DAILY CAPITAL JOURNAL, SALEM, OREGON. SATUEDAY, DECEMBER 9, 1905.

We will endeavor to make this a useful Christman, We mean by that, it is just as easy to select something useful for a gift. And a useful thing is always acceptable and appreciated. Our store will maintain its dignity as a Dry Goods, Clothing and Shoe Store, and we will not neglect these lines merely for the sake of robbing the toy-man, book-seller or druggist of a portion of their business. We wish to be known as a reliable up-todate, dependable store, IT'S HIGH TIME YOU WERE THINKING OF CHRISTMAS.

HOLIDAY SLIPPERS. HOLIDAY GOVES Gloves are easily sent through the The early choosers will got the mail; so also are handkerchiefs, best. Our lines this year are more complete than over. LADIES' HOLIDAY NECKWEA NECKWEAR FOR YOUR We show in extensive line of new FAR AWAY atyles. FRIENDS HOLIDAY HATS Easily sent through the mails. An order for a new style Gordon Our prices sauge would be a useful gift. 10¢ to \$2.50

MORE LAND FRAUDS

La Crosse, Wis., Dec. 9 .- Hiram God lard, who lost \$200,000 through alleged forged land certificates, today swore out warrants for S. A. D. Puter, H. H. Biggs, George Hibbard, Kay McKay and Horace McKinley. Two warrants were issued for John Dee and Richard Ros, the names of the wanted parties being unknown. All are charged with forgery, Hibbard was arrested at Fortland; the others are at large.

Launching of the Idaho.

Philadelphia, Pa., Dec. 9 .- This is the day set for the launching of the new United States battleship Idaho, which was built by the Cramps at their big shipyard in this city. The ships in the river displayed flags and the scena near the ship building yards presented a festive appearance. Notwithstanding the cold weather an enormous crowd was assembled in the vicinity of the yards to watch the large battloship as it glided from its cradie into its element. Besides Governor Gooding of Idaho, whose 15 year old daughter acted as sponsor at the baptism of the ship, a large delegation of members of Congress and prominent citizens of that state, many officials of the navy department, the experts of the naval construction bureau and several hundred army and navy officers attended the launching of the magnificent ship. The Idaho is a sister ship of the Misaissippi, which was launched a few weeks ago. Her kool was laid in 1904. 000 tons, and will be of 10,000 horse Work on the roadbed of the Medford power. It is expected to have a speed and Orater Lake railroad has been sus- of 17 knots. The estimated cost of the battle ship is \$2,995,500. Its main battery will contain four 13 inch breach loading rifles; eight 8 inch and eight 7 inch breach loading rifles. The secondary battery will include twelve 3 inch rapid fire guns, six 3 pounder rapid fire guns, four 1 pounder rapid fire guns, two 3 inch field guns and eight machine guns,

> Philadelphia, Dec. 9 .- The Idaho was successfully launched at 12:17.

Mailing Xmas Gifts.

Most people depend on the mails for County Surveyor Chas. E. Roberts sending gifts to friends at a distance,

"Milk for babes but meat for men." When a man can no more eat a man's food, but exists on a milk and cracker diet he is gone back to babyhood. He may be a big man but he has a baby's stomach.

Success in life depends largely on the stomach. The man with the baby's stomach finds himself also with a baby's peevishness and perversity. He has the baby's exaggerated personal sensitive-ness and jealousy. He is an annoyance to his friends and an anxiety to his family. No man can be stronger than his stomach. A weak stomach argues a weak man. And a "weak" stomach is the common starting point of most of the so-called "weaknesses" which affect the great organs — heart, lungs, liver, kidneys, etc. How can it be otherwise when the body and all its organs are dependent on the stomach for their nutrition? The "weak" stomach drags the organs down with it, because being weak it is unable to convert food into nutrition, and the organs of the body being starved, of necessity become weak, as a consequence of starvation. his stomach. A weak stomach argues a

as a consequence of starvation. Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition. It makes the weak body strong in the only way physical strength can be made, which is by food, properly digested and assimilated. The cures of "weak " lungs, "weak " heart, "weak " or sluggish liver, "weak " kidneys, etc., which follow the use of "Golden Medical Discovery," are all due to this perfect nutrition of the body, the proof of which is the remark-able gain of sound, solid flesh, which invariably marks the cure.

"STOMAOH TROUBLE."

"About ien years ago I began to have trouble with my stomach," writes Mr. Wra. Counsolly, of 33 Walout Street, Lorsin, Ohio. "It got so had that I had to hy off quite often two and three days in a week, my stomach would bloat, and I would belok my gas and was in a writi dis-treas at such times. There employed and been treated by the best doctors in this city but go the stomach, others catarrh, others dyspepsis, I have bought and tried everything I aw adver-to help whatever. Bome said I had cancer of the stomach, others catarrh, others dyspepsis, I have bought and tried everything I aw adver-to help whatever. Bome said I had cancer of the stomach, others catarrh, others dyspepsis, I have bought and tried everything I aw adver-to help whatever. Bome said the time. About wrive months ago I was is such a condition that my friends had some fear about my recover-ing. I catled a doctor such he fusus, About and dripping with cold sweat. He told me that I had svery bad case of chronic indigenitor. The weight his treatment until this spring (1695), but did not improve any. By some way or relief I happened to get hated of a vial of your "Feilets, and I thought they helped me. If we that by my symptoms you thought I had been for complaint and advised the use of your "Golden Medical Discovery" and 'Picaasat Pel-iets' in connection. These medicines I have that have not helt a day this summer on account of my stomach. I feel tip-top, and better than I have for ism years." About ten years ago I began to have frouble in my stomach," writes Mr. Wm. Connolly,

To Attend Initiation.

Walter L. Tooze and F. G. Woodcock, organizer for the Woodmen of the World, came down this morning from Brownsville, where last night they at tended an open meeting of the Woodmen in that city. They report a very interesting and enthusiastic meeting. and say that Brownsville is going to send a large delegation to Woodburn to attend the next meeting of the Willamette Valley Development League. Both gentlemen are spending the day I wrote that when I was only 12 years in the city, and will attend the big initiation of the Woodmen at the Odd

Awards at Chemawa.

Awards were made yesterday at the Chemawa Indian school to ten bidders, who offered to furnish supplies to that institution, to be used in various repair work. The material purchased cost between \$5000 and \$6000, and will be used in renovating the dormitories. Awards went to A. L. Praser, Capital by Captain John Pritchard, formerly Improvement Co., F. M. Baum and C. K. Spaulding Logging Co., of Salem; Gauld & Kline Co., Crane Co., Adamant Co., George Ainslie & Co., Portland Sash and Door Co., all of Portland, and the Western Paint, Oil & Glass Co., of San Francisco.

Ready for the Carmania.

and persons Interested in marine transortation are awaiting with great intorest the arrival of the new Cunard liner Carmania, which enjoys the distinction of being the first turbine steam ship of ocean going size. Turbing ships have been in use for several years in British waters, but the ships built aftor the new system were all small coast ships and were scarcely more than experiments on a small scale to test the efficiency and possibilities of the turhine system. The Carmania is on her way to this port and is expected to come in sight tonight or tomorrow morning. The new ship is commanded of the Caronia of the same line. Her arrival in this part will mark the beginning of an important epoch in the evolution of steamship development. The Carmania is a sistership of the Caronia and corresponds with the Int. ter in every detail excepting the motive power. The Carmania has turbine engines and triple screws while the Ca-

ronia has reciprocating or piston engines and double screws. The Carmantons register. She has a displacement favorite for tree." of 29,800 tons. The steamer has eight decks and accommodations for 2656 bored full of holes !! miles an hour.
