A Knowledge of Fitting Shoes Is as Essential as Good shoes

It seldom follows because a salesman consumes a great deal of time fitting your feet that he is taking an unusual amount of care. It is far more reasonable to believe he is lacking in foot knowledge. Did he possess that thorough understanding that is most requisite to success, he would at once diagnose your requirements for shoes, as your doctor would if you were ill. That knowledge which our shoe men possess will save you much time and trouble.

RUSSIAN MOBS LIKE KLADIVOSTOK

Hundreds are Killed, Town in Flames and Ships Crowded With Refugees

(Four O'Clock Edition.)

St. Petersburg, Nov. 15.—A telegram just received from Vladivostok says the whole town and port are burning, and the greater part of the place is already consumed.

Vladivostok, Siberia, Nov. 15.—The situation is desperate. Mobs practically control the city, and looting is unabated. The flames are spreading, and famine threatens. Vessels in the harbor are crowded with refugees, who are afraid to stay ashore. During the first days of the rioting 300 rioters, mostly sailors and artillerymen, were killed or wounded. It was started by malcontent reservists.

Isle of Pines and Cuba.

Havana, Cuba, Nov. 15.—Government officials do not regard as serious the reported attempt of Americans on the Isle of Pines to establish a territorial government. The official says: "Should the officers of the proposed territorial government of the Isle of Pines attempt to assume offices they would be promptly arrested." Cuban rural guards will be sent to the island, prepared for any emergency.

HYDE TALKS STRAIGHT

But Every Witness but Adds to Tale of Graft and Incompetence

New York, Nov. 15.—Hyde was a witness again this morning. The room was crowded with spectators. He said he had received several offers for his holdings of stock last winter. Gould, Frick and Harriman had made offers, but he refused them and thought it best for the interests of the society not to sell. Regarding the shipbuilding trust, he said: "I had no interest in the company in any way, nor did the Equitable."

Hyde read a long statement regarding the leases which Hendricks charged the Elder Hyde had made for his pecuniary benefit. Hughes interrupted him, and caused the statement to be recorded without being read, because Hyde admitted that he had not prepared it himself.

George H. Squire, Jr., a broker and son of a former financial manager of the Equitable, testified to purchases of stock for the Equitable, and allied tributary concerns. George M. Jenkins, former president of the American Deposit and Loan Company, testified along the same lines.

E. H. Harriman was called to the witness stand at 2:40 this afternoon, and Governor Odell has requested Armstrong to call him as a witness, and asked for an opportunity to reply to the statements made by Hyde.

Hyde was closely questioned regarding his various stock transactions, and made a good witness in his own cause. He said at the time of the investments in question were made his father did not own a majority of the Equitable stock. He said William H. MacIntyre told him so. MacIntyre, said he, is in Massachusetts.

Harriman said he did not remember to whom he applied for a loan of \$2,700,000 from the Equitable. He declared no favoritism was shown in the matter of interest rates.

Harriman told how he offered representatives of Hyde participation in about 5 per cent of the Union Pacific syndicate in 1902, and said he was never consulted by the Equitable regarding stock prices. He was not aware the Equitable frequently bought stock in his companies from syndicate managers, and knew of no money paid to prevent hostile legislation. He said he had an interview with Hyde in regard to the ship building trust. Hyde told me Odell's suit against the Mercantile Trust Company would open the way for other suits, and asked me to use my influence to prevent it. I advised Hyde to settle for \$75,000. I never discussed pending insurance legislation with Odell. He said Hyde spoke to him about the ambassadorship to France. He promised to see the President. He saw the President, but did not recommend Hyde.

LANKY BOB TO FIGHT

Will Meet Jack O'Brien in San Francisco for Worlds Championship

(Four O'Clock Edition.)

San Francisco, Nov. 15.—Sentiment and not money, Robert Fitzsimmons says, was the motive that induced him to sign articles to fight "Philadelphia" Jack O'Brien, in this city next month, for the heavyweight championship of the world.

"It is not money I am after," said Fitz this morning. I want the press and public to recognize me as the heavyweight champion of the world. That is what I will be when I get through with Mr. O'Brien."

Fitz said this would be his last fight. The articles call for a fight between the 20th and the 31st of next month. The fighters are to receive 60 per cent of the gross receipts on the basis of 75 and 25. Fitz says he is willing to make it the winner take all, and, in addition, will post a side bet of \$3000. Fitz will have a conference with O'Brien and Eddy Graney, who is looking after the match, some time this afternoon. The conditions are the principals are each to post \$2500 forfeit money, the club to deposit an amount double that sum. Fitz will probably train at San Jose.

SECURING TALLY SHEETS

(Four O'clock Edition.)
New York, Nov. 15.—Hearst's lawyers are securing court orders requiring the production of the original tally sheets. They declare they are certain to find discrepancies.

ALASKAN CONVENTION

(Four O'Clock Edition.)
Seattle, Wash., Nov. 15.—The convention of Alaskan delegates met at the Hotel Butler this morning. A. J. Cross, of Council City, was made preliminary chairman; A. J. Fritz, Nome, preliminary secretary. Chairman Cross placed the question of appointing a temporary chairman, disregarding the question before the house. Delegates plunged into the question of eligibility of proxy delegates. After a lively tilt, the election of a temporary chairman was again placed before the house. A general split up followed, resulting in Sam Archer, of Nome, defeating E. V. Nye, of Fairbanks, by four votes. Half the Nome delegation favored Nye, and the southeastern delegates wanted ex-Governor Swineford. In justice to Alaska, the convention decided not to go further until delegates now on their way arrive. Adjournment was taken until 2 p. m.

California Cities.
Chico, Cal., Nov. 15.—The league of California municipalities met in convention at 10 o'clock this morning. The address of welcome was made by Mayor Clark and response by President J. J. Hanford, of San Bernardino. Secretary Mason made a detailed report of the year's progress throughout the state and the part the league had taken in securing better laws, the oiled roads decision in the Los Angeles federal court, and its helpfulness to cities in making improvements. The expenses of the league for the year were \$1500, with \$73 on hand. Delegates making reports show splendid progress. Thirty-two cities and towns reported today, and more are coming tonight. Governor Pardee will address a meeting of the league and citizens tonight. The sessions will close Friday.

Married at Albany.
Miss Winifred P. Longbottom and Mr. S. C. Worrell were married at their own new home at Albany Tuesday evening at 8 o'clock, Rev. White, of the Presbyterian church, performing the ceremony. Quite a number of the relatives and friends were present. The bride is an accomplished musician, and has a wide circle of friends. She is also well-known here, having been a graduate of the Northwest College of Music, under Dr. Parvin, and has taken part in a number of recitals here. The groom is a salesman in LaSelle Bros.' store at Albany.

WOMAN SUFFRAGE MATTERS

An initiative petition, to be signed by registered voters who favor female suffrage, is being circulated today in Salem. Up to noon 200 names of Marion county voters had been secured, and these were turned into the county clerk for certification.

Clara Bewick Colby, editor of the Woman's Tribune, of Portland, and a prominent suffragist, is circulating the petition. She came to Salem yesterday, and is thoroughly pleased with her success in the city.

It is the intention of the Oregon Equal Suffrage Association to bring, through the medium of the initiative, the woman suffrage question before the voters of the state at the next election. For that purpose they are now busy circulating a petition to secure the 8000 names required by the initiative and referendum law. To make sure, however, of having the requisite number of legally registered voters as signers of the petition, the association intends to secure 12,000 signatures. As fast as these are collected they are sent into the county clerks of the various counties in the state for certification.

The petition that is being circulated in this city will be offered for signature by Miss Colby until tomorrow evening, when she expects to return to Portland.

Objects to Water Appropriation.

A. M. Drake, of Bend, appeared before the clerk of the state land board this afternoon and filed objections to two water rights for water from the Deschutes river, which were recently filed with the state engineer by the Deschutes Irrigation and Power Company. Mr. Drake, in his objection, alleges that if the company is allowed to take the water asked for it will destroy his power right at Bend, and make all power rights on the river uncertain and under the control of the company, and shut out the government from ever doing any reclamation work. Before filing his objections he looked over the filings of the Deschutes Irrigation and Power Company, and he declared them to be illegally drawn.
