May Canonize Columbus.
Rome, Nov. 21.—The matter of the canonization of Christopher Columbus, which has been under consideration in the congregation of rites for some time, will be given a new impetus by the express order of Pius X. Next May the fourth centennial of the death of Columbus will be celebrated under Spanish initiative and it is considered desirable at the Vatican that his canonization shall be coincident with the anniversary. Thousands of bishops from all over the world have petitioned the Vatican to have the canonization of Columbus considered by the congregation of rites. A work published under Pius IX., designed to prove that Columbus was the father of an illegitimate son, caused a temporary stay of the cause of canonization, but it was resumed under the late pope. Pius X., soon after his election, received a memorial from many Italian bishops, headed by the Archbishop of Turin, asking for a new consideration of the case, and the pope has now given orders that a definite decision must soon be reached.

A Question of Color.

Asheville, N. C., Nov. 21.—The trial of the mandamus suit, which Robert Gilliland had instituted to compel the Buncombe county board of education to admit his six children to the public schools of the county, was opened here today. The children had been dismissed from a county school on the allegation that they had negro blood in their veins. The case has attracted a great deal of attention in this and other southern states and promises to be highly sensational. Gilliland claims that his ancestry can be traced for a hundred years. Should the suit be decided in favor of Gilliland the result will affect about 500 persons living in Buncombe, Madison and Henderson counties.

The Telephone an Old Invention.

London, Nov. 21.—News has just been received here that an English officer in Hindoostan has discovered that many ancient Indian temples in out-of-the-way places were connected with each other by metallic wires and a kind of telephone. Through archaeological investigations the same officer has discovered that practical telephonic communication something like that of the present day, was known to the inhabitants of India more than 2000 years ago.

YELLOW PRESS DENOUNCED.

Catholic Priest of Omaha Says It Is "Unqualifiedly Bad."

Rev. Father Ryan devoted part of his sermon at the 9 o'clock mass at St. John's Collegiate church in Omaha recently to denouncing yellow journalism. He pronounced yellow newspapers, as the term is commonly understood, as "unqualifiedly bad." He declared they should never be taken into the home, and the parents who permitted their children to read them, most particularly the Sunday issues, were guilty of a fault little short of a crime.

"A person does not need to go to yellow journals for any information that is worth having," said Father Ryan. "There are plenty of other newspapers of restraint and decency that contain all the real news and opinion of the day. The ideas of murder, arson, and adultery so constantly and vigorously exploited by the yellow press cannot fail to have a bad effect on the readers. I am at a loss to understand why people subscribe to them at all. What does it matter to you or me if we do hear of some detestable crime or perversion of morals happening in some far off corner of the earth? "The mind of the child is peculiarly susceptible to the kind of matter made the most of in the yellow press. If you yourself must read this kind of a newspaper, for pity's sake arrange so that your children cannot do so." The sermon concerned dangers to faith and moral through improper reading.

Faith and Fact.

Faith is one thing and fact is another. It sometimes takes any amount of faith to produce one fact. Years of earnest work and faith have produced one fact about medicine that is deserving of mention here. If people who are troubled with general weakness through overwork, dissipation or exposure can get a remedy that will make rich red blood from the food they eat, their return to health is assured. Good blood is the life of the body as well as the nerves. Weak, sickly, pale people who suffer with indigestion, dyspepsia, sick headache, loss of strength and ambition, having dizzy spells and always tired, can be cured sound and well with Dr. Gunn's Blood and Nerve Tonic. Sold by druggists for 50 per box, or 3 boxes for \$2. This Tonic acts in a common sense way, curing disease by giving strength or resist it.

Old Printing Press.

The ancient Days printing press, which up to a recent date had been in use at Harvard University, is now on exhibition in the rooms of the Vermont Historical Society at Montpelier. This press has seen service since 1638 and was the first instrument of its kind in use in the colonies. It was brought from England and set up in Cambridge, Mass., the same year that John Harvard founded the university that bears his name. Stephen Dye saw prospects for the establishment of a prosperous printing business in the colonies, and with such plans in view he left England and set himself up in the college town.

The first American books, the earliest editions of state laws, colonial money and early newspapers were printed upon this ancient press, and for more than 150 years it has remained in fairly good condition.

The Katzenjammer Picnic will come off at Albany Wednesday night.

IT TAKES TIME, REPETITION AND common sense arguments to make people believe in buying your goods and come back for more. Too many advertisers empty their appropriation sand boxes on the first grade, and the road to advertising success is strewn with the bleaching skeletons of the victims of one insertion.

John Wannamaker once said, "To discontinue advertising is like taking down your sign."

You have a sign above your door to let people know who you are and what you are doing. That's what your advertising does. It merely multiplies your sign. It lets thousands of people know what you have to sell.—M. L. Corey, Secretary National Retail Hardware Dealers' Association in Retailers and Advertiser.

Keep your ad. in this paper if you wish to keep your business before the people.

WARD OFF DISEASE

By fortifying your system with a reliable blood medicine. An alcoholic stimulant would do more harm and the reaction would leave you nearer complete prostration than ever before.

With stomach and blood in good order you can fight the battle of life successfully against all odds. GOLDEN SEAL ROOT (Hydrastis), is a famous remedy for dyspepsia, and QUEEN'S ROOT (Sida), has a direct action in promoting the renewal of the blood. Both of these are used in Dr. Pierce's Golden Medical Discovery in such a way, by skillful extraction, combination and solution without alcohol, that their best effects are secured.

Many years of actual practice convinced Dr. Pierce of the value of many native roots as medicinal agents and he went to great expense, both in time and in money, to perfect his own peculiar processes for rendering them both efficient and safe for continuous use as tonic and rebuilding agents.

The enormous popularity of "Golden Medical Discovery" is due both to its scientific compounding and to the actual medicinal value of the ingredients. The publication of the names of the ingredients on the wrapper of every bottle hereafter to be sold, gives full assurance of its non-alcoholic character and removes all objection to the use of an "unknown remedy."

THE ORIGINAL LITTLE LIVER PILLS. First put up by old Dr. Williams' R. V. Pierce over 40 years ago. Much imitated, but never equaled. Little pill, little dose, but give great results in a curative way in all derangements of Stomach, Liver and Bowels.

"Common Sense Medical Adviser" will be sent free, paper-bound, for 21 one-cent stamps, to pay the cost of mailing only, or cloth-bound for 31 stamps. Address Dr. R. V. Pierce, 663 Main Street, Buffalo, N. Y.

The Chrysanthemum show, which was to have been given at Corvallis this week, has been declared off on account of the recent frost, which was heavy in that section, and destroyed a great many of the blooms.

Where are you sick? Headache, foul tongue, no appetite, lack energy, pain in your stomach, constipation? Hollister's Rock Mountain Tea will make you well and keep you well. 25 cents. Dr. Stone's Drug Store.

WINTER RATES TO YAQUINA BAY

Oregon's Greatest Recreation and Health Resort at the Newport Beaches.

As a winter health and recreation resort Newport is the one par excellence. Recognizing this, and wishing to give the people an opportunity to breathe the fresh, pure ozone of the ocean, the Southern Pacific and Orvallis and Eastern railroads will resume the sale of tickets through Yaquina bay Saturday, October 21, and will sell same throughout the winter and spring on every Wednesday and Saturday.

The rates will be the same as during the summer and will be good for return 30 days from date of sale. Dr. Minthorn's Sanitary Sea Baths will be in operation during the entire winter, and treatments will be given daily. Hot and cold salt water baths can be taken every day in the saltarium, and for anyone desiring rest, recreation and health, no place on the Pacific Northwest can be found equal to Yaquina bay.

Other Health Resorts Closed.
During the winter nearly all other health resorts are closed or difficult to reach, and none of them have the advantages of Newport and vicinity as regards climate, points of interest, recreation and amusement. For parties desiring to enjoy fishing, hunting, or seeing the ocean in sunshine and storm this famous resort is unequalled. The surroundings are ideal—beautiful scenery, climate mild, healthful and invigorating.

Cottage and Rent Cheap.
Neat clean cottages, either furnished or partly so, can be rented in the immediate neighborhood of the sanitary baths at about \$5 per month. Plenty of fresh milk, vegetables, honey, fruit, and all household necessities can be obtained at the lowest possible cost while all kinds of fish and the finest rock oysters can be had in abundance for the trouble of securing them.

People troubled with the loss of appetite, insomnia, rheumatism or run down from any cause, will find Newport an ideal place to regain their health and vigor, or for rest and pleasure.

Full information as to rates, checking of baggage, etc., can be obtained from any S. P. or C. E. agent, or from A. L. Craig, general passenger agent S. P. Co., Portland; or J. C. Mayo, general passenger agent C. & E., Albany, Oregon.

Rates from Salem to Yaquina, \$4.50.

For Destitute People.
Any one having any cast-off clothing for destitute families will kindly leave them at Mrs. E. A. Croasman's, 430 Winter street, for the Woman's Relief Corps, to distribute.

Final Account Approved.
The final account of C. H. Morris, administrator of the estate of Jas. M. Morris, deceased, was approved by the county court yesterday.
