FREED OF ARSON CHARGE

Rogoway Acquitted by the Jury at Albany on Third Ballot

"Not guilty" was the verdict of 12 men, selected carefully by counsel for the state and the defense, after a long and arduous examination, in the case of the state of Oregon against Oscar Rogoway, on the charge of arson. Thirty minutes only was the jury out to deliberate on a verdict, and so well satisfied were the jurors that only three ballots were required to arrive at a verdict, and on the first two of these a blank ballot or two were cast. As a result at 5:30 o'clock this evening, after being under bonds for nearly two years, and after being once convicted on the charge and sentenced to the penitentiary for five years, Oscar Rogoway was formally discharged as guiltless, under the orders of the court, and he stepped from the court house and hurried to his home to carry the welcome tidings to his mother and sisters, a free man.

W. C. T. U. Busy Today.

(Four O'clock Edition.)
Los Angeles, Cal., Oct. 28.—It being Carnation Day with the W. C. T. U., the futile efforts on the part of President Stevens to preserve order at the morning session resulted in the appointment of a sergeant-at-arms. Telegrams were sent to President Roosevelt, asking him to recommend the establishment of a department with authority to consider means and methods of protecting children and dumb animals, and expressing the gratification of the convention at the action of the President in the recent peace conference. It was voted to strike off 25,000 slips, being that part of President Stevens' annual address relating to the Gothenberg control of the dispensary system, in which it was declared to be one of the worst forms of license. This evening occurs the diamond medal contest, and Sunday prominent visitors will supply the city's pulpits. Children will rally to hear the annual convention sermon.

He left a note, stating his home was in Terre Haute, Ind., and his father's name was Chris Carroll. No reason was given for his self-destruction, only he had been despondent. A certificate of deposit of \$2000 with Ladd & Tilton, bankers of Portland, Or., and bank books on the Spokane and the Eastern Trust Co., and the Spokane and Canadian Bank of Commerce were found among his effects.

Had a Food.

After the performance of the Katzenjammer Picnic last evening a very interesting time was had by the company behind the curtain on the wide, roomy stage. Tables were placed, upon which all manner of good things were served. The spread was given by Miss Thompson, the director, and the Salem Woman's Club to the players, to show their appreciation of the untiring efforts of all to make the play a success. PRISON GETTING POPULAR

The criminal drag not made a hand today for the state penitentiary. The largest number of convicts ever received in one day came this morning to swell the population of the prison. In all ten were incarcerated, to spend terms varying from one to ten years, representing their various crimes.

Three of the prisoners received were Greeks from Roseburg, the rioters, who about two weeks ago terrorized the residents about Glendale, and necessitated the calling out of the militia. Two are up for ten years each, the third for three years.

The ten new arrivals makes the population of the prison 408, almost the record. The convicts and their crime and terms of imprisonment are as follows:

MYSTERY SURROUNDS SUICIDE

(Four O'clock Edition.)

Seattle, Wash., Oct. 28.—A mystery surrounds the suicide of Frank Hubbell, one of the most prominent real estate men and capitalists in the city last night, by inhaling gas. His bride of three months, who occupied a separate room in a fashionable hotel, discovered him unconscious on the floor of his room this morning. Hubbell worth half a million, and his financial standing was gilt-edge. He came from New York a few years ago. Three physicians failed to save his life, and he died at 10 o'clock this morning. No cause is known.
Hubbell, when found, had a gas tube in his mouth. Domestic and not financial troubles are believed to be the cause. Hubbell had under way some of the greatest public improvements in the history of the city, and was constantly drawing on Eastern capital to accomplish his plans.
