WOMAN HOLDS THE CAR

Goes Insane, Drives Out Passengers and Refuses to Let Any One Enter

Girard, Kan., Dec. 4.—A woman arriving on the cars Saturday went suddenly insane, and, with a revolver drove all the other passengers from the cars. She is supposed to be Mrs. Ina Berry, and that she was the wife of Captain Berry, who shot himself a few days ago on receiving the news that the President had confirmed the court martial findings, which were that he dishonorably discharged from the army for attempting to assault a brother officer's wife.

Saturday night a dummy was fixed up and moved toward the door of the toilet room, which she has been using as a fort, and she fired a shot from above the transom, striking the dummy squarely on top of the head. The ruse was repeated, but she could not be induced to shoot at it again.

Girard, Kan., Dec. 4.—The alleged insane woman, supposed to be Mrs. Anna Berry, is still in possession of the car this morning. Sheriff Walsh and Deputy Meriwether entered the car this morning, but could not approach the woman, who aimed a revolver when the men neared the door of the chamber in which she is barricaded. The only concession she made was to allow the officers to stuff pillows into the broken windows, but refused to accept their offer to build a fire. The woman looks weary and worn. The officers are unwilling to use force, and have settled down to a game of freecost. The closest clue to her identity is a photograph taken in Spokane and letters.

(Four O'clock Edition.)

Girard, Kan., Dec. 4.—The woman held out all morning, rejecting all attempts to relieve her from hunger or cold. It appears she is afraid the officers want to turn her over to some one else, she says, is after her. Inquiries have been received from Washington, D. C.; Spokane, Wash; Tulsa, I. T. The car is about two blocks from the station and is surrounded by a crowd. A 13-year-old boy, Chelsea Kells, was thrown from a train and killed while awaiting a ride from a neighboring town to see the woman.

Pat Crowe on Trial.

Omaha, Neb., Dec. 4.—Pat Crowe was arraigned this morning on the charge of shooting with intent to kill Policeman Jackson. The day was spent securing a jury.

DEAD MAN SUED FOR ALIMONY

Los Angeles, Dec. 4.—Mrs. Sarah L. Winslow, who was divorced last year by a Missouri court from Edwin C. Winslow, has brought suit in the superior court here for \$600 back alimony, at \$50 per month, which the deceased was allowed for the rest of her life, if she remains unmarried, from the estate of her former husband, who died here.

TOO MANY STUBBS

Salt Lake, Dec. 4.—The appointment of Donald Stubbs as district freight and passenger agent at Boise, on the Oregon Short Line, a son of the traffic director on the Harriman lines, is creating dissatisfaction, he being the third relative of Stubbs to hold a position on the Oregon Short Line recently. One official in line for the position resigned today, and others have threatened to do so.

RUSSIAN STOCKS SLUMP

Paris, Dec. 4.—There was a panic on the Bourse this morning as a result of the international complications in Russian, Turkish and Moroccan affairs. Trouble with Germany over the Turkish situation is threatened.

Russian Troops in Revolt.

Berlin, Dec. 4.—The dispatches today state that there are mutinies of the troops at Warsaw, Kursk, Saratoff, Novgorod, Grodno and Kharkeff.

Cannon Is Speaker.

Washington, Dec. 4.—The house at 1 o'clock, by a party vote, elected Cannon, speaker. His Democratic opponent was Williams, of Mississippi.

Chicago Markets.

Chicago, Dec. 4.—Wheat, 84 1/4 @ 84 1/2; corn, 44 1/4 @ 44 1/2; oats, 24 1/4 @ 24 1/2.

BALFOUR MAY HAVE RESIGNED

London, Dec. 4.—Balfour visited the King this afternoon, and remained 45 minutes. It is reported that he has resigned.

London, Dec. 4.—The resignation of Balfour was officially announced this evening. It is believed Campbell will succeed him. Bannerman has an appointment to meet the King tomorrow.

WILL TAKE A MONTH YET

New York, Dec. 4.—Senator Armstrong, chairman of the insurance investigation committee, said this morning that he hoped by holding five sessions a week to end the work by the end of the month, but he would, if necessary, continue after January 1st, without a new resolution by the legislature. George D. Elbridge, vice-president, and actuary of the Mutual reserve, this morning resumed his testimony concerning belated payments on policies.

Elbridge said the company usually paid five or six months after proof of death. The mass of correspondence between the company's attorneys and the beneficiaries, introduced by Hughes showed there were many delays. Liens and assessments were taken from the face value.

A VERY QUIET ELECTION

This is a very quiet election day for Salem. Aldermen are being elected in the seven wards, and in four only are there contests. A fair vote is being polled.

At 2 o'clock this afternoon the vote cast was only about one-fourth of the total vote. This showed an unusual lack of interest. Of a total vote of 368 in the second ward, about 93 votes were in by 2 o'clock. The proportion was in the sixth, seventh and first. In the third ward 30 out of a possible 124 were in by 2 o'clock, and in the fourth 97 out of about 300.

There is a spirited contest in the first ward, where O. G. Savage, running as an independent Republican, is contesting the election with R. E. Downing, regular Republican.

In the second Fred Haas and J. B. Linn are struggling for the election. Both candidates are working hard and the result is expected to be very close. Thomas, Republican, is fighting for victory over Churchill, his Democratic opponent. They are sixth ward candidates.

John Bayne, Democratic candidate, and Alexander Dase, Republican, are the opposing candidates in the seventh ward.

OFFICER ARRESTED FOR MURDER

(Four O'clock Edition.)

Cebu, P. I., Dec. 4.—Lieutenant Chas. Pendleton, of the constabulary, has been arrested on a charge of murdering a native policeman. It is alleged Pendleton was driving one day, and ordered four soldiers to get into the buggy with him. A native policeman ordered him to light his lamps, when Pendleton shot him, and delivered the body to the police. The four soldiers confirmed Pendleton's story that he found the man dead in the road until today, when they said Pendleton murdered him.

ANOTHER CIPHER IN THE ROW

Washington, Dec. 4.—Senator Perkins, of California, after a call at the White House, this morning announced that the President had decided to appoint Franklin Lane, of San Francisco, a member of the interstate commerce commission, to succeed ex-Governor Fifer, of Illinois.

UNEARTH EIGHTEEN BODIES

Cheyenne, Wyo., Dec. 4.—The rescuers in the Diamondville mine are nearing the 15th level, and expect to unearth 18 dead today.

Wisconsin Legislature Meets.

Madison, Wis., Dec. 4.—The legislature met at 3 o'clock this afternoon in special session. The governor guarded well to the moment of convening his reasons for calling it.

Boundary Line Dispute.

The papers in the boundary suit between Oregon and Washington reached the attorney-general's office this morning. The complaint simply states that the line is in dispute, and alleges that a number of islands in the Columbia river are claimed by Oregon, when in fact they belong to the sister state. The United States supreme court is asked to settle the matter.

The answer of Oregon to the complaint has not yet been prepared. The case will be argued in Washington by the attorney-generals of the two states.

Basket Ball.

The University basket ball season was opened Saturday afternoon, when the second team defeated the mute school team by the close score of 27 to 26. It was a very interesting game, and showed that the mutes were to be reckoned with in this year's games.

The Willamette team was as follows: A. Price, center; B. Price and Nelson, guards; Moore, Winans and Crandall, forwards.

Manager Matthews has already begun the arranging of the schedule for the first team, and hopes to be able to give it out in a few days. The principal games will be with the University of Oregon, the O. A. C., Dallas college and the Portland "All-Stars."

While three members of last year's team will not be in the game this year, the manager expects to put out a good team, nevertheless. Miller was graduated last June, while the duties of Pollard and Judd will not permit either of these men to play.

Whipple and Simpson will be the only members of last year's aggregation that will be in the game. Simpson has been chosen as Captain. Other good men who are trying for places on the team are Long, Jerman, Grannis and Forbes.

They Liked Oranges.

Some person or persons broke the seal and entered a car at the Southern Pacific freight depot last night. The car was loaded with miscellaneous freight, but all that was missing was a few oranges, which would seem to indicate that it was the work of boys.

JUDGE PHILIPS IN LINE

Kansas City, Mo., Dec. 4.—Federal Judge Philips today dismissed the contempt proceedings brought by the government against various railroads, for their alleged disobedience to an injunction issued in 1902, forbidding the granting of rebates on certain commodities.

SUPREME COURT CHANGES

It is expected that Justice Wolverton will late this afternoon relinquish his seat on the state supreme bench. While this could not be positively ascertained, as Justice Wolverton would make no statement, it is known that he intends to go to Portland this afternoon, and that all arrangements for his taking the oath as federal judge have been made. The oath will be administered by Judge Gilbert tomorrow morning.

T. G. Halley, of Pendleton, who has been appointed to the vacancy left by Wolverton, is today in Portland, and will arrive in Salem by tonight's train. If Wolverton resigns this afternoon Halley will take his oath before the Clerk of the Supreme Court Murphy tomorrow morning and immediately assume his labors as a judge of Oregon's highest tribunal.

Justice Wolverton, agreeable to the wishes of the department at Washington, would have assumed his place as federal judge ten days ago, had it not been for the pending decision of the Marquam case. He wished to retain his seat on the supreme bench until the decision was handed down, for otherwise the case would have had to be heard again, at great cost of time to the court, and large expense to the litigants.

SUPREME COURT DECISIONS

Besides deciding the Marquam case, the supreme court today handed down the following decisions:

Sarah E. Marks, vs. B. C. Herren, affirmed.

State vs. Josiah S. Smith, affirmed.

Lena D. Mills vs. William E. Mills, reversed.

E. E. Leavitt vs. J. R. Shook, affirmed.

Matthew Geldard vs. J. I. Marshall, reversed and remanded.

R. D. Hume vs. E. B. Burns, the Rogue River Packing and Navigation Co. and others; allowed in part on motion to strike out. This is the Rogue river fishing contest, and so far is a victory for Burns.

Arthur T. Fuller, James L. Fuller, minors, by Kate A. Poom, vs. J. M. Hager, affirmed.

Multnomah county was granted a rehearing in the case of Multnomah county vs. the First National Bank, in regard to buying up property sold for taxes.

Reform School Board Meets.

The reform school board held its regular monthly meeting this morning. Bills were audited, and only routine business transacted.

CONGRESS AGAIN IN SESSION

First Bill Introduced Is to Appropriate \$16,500,000 for the Panama Canal

Washington, D. C., Dec. 4.—Representative William A. Smith, Republican, of Michigan, today resigned the directorship of the Pere Marquette railway, on the ground that he didn't want to be hampered by any railroad connection during the consideration of rate legislation this winter. The first tariff flurry in the house occurred when Williams, of Mississippi, warned the new members not to vote for the adoption of the rules of the former house, as it would deprive the revisionists of all hope of gaining their point. The old rules were adopted, the Republicans voting solid.

Hepburn introduced a bill to amend the Panama canal law, to facilitate the sale of bonds, and appropriate \$16,500,000, to be immediately available. McCleary, of Minnesota; Littauer, of New York, and Williams of Mississippi, were appointed a committee to wait upon the President.

Congress Met Today.

Washington, Dec. 4.—The fifty-ninth congress was called to order promptly at noon by Fairbanks, president of the senate, and clerk McDowell, of the house. The senate adjourned at 12:30 out of respect to the memory of Platt, of Connecticut.

TOOTH NERVES

HAVE YOUR TEETH ANY?

If one of your teeth is decayed a passage opens through the tooth to the center. In the center of every tooth is a nerve that goes down through the root and on to the brain.

TOOTH ACHE IS NERVE ACHE

When the air strikes this nerve it sends a thrill of pain to the brain and you call it tooth ache. As soon as you shut off the air the ache ceases.

THE NERVE KILLED

By our own method of painless dentistry we first kill the nerve in the tooth. This is done absolutely without pain and forever stops the tooth from aching. We then close the opening—all the tooth—with porcelain, silver or gold, and the tooth will last forever.

LET US TREAT YOU

When you next have tooth ache and you will never have another in the same tooth. Have you secured a chance on the gold watch?
