If a lady will take time to notice the White Rotary, examining carefully into the merits of the machine, noticing its easy, quiet running features, she will not fail to be favorably impressed. We want just that opportunity with every prospective buyer of a machine. The White has left out the troublesome things and profiting by the experience of others now hands the "sewing millions" something they have long wanted.

**When Knighthood Was in Flower.**

"Mary Tudor, the first lady in all England," was here last night. When the curtain went up on "When Knighthood Was in Flower," it was not a representation that delighted the audience, it was a renaissance. While there are good actors in the company, Mary Tudor dominates, and outshines them all, as the full moon the stars. Charles Majors drew the pictures, Roselle Knott breathed on them, and they lived. She does not set the part, for she is Mary Tudor reincarnate. And what a character, haughty yet humble, with her lover proud, unselfish, babbling over with mischief, touching in pathos, changing from laughter to tears, from frivolity to pathos, from teasing to worship, from helplessness to the highest bravery, and so natural and thoroughly womanly through it all, that the term "bewitching" can alone be used to describe. A typical April day with its sun and showers, its wind and warmth, its grass wet and heavy with

rain drops, and its flowers peeping in roguish beauty from unexpected nooks, could it be suddenly changed into its only prototype, a woman, it would be just such a one as Roselle Knott placed before a delighted audience last night.

**Inter-Church Conference on Federation**

New York, Nov. 15.—The most important interdenominational gathering of representatives of Protestant churches ever held in this country convened here this morning at Carnegie hall to consider the subject of forming a federation of all the Protestant churches of this country. There are about seven hundred delegates in attendance, representing twenty-seven Protestant denominations, numbering in the aggregate between 18,000,000 and 20,000,000 members of congregations.

For a number of years there has been a constant and gradual movement among the religious bodies of this country toward co-operation and federation; the desire for concerted action in Christian work with a view to the spiritual welfare of the whole nation. The movement found expression several years ago in the organization of the National Federation of Churches, an unofficial body which did a great deal to bring the various denominations into closer contact and to establish a better understanding between the various churches. The present conference is the first to which the various denominations represented in it have officially appointed delegates.

This conference is in no sense an attempt to bring the various religious bodies of the country into organic union. It is the hope of the leaders that the conference may create a permanent organization of the churches which will bring the various denominations into better and closer relations than ever before existed; an organization that will make it possible to voice the attitude of the United Christian churches on great questions, social, ethical, economic and religious.

Among the speakers who will address the conference are the foremost men in nearly every Protestant religious body in the United States. Among them are five bishops of the Episcopal church, six bishops of the Methodist church, three of the Methodist church South, two Moravian bishops and one each from the United Brethren, Reformed Episcopal and African Methodist bodies. There will also be many prominent laymen, among them Vice-President Fairbanks, Governor Higgins, Mayor McClellan, Justices Harlan and Brewer, of the United States supreme court, Secretary of State Root, Senator Beveridge of Indiana, Judge Grosscup of Chicago, Judge Gray of the United States circuit court, John W. Wamaker, and others of equal prominence. The colleges and universities will be represented among the speakers by Presidents King of Oberlin, Tucker of Dartmouth, Paunce of Brown, Hall of Union seminary, and Professor Van Dyke of Princeton.

Among the subjects which will come up for consideration and discussion will be the relations of a united church to evangelism, to the social order, to home and foreign missions, to religious education, and to the fellowship of faith, the essential unity of Christianity, the relation of the church to the national life, the kingdom of God, and the transcendent aim of the united church.

**TEDDY JR.'S ROOMS AT HARVARD**

President's Son Will Live in Claverly Hall, the Finest Dormitory.

Cambridge, Mass.—Room No. 15, in Claverly hall, the finest of the dormitories, has been engaged by Theodore Roosevelt, Jr., who is to be a Harvard man.

Claverly hall, in which young Theodore will live while in Cambridge, is a magnificent apartment house. His rooms are on the second floor and face on the interior court, and not on the street. Aldrich, son of Senator Aldrich of Rhode Island; Ogden Mills, of the New York Mills family; Robert Jordan, son of Eben D. Jordan of Boston, and Drexel Paul, of Philadelphia, member of one of the leading society families of the Quaker city.

Harvard has enrolled a goodly number of Groton boys, that famous preparatory school being considered one of the principal tributary institutions. The Groton graduates are paving the way to popularity for young Theodore, and if half of their praise is merited he will make many friends here. Their estimation of his personality is tersely put by one of them, who calls "Teddy" an "average boy, decent scholar and little gentleman."

Young Roosevelt will be the first boy to enter Harvard from the White

**"A Broken Heart" Greatly Liked.**

Everywhere it has been presented "A Broken Heart" has found instant favor with its audiences. There is so much of human interest in the play that deals with the errors, reformations and goodness of life, that it appeals to all. It shows throughout a deep study of the motives and impulses natural to all, and the sympathy of its hearers is at once enlisted and retained during the entire performance. There is no way in which a life story can be told so well as in the melodrama, for there is represented the realities in all their phases. There is the touch of comedy that brightens the lives of all of us, so we may also bear the sorrows and disappointments. Life itself is a melodrama. "A Broken Heart" teaches a lesson to all. To each class of people it appeals in a different way, thus is its popularity earned.

"A Broken Heart" will be the opening bill to be presented by The Greater New York Empire Theatre Company, who are to play a three-days' engagement at the Grand Opera House, starting tomorrow (Thursday) evening, at popular prices of 40c, 30c, 20c and 10c.

Their motto, "Price of admission most cheerfully refunded if entire satisfaction is not given," will be strictly adhered to during their engagement.
