WALSH A "STAND PATTER"

Sends Money to Indiana to Meet the Run on His Bank

Bedford, Ind., Dec. 19.—The Walsh bank failures resulted today in a run on the Bedford National Bank, of which Walsh is president. Money has been arriving all night to stem the attack.

The finance committee of the council met to consider the condition of the \$2,500,000 of the city funds in the Chicago National bank. The committee decided that the funds were safe, and the city fully protected. Walsh appeared at the bank at 10:30. He alighted from his carriage half a block away, and walked through the crowd unrecognized. He refused to answer questions, but appeared calm, and smiled with assurance when asked if he feared criminal prosecution. He appears confident that the law is unviolated, though he refuses to say a word.

ALMOST SPOILED DINNER

New York, Dec. 19.—Three workmen were killed and at least ten injured in an excavation by a premature explosion of dynamite at 34th street and Fifth Avenue this morning.

The scene of the explosion was directly opposite the Waldorf-Astoria dining room, which was full at the time. One victim was blown to the roof of a neighboring building, and others mangled.

JUMPED THOMAS CROWE

Butte, Mont., Dec. 19.—Thomas C. Crowe, a well-known mining operator of Idaho Springs, Colo., was driven from Butte early this morning by six armed miners, after being beaten and threatened with death if he returned. He was identified by recent miners who was in the trouble in Colorado.

Wallace, Idaho, Dec. 19.—C. E. Lewis has been arrested here on suspicion of being the murderer of a young woman in Cripple Creek, Colo. Lewis is known as the "Sponge-Faced Kid," and his arrest, it is believed, will unravel a murder mystery that has long puzzled the Colorado authorities.

RUSH ON THE BANK

Chicago, Dec. 19.—The depositors of the Chicago National and Home Savings Banks gathered early, taking the police unawares, and great confusion resulted. Applicants are getting their money as fast as tellers can count it.

Reopening Hungarian Parliament.

Budapest, Dec. 19.—Great excitement prevailed here today on account of the reopening of the Hungarian parliament, which was prorogued on October 10, to prevent a hostile demonstration on part of the coalition, which would have endangered the peace of the state and probably caused serious outbreaks. In the meantime the government has strengthened its hands in many ways. In the first place extensive precautions have been taken to suppress at a moment's notice any popular outbreak. In the second place, the government has compromised with the coalition in regard to the universal suffrage question, and although the opposition is not fully satisfied, it is believed that the crisis has been avoided or, at least, temporarily postponed. The opening session today was extremely stormy, but order was maintained by means of strictly enforcing the rules of parliament. An enormous crowd was assembled in front of the parliament building, but police officers were scattered in large numbers and suppressed hostile demonstrations.

CHINESE RUNNING SHANGHAI

Washington, Dec. 19.—In response to the appeals of Consul General Rodgers, of Shanghai, the cruiser Baltimore, commanded by Captain Nathan Sargent, arrived at Woo Sung, the port of Shanghai, to protect Americans and other foreigners. It is believed that the marines have been landed before now.

Chinese Merchants.

Shanghai, Dec. 19.—Merchants are afraid to open their stores, fearing looting. The British cruiser Diadem landed 500 more marines today. German troops are hurrying from Kaitou.

Interesting Intercollegiate Debate.

Louisville, Ky., Dec. 19.—The debate between the law department of the University of Louisville and the Indiana University of Bloomington, Ind., will be held here this evening. The question to be debated will be "Resolved, That the interest of justice would be furthered by the trial of criminals by juries of judges." Judge W. O. Harris will be the principal judge.

BUTTE MINERS ANGRY

Could Not Stand for Caricature on Irish, and Bought Stale Eggs

Butte, Mont., Dec. 19.—A mob of 2000 Irish last night assembled in front of the Grand Theatre, and presented the "Drenland" burlesquers from giving their performance, as a result of objectionable posters, caricaturing the Irish. Warrants were issued for the actors if they attempted to play, on the ground of causing a disturbance. This action had been taken by the authorities to avoid possible bloodshed.

SULTAN YIELDS TO POWERS

Paris, Dec. 19.—It is announced that at a cabinet meeting the Sultan has definitely agreed to the demands of the powers for the financial administration of Macedonia. The papers report an Albanian revolt in Turkey, and that officials were murdered. The rebels were victorious over 3000 Turkish troops.

Betsy Ross Flag House Bought.

Philadelphia, Pa., Dec. 19.—The historical house in which Betsy Ross made the first American flag has been purchased by the Betsy Ross Flag House Association, and the formal transfer of the property to the association has been made. The association was organized a few years ago for the purpose of collecting funds with which to purchase the historical building on Arch street, with a view of preserving it as an historical relic.

Only Six Hundred.

(Four O'clock Edition.) Udell, Iowa, Dec. 19.—Robbers dynamited the bank in this city, and escaped with \$600 in cash.

Robbers Were Fooled.

St. Louis, Dec. 19.—Four robbers this morning blew the safe of the bank at Baldwin, Ill., but were frightened away before they got much booty. They were attacked by citizens, and shots exchanged for half an hour, but no one was hurt.

WE WILL CAUSE NO PAIN

It sometimes happens that a person gets into the wrong dentist's office.

THE OLD STYLE OFFICE

Has none of the modern apparatus, none of the late methods, none of the science of the "painless method" of dentistry. The dentists who are content to go on in the way of their fathers cannot operate on your teeth without hurting you.

THE NEW STYLE OFFICE

Is equipped in such a manner that the patient gets the very best possible results from the treatment. And gets these results without a throb of pain or a dread of what is coming. Our office is thus equipped, and we can guarantee you that we can treat your teeth—no matter what the trouble—absolutely without pain.

WE ASK A TRIAL

And we know you, as well as our many, many regular patients, will be praising our work and sending your friends to us. Our prices are much less than the old-style office charges, too.

NEVER GO TO JAIL

(Four O'clock Edition.)

Chicago, Dec. 19.—"Whether the defendants are guilty or not guilty, they do not go to jail, if the law of immunity covers their case," was the declaration by Federal Judge Humphrey in the beef case this morning during the examination of venismen. He said if the law grants the packers immunity because testimony before Garfield, they are entitled to a discharge by the jury. He declared it largely a question of law to be determined by the court. He told the venismen he wanted jurors to do what they were told and follow the instructions of the court in points of law, regardless of whatever opinions they might hold themselves. The court explained that the immunity laws were just because the American bill of rights guaranteed that a man shall not testify so as to incriminate himself.

The train plunged down a 20-foot embankment, and was partially destroyed by fire, Derrick's body being consumed.
