## RIOT IN MISSOURI PRISON

**With Gun at Driver's Head, Three Prisoners Drive Through the Streets - Officer Killed**

(Four O'Clock Edition.)  
Jefferson City, Mo., Nov. 24.—At 3 o'clock this afternoon a riot broke out in the Missouri penitentiary. Warden Hall and Yardmaster Gilvin are on the road to Leavenworth Kan., with federal prisoners, who were ordered by the government taken from here to that place. Help has been called for from the citizens, and they are responding promptly. The whole city is terrified. Three prisoners are riding through the streets in a wagon, followed by citizens, who are firing. The prisoners in the wagon are holding the driver, a citizen, at bay with a 44 gun at his head. As the reporter filed this dispatch the prisoners fired at him, the convict's bullet going just over his head. No one can shoot at the prisoners in the wagon without killing the driver. Captain H. W. Allison, in charge of the prison commissary, is reported to have been killed.

The prisoners blew their way out with nitro glycerine, which they put into the big wagon entrance to the penitentiary. B. W. Allison is barely alive, John Clay, a guard, is dead, Deputy Warden See is seriously shot. Only five prisoners escaped through the hole.

One of those who escaped has been killed by a guard, and Houck McHenry, general agent of the Missouri Pacific, captured another, after shooting him in the wrist.

An unusual record of potato digging has been discovered at Coos bay, S. C. Rogers, who owns a farm near Marshfield, was using a new four-horse potato digger, and, with 15 men employed at picking up, 1120 bushels boxes, were turned out in one day.

Charles Kane, a miner, dropped dead on the streets Sunday, at Gold Hill, of rheumatism of the heart.

## FAMOUS ACTOR DEAD

Butte, Mont., Nov. 24.—Daniel E. Bandman, aged 66, the best known character in the Northwest, dropped dead last night at his ranch, four miles east of Missoula, of acute indigestion. Bandman was a Shakespearean actor of note, once famous the world over and starred all parts of the Northwest. He was in born in Cassel, Germany. His wife was Lady Miellesene, once a famous London actress.

**Will Honor Judge Jenkins.**  
Milwaukee, Wis., Nov. 24.—The Milwaukee Bar association will make its annual banquet, which will be held at the Plankinton hotel this evening, a commemoration of the retirement of Judge James G. Jenkins from the United States circuit court. President Julius E. Roehr will preside at the banquet and Judge Jenkins will be the principal guest of honor. Among those present will be Judge Peter S. Grosscup and Judge Baker of Chicago, Judge W. H. Seaman of Sheboygan, Judge J. V. Quarles of Milwaukee, former Judge Romanzo Bunn of Madison and Joseph G. Donnelly. Nearly all of them will be among the speakers of the evening. It is expected that there will be about 200 at the banquet.

**Will Forfeit Patents.**  
(Four O'clock Edition.)

Helena, Mont., Nov. 24.—U. S. Attorney Beach today instituted equity suits, in the federal court against a number of Montana corporations and individuals to set aside 25 patents to 4000 acres of land secured upon what is known as the Hyde and Benson forest reserve scrip, alleging fraud.

The land is located in various parts of the state, and is very valuable. Among the defendants are Hyde and Benson, of California, at present under indictment; Senator Clark's Western Lumber Co.; the Amalgamated Copper Co.; the Big Blackfoot Milling Co.; the Conrad Investment Co., former Senator Hobson and others. The marshal is now serving the various defendants.

## GROWS STEADILY WORSE

**The Insurance Investigation Shows Graft in Every Department**

New York, Nov. 24.—Gerald R. Brown, was recalled to the stand in the insurance investigation this morning. He produced a list of the tenants of the Equitable building in this city. He said the Equitable Trust Company pays \$20,000 a year rent, and that \$30,000 would be only an adequate rental. Brown said that after the committee had completed its work something would undoubtedly be done to secure an adequate sum. He said probably all the other tenants paid fair rentals. Hughes questioned him concerning other real estate matters of the Equitable. The testimony developed the fact that \$52,000,000 of insurance was carried and handled by the Continental Fire Insurance Company, at the direction of James Hyde, who is a director in the Continental.

Francis W. Jackson, auditor of the Equitable, testified he never, until the investigation, heard of the "George B. Squire trustee" account, nor of the "James W. Alexander No. 3" account, because they were not carried on the company's books, of which he had control.

Milton M. Madison, one of the auditors of the New York Life testified about the syndicate operations, and discussed particularly its participation in the United States steel syndicate in 1903, managed by J. P. Morgan & Co., of which Perkins was a partner. Its participation was taken from the New York Security and Trust Company, which kept a quarter of the profits made in the underwriting.

## BODY FOUND IN TRUNK

**Dastardly Crime Revealed by Discovery in New York Capital.**

Albany, N. Y., Nov. 24.—A murder committed nearly two weeks ago and probably ghastly in its details was discovered here yesterday, when the badly decomposed body of Mrs. John Hammond was found wedged in a trunk in a second-story room of her home. The trunk stood in the fireplace, and the body within was sprinkled with chloride of lime. The disinfectant was sprinkled liberally through the three rooms comprising the flat, and the cover of the trunk was propped open, with the evident idea of having the odors of the decomposition escape up the chimney.

John Hammond, the woman's husband, has not been seen for nearly two weeks. He is 25 years old, a cabinet-maker. The dead woman was 57 years old. She had been first badly beaten, and then strangled to death. The body was fully clothed, excepting shoes, and was doubled up in a sitting posture, with the face down upon the knees. The body was bound in this position with a clothes line.

## The Gardner-Sullivan Fight.

San Francisco, Cal., Nov. 24.—The 25-round fight between Jimmy Gardner and Mike (Twin) Sullivan, which will take place here this evening, has attracted several hundred sporting men from all parts of the country. It is expected to be one of the most interesting events held here this season. The two fighters, both of whom have good records, are to meet at catch weights. Both are expected to be near the 140-pound mark when they are weighed in and both seem to be in excellent condition for the battle.

The murderer was arrested.

**Old Ship Caught Caught Fire, and Shipping Was in Great Danger.**

London, Nov. 24.—The old 74-gun frigate, *Porte*, built in 1812, was sunk in the Medway Thursday by shells fired by the British gunboat *Bustard*.

Fire broke out this morning on the *Porte*, which had been used as a coal depot, and 2000 tons of coal were soon ablaze. The firemen were unable, owing to the heat, to get close enough to deal with the flames, so the shelling was resorted to, in order to prevent the fire from spreading to neighboring piers.

## Making Bids for Franchise.

New York, Nov. 24.—The board of estimates met today in public session to give a public hearing on the various offers received for the Port Chester railroad franchise. There are several competitors in the field and all of them are represented by counsel. The city demands \$15,000 a year for the first ten years and \$35,000 a year for the last fifteen years of the franchise. In addition it demands that the company pay 10 per cent per lineal foot of single track within the city limits for the first ten years and 20 cents a foot for the last fifteen years.

## THAT BURTON CASE

St. Louis, Nov. 24.—Burton took the stand in his own behalf. He was cross-examined concerning the damaging testimony of Chas. M. Brooks yesterday. Burton admitted all the particulars pertaining to his retainer as an attorney for the Hinto Company. He said he visited the postoffice department, but each time explaining that he was not there to prevent any contemplated action, but merely in the interests of his clients in any criminal proceedings that might be brought. The defense rested, and the court adjourned for lunch. The arguments will be made this afternoon.

## TOOTHLESS HARROW

Such an agricultural implement is about as useless on a farm as a toothless patron at a boarding house, but the pulling or replacing of harrow teeth without pain is no more difficult than the extraction of human teeth with comfort. This is done all the time at the up-to-date dental parlors of Dr. B. E. Wright. In addition to painless work you get an opportunity at one of those elegant gold watches Dr. Wright is going to give away. Inquire about it at his office in the Steinloff block, Salem.
