had consented to the abandonment of the city of Portland."

If the spirit of the House is the same, it is not to be doubted that the councilmen of the city of Portland have consented to the abandonment of the city of Portland..." By Oregonian.
