DRINKS AND SMOKES
But Can't Be Identified in Salem by the Earmarks.

Sheriff Culver this morning received at letter from Menardville, Menard county, Texas, stating that there is a man there by the name of George W. Livingstone, who claims to have killed a man in Oregon about ten years ago and is wanted here now. The letter describes the alleged murderer as being 37 years old, of dark complexion, with black curly hair, brown eyes, Roman nose, round shoulders, weighs 150 pounds, is 5 feet 10 inches high, and drinks and smokes.

The author of the letter says: "We fell out is the reason I write." It is signed, "A Friend of Justice," and asks that the letter be copied and sent to other sheriffs if the man is not wanted in this county.

Lebanon has organized a Civic Improvement league. This is the first of its kind and fills a long felt want in that little town.

CAN'T BE FOUND.

The horse belonging to Charles Fry one of the Journal carriers, last night took a notion to leave its happy home and during the absence of its rider took a spin on South Commercial street. As yet nothing has been heard of him and the owner will be grateful for any information leading to its recovery. The animal is brown, well bridled and saddled and has a scar on its nose. Said nose is of the Roman variety, and the inference is that he knows enough to come home but he doesn't.

Weak, Nervous People.
We have received letters from parts of the U. S. highly recommending Dr. Gunn's Blood and Nerve Tonic until the faith we had in the remedy has been fully sustained. We had confidence from the very beginning that this medicine should make cures, but lacked that assurance that comes after many successful trials. Now that we have been upheld in our belief we want to impart to others our confidence. Nervous, and unsteady people, weak, fleshless people, pimply, pale, or low people are all victims of weak watery blood. Make new, rich blood to be forced through the system by the way of the arteries, and disease cannot remain. This tonic cures disease by giving you strength to resist it. All druggists sell it for 75c per box, or 3 boxes for \$2. The tablets are to be taken after each meal. They turn the food you eat into rich red blood. Persons who take this Tonic gain in good, solid flesh from 1 to 2 pounds per week.

A Work on the Jap War.
Fred Neckerman, the rustling canvasser, has just received the first shipment of the thrilling book on the Russian-Jap war, for which he is canvassing, and is now making deliveries. The book has an introduction by General Miles, and Mr. Neckerman has been unusually successful in the sale of it.

The identity of the slayer of Mrs. John A. Peterstein, who was killed at the Glenbrook siding Tuesday night, is still a mystery. The grand jury is making an investigation. The bullet which killed Mrs. Peterstein was extracted by Dr. George E. Houck and was found to be 32 caliber.
