## Young Republicans Meet

(Concluded from page six.)

should maintain its reputation for conservatism and reliability; that hasty and half-baked laws not only inure at home, but give the state an unenviable reputation, and drive from it the investor and the settler. That it is the sense of this assemblage that the Republicans of Oregon should be on their guard against fantastic and peculiar proposals for legislation under the initiative amendment to the constitution, especially as various schemes under the guise of remedial legislation are likely to be promulgated in the interest of the minority parties.

First—Such a proposal is that for ousting public officers by vote during their terms of office. A public officer rarely is elected without the opposition of a considerable minority of the voters, which can readily be increased to a majority in times of public excitement; and if the tenure of office is to be made uncertain and the office is likely to be vacated with temporary changes of public sentiment, the best persons cannot be secured for public office, nor will officers dare to act with courage and independence.

Second—The proposal to submit to the public, under the initiative, a scheme for giving members of minority parties representation in public office, without being chosen by a plurality of votes cast at public elections, should not have the countenance of Republicans. The principle that "the majority rules" has had trial in this country since before the creation of the government of the United States, and has proved to be just and fair, and to work well in practice. The attempt of those interested to force themselves into office by use of the initiative amendment to the constitution should be discouraged and voted down.

**FRANK C. BAKER.**  
Resolved, That we express our appreciation of the courtesy and wisdom of Hon. Frank C. Baker, chairman of the Republican state committee, in convening this conference; we have confidence that his action will result in permanent benefit to the party.
