

# For Thin, Poor Blood

You can trust a medicine tested sixty years! Sixty years of experience, think of that! Experience with Ayer's Sarsaparilla; the original Sarsaparilla; the Sarsaparilla the doctors endorse for thin blood, weak nerves, general debility. We have a record! We publish J. C. Ayer Co., Lowell, Mass., the name of all our medicine.

### MRS. WOODCOCK, THE PORTLAND HOODOO.

A lot of Portland people seem to think it a great joke to drag Mrs. Woodcock into prominence at all political gatherings.

The poor old lady has been given almost national prominence as a kind of ghastly political joke, but it has cost them dearly.

The Portland machine has been losing tricks ever since she appeared, waving the "Rosenfelt" flag over their assemblages.

They have not been able to elect a United States Senator since Mrs. Woodcock with her flag has come into prominence.

Portland programs have fallen by the wayside and Portland candidates dear to the heart of the machine have fallen, too, ever since she appeared.

Even the little peace conference could not be pulled off without getting Mrs. Woodcock to the front, seating her in a box, etc.

Whatever the program may have been at that conference it went to pieces the moment the hoodoo appeared.

Senator Haines can blame no one else but the Portland newspapers that have fanned Mrs. Woodcock's reputation into national proportions.

There are some who think she furnishes a large supply of the political sagacity and acumen that has emanated from that city of late years.

It is certain that as long as she is a feature of Republican gatherings there are liable to be things happening.

### ALL-EMBRACING EUROPEANISM.

European bureaucracy and red-tapeism is making rapid strides in our country, that will lead to the overthrow of democratic principles and may end in revolution.

By the extension of the so-called civil-service system to all branches and departments of government there is being built up a professional office-holding class who can never be got rid of.

The system promulgates its own rules and grows by what it feeds upon. It means once a government employe, always on the payroll. It means the

## The Way To Wealth

Benjamin Franklin said: "The Way to Wealth is as plain as the Way to Market." He gives these directions:

Be honest, work hard, save some. Excellent advice and the last is as necessary as the first.

Our Savings Department will help you save. It will take your savings in sums as small as one dollar and make them earn more. Interest compounded semi-annually at three per cent.

creation of a class above the reach of public sentiment.

Already there are being promoted schemes to put all the people employed under the civil service on the pension rolls after reaching a certain age—a system that is entirely un-American.

S. C. Bartrum, supervisor of forest reserves at Roseburg, asks us to publish the following as a matter of news, which we do with pleasure, to call attention to the system:

"The United States Civil Service Commission will hold an examination for the position of Forest Supervisor, at the following named places and dates, in the state of Oregon, to wit:

"Roseburg, Oregon, Oct. 16, 1905.

"La Grande, Oregon, Oct. 23, 1905.

"For full information relative to this examination address the United States Civil Service Commission, Washington, D. C."

By what is said above we mean no discourtesy to Mr. Bartrum, and no discourtesy to any department of the government.

We believe the civil service system should be limited to a very small number of occupations of a special character.

We do not believe that more than one-fourth of the employes in the postal service should come under its provisions.

Put all the employes in any department under the civil service system and that branch of the government is no longer American.

It cannot be reached by the citizen. It is not open to public sentiment or political influence.

Appointments are placed beyond the control of the official in charge of the service being rendered and he becomes a mere figurehead.

The system once under the civil service extends itself, can never be got rid of, each employe being beyond the reach of the citizen, and interested only in sustaining his department, increasing his salary, holding his job, regardless whether it is a department of any use to the people or not.

Reforms become impossible and the tendency of the whole system is to build up endless bureaus, irresistible red-tape methods, and the control of the people over their servants is gone.

We know it is plausible and popular to bow down to all that is done in the name of civil service regulations. But error is always plausible.

## STATE SOCIAL NEWS

Drain. Mr. and Mrs. Nier, accompanied by their two daughters, are visiting the Fair at Portland this week.

The Y. W. C. A. entertained the students of the Normal at Edwards' Hall last Friday evening. Progressive games were the program and first prize was won by Carl Hill and Miss Long, while the consolation prize was awarded to Mr. Burrows and Miss Moody. All attending report an excellent time. Light refreshments were served.

Mrs. Burroughs, of Cottage Grove, has moved to Drain to be with her son, Bert, who is taking the senior year in the Normal. She is accompanied by Miss Kate Finerty, who will also enter school.

Mr. and Mrs. J. G. Hefty have returned to Drain to spend the winter. Mrs. Hefty has accepted her old position as instructor of music in the Normal.

Mrs. Gustafson, of Gardiner, is visiting with her mother Mrs. Hefty this week.

Mr. and Mrs. J. A. Black visited the Lewis and Clark Fair last week. Mrs. Black was also a delegate to the W. C. T. U. convention at The Dalles. They report a delightful trip.

Professor and Mrs. O. C. Brown spent Saturday at their home at their home near Roseburg.

The Central Oregon State Normal School opened with 53 per cent larger attendance than last year. It has a large graduating class and has the promise of the most successful year of its history.

### THE VALUE OF CHARCOAL.

Few People Know How Useful It is in Preserving Health and Beauty.

Nearly everybody knows that charcoal is the safest and most efficient disinfectant and purifier in nature, but few realize its value when taken into the human system for the same cleansing purpose.

Charcoal is a remedy that the more you take of it the better; it is not a drug at all, but simply absorbs the gases and impurities always present in the stomach and intestines and carries them out of the system.

Charcoal sweetens the breath after smoking, drinking or after eating onions or odoriferous vegetables.

Charcoal effectually clears and improves the complexion, it whitens the teeth and further acts as a natural and eminently safe cathartic.

It absorbs the injurious gases which collect in the stomach and bowels; it disinfects the mouth and throat from the poison of catarrh.

All druggists sell charcoal in one form or another, but probably the best charcoal and the most for the money is Stuart's Charcoal Lozenges; they are composed of the finest powdered willow charcoal, and other harmless antiseptics in tablet form or rather in the form of large, pleasant tasting lozenges, the charcoal being mixed with honey.

The daily use of these lozenges will tell in a much improved condition of the general health, better complexion, sweeter breath and purer blood, and the beauty of it is that no possible harm can result from their continued use, but on the contrary, great benefit.

A Buffalo physician speaking of the benefits of charcoal, says: "I advise Stuart's Charcoal Lozenges to all patients suffering from gas in the stomach and bowels, and to clear the complexion and purify the breath, mouth and throat; I also believe the liver is greatly benefited by the daily use of them; they cost but twenty-five cents a box at drug stores, and although in some sense a patent preparation, yet I believe I get more and better charcoal in Stuart's Charcoal Lozenges than in any of the ordinary charcoal tablets."

A Pleasant Way to Travel. The above is the usual verdict of the traveler using the Missouri Pacific railway between the Pacific coast and the east, and we believe that the service and accommodations given merit this statement. From Denver, Colorado Springs and Denver there are two through trains daily to Kansas City and St. Louis, carrying Pullman's latest standard electric-lighted sleeping cars, chair cars and up-to-date dining cars. The same excellent service is operated from Kansas City and St. Louis to Memphis, Little Rock and Hot Springs. If you are going east or south, write for particulars and full information.
