LAKES SWEEP BY GALE

Hardest Storm in Thirty Years Creates Havoc With Lake Shipping

Superior, Wis., Nov. 28.—The steamer Crescent City is ashore near Duluth in a furious storm, in which it is reported that many craft went ashore on the coast of Lake Superior. The lake was swept by a terrific blizzard, un- equaled in 3 years. Wires are all down. It is expected that the loss to shipping will be terrific. The city is literally snowed in. The wind blew 70 miles, and shows no signs of abate- ment.

Superior, Wis., Nov. 28.—The Cres- cent City, a steel freighter, is a total wreck. Her crew was saved.

Milwaukee, Wis., Nov. 28.—Reports tell of a general storm over the state, the Michigan coast and Northern Mich- igan. It is expected that the loss to shipping will be tremendous, and it is probable that many lives have been lost on the lakes. At this place the concrete breaker was damaged, and the lighthouse washed away. At Sheboygan many vessels were torn from their moorings, and two tugs were dashed against the bridge and wrecked. A big vessel is pounding ashore off Port Washington.

(Four O'clock Edition.)
Milwaukee, Wis., Nov. 28.—The en- tire northern part of the state is snow- bound. The steamer Appomattox, which has been aground for several weeks at Fox Point, has broken up and disap- peared.

Many vessels were driven ashore on Lake Huron. The City of Holland is ashore at Rogers City; the Vinland sunk at Alpena; the Harvey Bissel is broken up near Alpena; the Spanling is ashore above Fort Gratiot, and an unknown steamer is ashore on Presque Isle. Great loss of life is reported. Many American vessels are weathering the storm in Canadian ports.

Another big steamer has gone ashore near Superior. She is 400 feet long, and is thought to be the England.

In Russian Prison.
(Four O'clock Edition.)
Victoria, B. C., Nov. 28.—According to the story of Finlay, a young Victor- ian, who has just reached home after serving some time in a Russian prison, four white men are serving a term of imprisonment in a Russian prison on the Amur river. They were caught a year ago raiding Robham Island from the schooner Diana, and sentenced to the year and four months. They are Captain Thompson and George McCam- bish, of California; Joe Knapp, of Washington, and Ed. McNeill, of Victo- ria. The Japanese on the same schooner were taken to the same prison as Finlay, to whom they told the story. The Diana was believed to have been lost at sea.

Kaiser a Good Talker.
Berlin, Nov. 28.—The Kaiser opened the Reichstag today. During his ad- dress, in which he dwelt upon the peace between Russia and Japan, he said it was with unbounded satisfaction he was able to record Roosevelt's success- ful efforts.

St. Petersburg, Nov. 28.—Admiral- es may two revolutionary ships have sailed from Sebastopol for Odessa. The Odes- sa batteries are manned and are pre- paring for defense. Sailors ashore at Sebastopol liberated Lieut. Schmidt, who was in prison accused of being a rebel sympathizer. Schmidt went aboard the cruiser Orskoff, and as- sumed command of the squadron. The governor ordered the ships to leave the harbor, but Schmidt refused to obey, and notified the governor that if any of the sailors under arrest were court- martialed he would bombard the city. Schmidt's offense was placing wreaths on the graves of sailors killed in the mutiny last July.

Cuba Holds Isle of Pines.
Washington, Nov. 28.—Secretary Root has written Chas. Bayard, presi- dent of the American Club of the Isle of Pines, that this government has no claim to the island, and there are no means by which the inhabitants can set up a territorial government legally. He tells Bayard he expects to urge the confirmation of the treaty.

ANOTHER FOOTBALL VICTIM

Sedalia, Mo., Nov. 28.—Robert Brown, aged 16, died this morning from football injuries.

LOST IN THE MOUNTAINS

Basin, Mont., Nov. 28.—J. H. Bule, a well-known mining man, of Basin, got lost in the mountains while hunting last Friday, and it is believed that he has perished from the extreme cold. Two searching parties are out looking for him.

KILLED A NEGRO

Bloomington, Ind., Nov. 28.—A posse this morning surrounded and shot to death a negro who yesterday fatally wounded John Waltz.

PRESIDENT STANDS PAT

Washington, Nov. 28.—It is learned today that the principal subject at the White House conference last night be- tween the President, Garfield, Root, Taft and Knox was railroad rate regu- lation, and the President is determined not to recede from his position on it. He urges the passage of a law as outlined in his Raleigh speech, and will not listen to any proposition to com- promise.

A DELEGATE FOR ALASKA

Washington, Nov. 28.—Congressman Cushman, of Washington, has talked to the President about the needs of Alas- ka. "I will reintroduce my bill pro- viding for a delegate for Alaska," said Cushman, "and I am sure congress will pass it. The bill passed the house twice, and its strongest opponent in the senate, Platt, of Connecticut, is now dead."

St. Petersburg, Nov. 28.—Admiral- es may two revolutionary ships have sailed from Sebastopol for Odessa. The Odes- sa batteries are manned and are pre- paring for defense. Sailors ashore at Sebastopol liberated Lieut. Schmidt, who was in prison accused of being a rebel sympathizer. Schmidt went aboard the cruiser Orskoff, and as- sumed command of the squadron. The governor ordered the ships to leave the harbor, but Schmidt refused to obey, and notified the governor that if any of the sailors under arrest were court- martialed he would bombard the city. Schmidt's offense was placing wreaths on the graves of sailors killed in the mutiny last July.

MAY TAKE ODESSA

St. Petersburg, Nov. 28.—Admiral- es may two revolutionary ships have sailed from Sebastopol for Odessa. The Odes- sa batteries are manned and are pre- paring for defense. Sailors ashore at Sebastopol liberated Lieut. Schmidt, who was in prison accused of being a rebel sympathizer. Schmidt went aboard the cruiser Orskoff, and as- sumed command of the squadron. The governor ordered the ships to leave the harbor, but Schmidt refused to obey, and notified the governor that if any of the sailors under arrest were court- martialed he would bombard the city. Schmidt's offense was placing wreaths on the graves of sailors killed in the mutiny last July.

ROANOKE HAS VERY CLOSE CALL

Eureka, Cal., Nov. 28.—Shortly af- ter 4 o'clock Monday afternoon the steamship Roanoke, Captain Dunham, on her way from Portland to San Fran- cisco, was sighted off the harbor here flying distress signals. The big vessel, carrying a heavy passenger list and a big cargo, had broken her steering gear, and was drifting helplessly in the trough of a heavy sea. The wind had lashed the sea into a fury, and the steamer floundered as though she would plunge to the bottom at any moment. The tug Ranger was immediately dispatched to the aid of the Roanoke. The Ranger picked up the life-saving crew and hastened to the stricken ves- sel. It was a dangerous trip, as the storm is one of the most severe of the season. The Ranger was able to reach the Roanoke and get a line aboard. The return trip was then begun, and at midnight the tug was struggling with her heavy tow.

If the storm does not increase the Ranger will, in all probability, bring the Roanoke safely to port in the early morning. The waterfront is lined with anxious people who have friends and relatives aboard the Roanoke. The steamship company is of the opinion that a disaster will be averted. The Roanoke belongs to C. P. Doe & Co. She runs in opposition to the Pacific Coast Company's vessels, and calls at San Francisco, Eureka, Coos Bay and Portland.

PROPOSE BIG GAME PRESERVE

Butte, Mont., Nov. 28.—A four-mil- lion-acre game preserve, embracing the finest big game hunting grounds in the West, is proposed by Game Warden W. F. Scott, of Montana, and Warden Stev- ens, of Idaho, who head the plan which will be presented to the next congress. The proposed reserve covers several hundred miles of territory adjacent to Lolo Pass, which leads into the Idaho paradise. Hundreds of elk, moose, bear and deer are found in this section. The proposed reserve will be the larg- est in the world.

NO SEA LEVEL CANAL

Washington, Nov. 28.—The President has definitely decided to favor the con- struction of a lock canal.

CLOT ON HIS BRAIN

Annapolis, Md., Nov. 28.—Dr. Jas. D. Gatewood, naval surgeon, reported the result of the Branch autopsy to the Meriwether court-martial this morning. The autopsy showed that Branch died from a clot of blood on the brain. All the organs were sound except a slight affection of one kidney. Dr. Gate- wood gave the opinion that repeated fist blows might have caused the clot, but it was more likely that it was caused by a fall to the floor.

SEBASTAPOL MUTINEERS

The awful reports coming from the direction of the Black Sea fleet, and the consequent results, may mean great changes in the map of the world, and likewise some of the outbreaks in the teeth of humanity may mean changes in the maps of their faces, if they are not checked in time. The most important thing in the facial expression of the peo- ple is to have the teeth promptly and properly cared for. Dr. B. E. Wright attends to these matters just as they should be. Call at his office, and learn about those elegant gold watches he is about to give away. Stensloff Building.
