

DAILY CAPITAL JOURNAL

BY HOFER BROS.

OFFICIAL CENSUS SALEM, MAY, 1904, 13,287.

NEW FEDERAL PROSECUTOR.

W. C. Bristol, of Portland, has been named as United States district attorney.

HE IS A CLEAN MAN OF PRO- NOUNCED ABILITY

as a public prosecutor—of more than average ability.

A native of New York, he has lived for many years on this coast—in Wash- ington and Oregon.

At one time he was in the firm of Cotton, Teal and Minor—and later opened an office for himself in the Fen- ton building.

Mr. Bristol wears a pleasant smile, but is known to be a MAN OF THE GREATEST ENERGY, AND CAPABLE OF SUSTAINED ACTION AND VIGOR OF PERFORMANCE.

He has the energy, the legal learn- ing, and the executive force and pow- er of initiative to carry large cases to successful conclusions.

The state and the nation are to be congratulated on this selection. Mr. Bristol was the choice of W. W. Cotton and other gentlemen who stand high in the profession.

He is especially qualified to handle the Oregon business, owing to experi- ence and familiarity with the public lands, and all the problems arising in the administration of the land depart- ment.

COOS BAY ON THE MAP.

The new railroad maps issued by the Harriman system have the proposed line from Drain to Coos Bay printed in full as constructed.

THIS PUTS COOS BAY ON THE RAILROAD MAP OF THE WORLD TO STAY. The Harriman system is scattering thousands of these maps.

If the Harriman system were not in earnest about building into the Coos Bay country they would not issue these maps.

It will take some time to get the Coos Bay cities onto the railroad time tables of the world, but they are going there.

It will make a tremendous difference in the development of Western Oregon to have this line constructed into Coos Bay.

BUT THE GREAT CHANGE WILL COME OVER OREGON WHEN THE FIRST LINE IS BUILT EAST AND WEST ACROSS THE LAND-LOCKED INTERIOR.

It will be a brighter day for all Ore- gon. It will mean the opening of a long-neglected commonwealth for ex- ploitation.

All Humors

Are impure matters which the skin, liver, kidneys and other organs can not take care of without help, there is such an accumulation of them.

They litter the whole system.

Pimples, boils, eczema and other eruptions, loss of appetite, that tired feeling, bilious turns, fits of indigestion, dull headaches and many other troubles are due to them.

Hood's Sarsaparilla and Pills

Remove all humors, overcome all their effects, strengthen, tone and invigorate the whole system.

"I had salt rheum on my hands so that I could not work. I took Hood's Sarsaparilla and it drove out the humor. I continued its use till the sores disappeared." Mrs. I. O. Brown, Rumbold Falls, Me.

Hood's Sarsaparilla promises to cure and keeps the promise.

The prudent, far-seeing man lays the foundation of a fortune much as a mason builds a brick wall—a brick at a time. The man who will not lay the first brick because it falls short of a complete wall, will not make much progress. Many people live up their incomes and decline to save because the amount available to start with appears too small. Remember you can start a savings account with us with only one dollar, and when once started it is sure to grow. Many a fortune has resulted from such a beginning. Begin saving today.

SAVINGS BANK DEPART- MENT. Capital National Bank.

How Many Birthdays?

You must have had 60 at least! What? Only 40? Then it must be your gray hair. Ayer's Hair Vigor stops these frequent birthdays. It gives all the early, deep, rich color to gray hair, checks falling hair, and keeps the scalp healthy.

A VICTORY FOR MANHOOD.

The Journal rejoices over the supreme court decision annulling the polltax exclusion from the Salem city charter.

The intentions of those who put it in there may have been excellent, but THE ATTEMPT TO RESTRICT SUFFRAGE WAS FATAL.

It has, in states like Mississippi, Pennsylvania and Delaware, been the means of producing extensive political corruption.

It did collect some revenue, but it enabled corrupt city campaign commit- tees and rich men in politics to buy voters.

It kept many honest, decent men from voting at the city elections. Any law that restricts suffrage IS IN- IQUITOUS FROM ANY STAND- POINT IN A FREE COUNTRY.

The Journal always opposed this law as an act of injustice toward the labor- ers. It was clearly intended as a cinch for the rich man against his poorer neighbor.

It was put into the charter against the protests of The Journal. The Journal always fought it and objected to it AND OBJECTED TO ITS EN- FORCEMENT AS AN OUTRAGE.

The Journal was almost alone in pub- lic councils in standing up against this half-faced, antiquated spawn of federalism, of Caesarism, of plutocracy that would vote the dollar and not the man.

THE THEORY OF OUR GOVERN- MENT.

The great departments of the govern- ment are the executive, legislative and judiciary.

The judiciary was established for two purposes:

- 1. The protection of the govern- ment against the individual. 2. The protection of the individual against the government.

The theory now seems to be that THE GOVERNMENT ALONE IS EN- TITLED TO PROTECTION BY THE JUDICIARY.

Everything is done to have the courts contribute to build up and pro- tect the government. The individual is entitled to no protection.

The old theory of the divine right of the government, the monarchical as- sumption that the government can do no wrong, is being rapidly re-estab- lished.

NO MATTER HOW DEFECTIVE THE LAWS, how rotten the practices of mummyed departments under which the citizen acts the citizen must be cinched, THE GOVERNMENT IS PERFECT.

The citizen who is accused or indicted by the government is assumed to be guilty. He is given no benefit of doubt as to his guilt.

The departments of the government unite to secure his conviction. The press is turned loose against him.

Of course, the press is never prejudiced, it is never in politics, it never cringes for favors or caters to power—at least not in Oregon.

It is a new theory of our own govern- ment: AT THE GOVERNMENT IS EVERYTHING, THE INDIVIDUAL NOTHING.

THE WAY TO DEVELOP OREGON.

It's men that develop a country. It's not the best country always that is first developed. Often it is the re- verse. Too often men of large wealth and monopolists get hold of the best land and hold it in large sections, shut- ting out the class that settles up and develops a country. OREGON IS SUFF- ERING FROM SUCH A SITUATION TODAY.

Alien ownership of land and large acreage held by corporations and individuals, has reduced the available acreage of the state until the younger state of Washington has passed us in population and enterprise. THE WIL- LAMETTE VALLEY IS TODAY FEELING THE RETARDING EF- FECT OF TOO MANY LARGE HOLD- INGS. That the population of the val- ley is no greater is due almost entirely to the many large holdings, instead of families, headed by men, bent on the development of the country and the betterment of their condition. Live men with small capital, rather than in- vestors who buy up land to let it lie in the Willamette valley."

The above is from the pen of Wal- ter Ligon, editor of the Independence Enterprise. He is right in saying that it is land monopolization that is holding back the settlement of Oregon.

The timber land syndicates and the cattle barons and sheep kings do not wish to have the state settled up and developed. THERE ARE OTHER LAND MONOPOLISTS WHO ARE IN THE SAME BOAT.

But they are not to blame so much as the state laws and state officials,

who have allowed them to acquire large holdings, and who are still acting as agents to promote the interests of monopoly.

The common people have been de- frauded out of their rights to homes by these policies, that have turned mil- lions of acres over to the rich and soulless corporations and plutocrats who are holding the lands.

How any man calling himself a Dem- ocrat and standing for the principals of Jackson and Jefferson, or a Republi- can, dating his political principles from Abraham Lincoln, could favor land monopoly is a mystery.

The whole system in this state has been built up to make land grabbing and robbery of the state, not only of its lands, but of its taxes, possible and expeditious.

State certificates are easily obtained, are assignable, and the payments are so arranged that the holders escape taxation until they get ready to "per- feet title."

Republican and Democratic state of- ficials have placed few if any ob- stacles in the way of the land grab- ber and the land monopolist.

Instead of standing up against land monopoly they have expedited the grabs, and MADE NO EFFORT TO CHANGE THE INIQUITOUS SYS- TEM.

The day will come when the home- less and landless will arise in political revolution and denounce these policies as un-republican and undemocratic.

When the editor of The Journal ex- posed the failure of Governor Penney- er to stop land grabbing HE WAS CRITICIZED BY REPUBLICAN POL- ITICIANS who were afterwards in land offices, and helped other monopo- lists in turn.

In the state legislature of 1895 The Journal editor exposed and attacked the whitewashing investigation of the state school land board, under Davis as school clerk.

He was ridiculed and condemned by

A Great Physiologist

Once Said That the Way to Keep the Stomach Healthy is to Exercise It.

But He Did Not Tell How to Make It Healthy.

The muscles of the body can be de- veloped by exercise until their strength has increased manifold, and a proper amount of training each day will ac- complish this result, but it is some- what doubtful whether you can in- crease the digestive powers of the stomach by eating indigestible food in order to force it to work.

Nature has furnished us all with a perfect set of organs, and if they are not abused they will attend to the business required of them. They need no abnormal strength.

There is a limit to the weight a man can lift, and there is also a limit to what the stomach can do.

The cause of dyspepsia, indigestion and many similar diseases is that the stomach has been exercised too much, and it is tired or worn out. Not ex- ercise, but rest is what it needs.

To take something into the stomach that will relieve it from its work for a short time—something to digest the food—will give it a rest and allow it time to regain its strength.

The proper aid to the digestive or- gans is Stuart's Dyspepsia Tablets, which cure dyspepsia, indigestion, gas on the stomach and bowels, heartburn, palpitation of the heart, and all stom- ach diseases.

Rest and invigoration is what the stomach gets when you use Stuart's Dyspepsia Tablets, for one grain of the active principle in them is sufficient to digest 3000 grains of food.

The tablets increase the flow of gas- tric juice, and prevent fermentation, acidity and sour eruptions.

Do not attempt to starve out dys- pepsia. You need all your strength.

The common sense method is to di- gest the food for the stomach and give it a rest.

Stuart's Dyspepsia Tablets do not make the cure, but enable the organs to throw off unhealthy conditions.

Perfect digestion means perfect health, for under these conditions only do the different organs of the body work right and receive the building-up material found in pure blood.

Stuart's Dyspepsia Tablets are a natural remedy and are a specific for stomach troubles. The ablest physi- cians prescribe them.

The Tablets are pleasant to the taste and are composed of fruit and vege- table extracts, golden seal and pepsin. At all drug stores—50 cents per package. Dec. 1-4-6

the machine politicians at the time, and they threatened to defeat him if he ran for office again. But a little later the fraud was discovered, when it was too late to recover.

Now State Land Agent West reports still further gigantic "frauds" that put a cloud on public land in Oregon. These frauds are made possible because THE STATE LAND OFFICE ALLOWS THE LAND SHARKS PRIVILEGES OF OFFICES.

Known land sharks and fraudulent operators should be kicked out of the state house, instead of being given desk room and access to the public records. Has no one the backbone to do this act of common justice?

THE WAY TO DEVELOP OREGON is to serve notice on the world that there is one commonwealth that WILL PUT AN END TO LAND MONOPO- LY.

What right has any man to more land than he can use for a home and farm? That was good Republican doc- trine once.

That would not prevent men from selling the timber off their land. It would prevent the formation of land- holding monopolistic corporations.

THAT WOULD SAVE THE LAND FOR THE HOME-MAKER AND THE HOME-BUILDER.

No country has ever prospered that allowed land to be monopolized. A wrong done to land must be wiped out in the long run with interest.

Let those who wish to hold office meet this issue, and tell the people where they stand before asking their franchises.

Shall Oregon begin a new era of ra- tional development? Or shall we go on allowing the land all to go into large alien holdings?

Shall the state continue a policy of creating large holdings? The law in- tends that no one shall have more than 320 acres. THEN WHY NOT HON- ESTLY ENFORCE AND INTERPRET THE LAW?

Why continue to administer the law in the interest of the grabber, the land shark, the monopolist, the corporation, the syndicate and against the citizen and the homebuilder? Will some official answer?

Torture of a Preacher

The story of the torture of Rev. O. D. Moore, pastor of the Baptist church of Harpersville, N. Y., will interest you. He says: "I suffered agonies, because of a persistent cough, resulting from the grip. I had to sleep sitting up in bed. I tried many remedies, without relief, until I took Dr. King's New Discovery for Consumption, Coughs and Colds, which entirely cured my cough, and saved me from consump- tion." A grand cure for diseased con- dition of Throat and Lungs. At J. C. Perry's, drug store. Price, 50c and \$1.00, guaranteed. Trial bottle free.

Refused to Advertise

A special to the Indianapolis News from Marion, Ind., says that after a hard fight of seventeen years against competitors who advertised, Gunder Bros., dry goods merchants, the oldest mercantile firm in Marion and at one time the largest retail house in north- ern Indiana, have given up the hope- less struggle and sold out their busi- ness.

When gas was discovered in Marion the town began to grow rapidly, and competition in all business was soon encountered by all the old local mer- chants. The new merchants adver- tised, but many of the old established firms were slow in believing that it was necessary for them to use print- ers' ink, as they knew nearly every man in the county. All of them who are now in business concluded that it was necessary to advertise in order to hold what trade they had and to in- crease it except Gunder Bros., who absolutely refused, claiming it was money thrown away. The firm had the best business site in the city, but the store was never filled with shoppers. Thousands passed and repassed the place day after day without stopping. The firm carried an excellent line of goods and treated customers well, but only a few farmers and some of the old citizens of Marion patronized the place. The store is now closed for in- voice.

Most merchants now agree that ad- vertising is a necessity and that the best medium is the local paper.

PERSUADE AN OBSTINATE CASE rather than lash it into action if you want to see good progress made. This is as true when it is a faulty human system as when it is a faulty mule.

Alcoholic stimulants and alcoholic medi- cines whip the digestive functions into quick action but do not prevent the weak- ening reaction which follows so closely.

In cases of impaired appetite and diges- sion reliable tonic is needed and is the only thing that can be relied upon.

Dr. Pierce discovered, forty years ago, that Nature had provided freely for these needs of her children and that in her in- born wisdom she had provided a glyceric extract of Golden Seal root, Queen's root, Stone root, Black Cherrubark, Bloodroot and Mandrake root, as prepared, com- bined and preserved without alcohol, in Dr. Pierce's Golden Medical Discovery, constitute the most effective and certain tonic, alterative and tissue rebuilding remedy ever offered to the public.

A prominent merchant, Mr. J. Alfred Arand, of St. Lawrence Street, Mon- treal, Canada, writes: "I have used Dr. Pierce's Golden Medical Discovery off and on for nine years. When I have it in the house I need no doctor or other medicine. Nine years ago I was troubled with rheu- matism of the knee and hip joints. I eliminated the uric acid from the system. Since that time I have never been without it in the house. There is no other medicine I think so much of, nor none I think is equal. Every one to whom I recommend it is pleased with the results, and all thank me for advising its use. It is a splendid remedy for stomach troubles, cures colds in a few days, and is the only sure cure I know of for 'La Grippe'."

Dr. Pierce's Common Sense Medical Adviser is sent free on receipt of stamps to pay expense of mailing only. Send 21 one-cent stamps for the paper-covered book, or 31 stamps for the cloth-bound. Address Dr. R. V. Pierce, Buffalo, N. Y.

At the Old Standstill

Some are born great, some have greatness thrust upon them—others advertise. The merchant who sits down and waits for business to come to him will find himself among the left over baggage when the Empire State ex- press of business success pulls out.

Business success needs three things—knowledge, push and good adver- tising.

Advertising isn't an art; it's just ap- plied common sense. Advertising is naturally a creative force. Since it has been applied to modern commerce there have been created dozens of com- modities and branches of trade that did not exist before its advent. The \$500,000,000 spent annually in this country for publicity has set many hundreds of millions of dollars running into wholly new channels.

Business is warfare—in a sense, a hard, constant fight to the finish. Advertising is the business man's most modern, most effective, weapon. Once in awhile we hear some old fel- low saying, "I have never advertised and am still doing business at the old stand." He means that he is doing business at the old standstill—M. L. Cery in Retailer and Advertiser.

The most successful merchants in this town advertise regularly in this paper. The record is shown—

The Fashion Stables

FORMERLY SIMPSON'S STABLES Up-to-date livery and cab- line. Funeral turnouts a special- ty. Tally-ho for picnics and excursions. Phone 44. Chas. W. Yannke Prop. 247 & 249 High street.

FOR SALE

Fifteen acres, all in cultivation, within one mile of Salem. House, barn, and 3 acres of fruit. This is the finest kind of river bottom land and can be had on very easy terms for only \$3,000.

Don't forget our COOS BAY LOTS for \$35.00. Buy one and in a few years it will make you some money.

Derby and Willson
