## REBELS CAPTURE ZIALOST

### Cossacks Are Pouring Into Moscow, and the Strike Is Growing

St. Petersburg, Dec. 29.—Ziatonst, a town of 17,000 inhabitants, in the Ural mountains, is under a republican form of government, established by the rebels. The red flag flies over the government arms factory, and the officials are imprisoned. The Cossacks have been told that if they charge the officials will be killed.

Warsaw, Poland, Dec. 29.—The strike is growing stronger. None of the newspapers appeared today; all printers refusing to work. Traffic on the Vienna line is interrupted.

### Cossacks Are Winning.

Warsaw, Poland, Dec. 29.—Little news has reached this city of occurrences in other parts of the empire. The latest news in Poland from Moscow says the Cossacks are gaining ground against the peasants.

### Troops Go to Moscow.

St. Petersburg, Dec. 29.—Troops are pouring into Moscow to assist in putting down the rebellion.

### Large Deal in Iron Ore.

Pittsburg, Pa., Dec. 29.—The papers were exchanged today which perfect one of the largest deals in iron ore recorded in this country for many years. The purchaser is W. P. Snyder, and the value of the property involved is between 50 and 75 million dollars. Mr. Snyder, who has been associated with the Oliver interests under the firm name of W. P. Snyder & Co., takes over the Oliver interests in the Shenango Furnace Company's mine, in the Meigs Range, St. Louis county, Minnesota, which approximates 40,000,000 tons of ore; a 12,000,000 ton mine in the Marquette range, Dixon county, Michigan; the Oliver interests in 1,200 acres of coal land in the Connelville, Pa., coke fields; the Oliver interests in a 10,000 ton freight steamship now building in Detroit for the lake trade, and the limestone interests of the Oliver in various parts of the country. James R. Oliver, one of the principal holders, died a few weeks ago, and this deal is made to settle up the estate.

### Stock Brokers Broke.

Boston, Dec. 29.—H. R. Leighton & Co., stock brokers, have made an assignment for the benefit of their creditors. Their liabilities are half a million, and was caused by the failure of a debtor to meet his liabilities. They will probably realize enough on their assets to pay out.

## BANKERS IN BAD SHAPE

### Secretary Shaw Considers the Financial Situation as Very Grave

Chicago, Dec. 29.—Secretary Shaw, accompanied by several local bankers, tramped the streets here in a driving snow storm this morning, in what is said to be an effort to save the financial situation. He regards the conditions of Wall street grave enough to enlist the most strenuous efforts. He departs for Washington this evening, and until then he will devote every moment to avert further serious consequences. Shaw denounced the newspapers of Chicago, charging them with distorting his statements. He declared it was not the first time he had been betrayed by Chicago newspaper men, and said that hereafter he would deny himself to them. He denied having declared Walsh would not be prosecuted because he practiced violations of the law which had become the custom.

### Will Erect a Lincoln Memorial Tablet.

Gettysburg, Pa., Dec. 29.—The famous memorial address which President Lincoln delivered on the Gettysburg battlefield in July, 1864, will be commemorated by a bronze memorial tablet, to be erected near the spot where President Lincoln stood when he delivered the historical address. The place, which is near one of the soldiers' monuments, was recently selected by a commission consisting of Secretary of War Taft, General J. R. Brooke, U. S. A., retired Judge Advocate General G. B. Davis, Colonel Nicholson, of the Gettysburg park commission, and Representative De Armond, of Missouri. The tablet will probably be unveiled on the anniversary of the day on which President Lincoln delivered the famous address.

### Russian Meets Terrible Turk.

London, Dec. 29.—This is a red letter day for the members of the sporting and athletic world of this city owing to the fact that this evening the long expected and almost despaired of wrestling match between George Hackenschmidt, the "Russian Lion," and Ahmed Madrali, the "Terrible Turk," will be fought at the Olympia. Considerable difficulty was experienced in arranging the meeting, owing to the pressure of Hackenschmidt's music hall engagements. He was finally induced to make the match by taunts that he was afraid to meet Madrali.

### Very Slow Freight.

Norfolk, Va., Dec. 29.—The steamship Alabama reports that she passed the Dewey dock 25 miles south of Solomon Island, making two miles an hour. At this rate it will take ten months to go to Manila.

## TELL OF INSURANCE DEALS

New York, Dec. 29.—Adrian Iselin, a banker and director of the Mutual, presented a statement to the insurance committee this morning, showing syndicate operations in which he participated with the Mutual. John P. Munn, president of the United States Life, told of the operation of his company in this connection.

Munn produced a statement of that company's real estate holdings, and showed the total book value to be \$726,408, appraised at \$870,250. The net income from this property was \$25,276.09. Munn was insured for \$25,000 in his own company. He said no officials of the company ever received rebates on their policies. He said he insured in the Mutual for \$100,000, and received the agent's commission for the first year.

### Bank Caved on Them.

Washington, D. C., Dec. 29.—An excavation bank under a building caved in this morning, and 11 workmen were buried. Three have been taken out. The fate of the other eight is still unknown.

## A BLOW AT THE TRUSTS

Judson, Ind., Dec. 29.—The boiler of a freight locomotive exploded here this morning, killed four trainmen, destroyed \$100,000 worth of fancy meat and killed 100 cattle. The accident was on the Erie railroad, the train being en route to New York from Chicago.

### HUGE DOCK HAS STARTED.

Dewey Starts for Manila Towed by Three Big Steamers.

Annapolis, Md., Dec. 29.—The gigantic drydock Dewey made an auspicious start this afternoon on its 14,000-mile trip to the Philippine islands, under the direction of Commander H. H. Hosley, U. S. N. The start was made at 2:05 p. m., and at 6 o'clock the lights on the dock could be seen at a distance of eight or nine miles below Solomon's Island, the starting point. There was no mishap of any kind. Three vessels in tandem are towing the Dewey. Next to the dock is the collier Brutus, then the collier Caesar, and in front is the tug Potomac. Commander Hosley will have his quarters on the Glacier, the supply-boat, which will accompany the dock and its attendants.

The huge towline was dropped over from the Dewey at 11:30 o'clock this morning, taken aboard the Brutus and made fast at noon. Chief Boatswain Philip Mullin, U. S. N., had direct control of securing all the towing apparatus, the whole affair being under the control of the signals of Commander Hosley from the Glacier.

## MURDER AT SALT LAKE

### Reign of Terror From Thugs Has Prevailed for Six Weeks

Salt Lake, Dec. 29.—The reign of terror of the past six weeks culminated in a second murder in a holdup of Nephi Shields, a prominent resident, last night. He was shot through the head. Governor Cutler, the county commissioners and mayor offer rewards for the apprehension of the murderer aggregating \$1200. Three citizens offer \$50 each, and a suit of clothes to any man who captures any holdup, dead or alive.

### Aurora Hop Sales.

Aurora, Dec. 29.—Ed. Herron, the hop buyer of this place, this week bought the following lots of hops, paying an average price of 10 cents per pound: Roberts Bros., 27 bales; George Kraus, 53 bales; Ed. Miller, 45 bales; Sam Miller, 63 bales; Ike Miley, 28 bales. The market here has been quiet for some time, but the prospect is getting better for sales. Many of the growers are still holding their 1905 crop for better prices than now prevail.

### Teddy Hunting Rabbits.

Charlottesville, Va., Dec. 29.—No word has been received from the President. His stenographer here says he has received no messages from Washington necessary to transmit. The executive and his family are wholly freed from official cares. Theodore, Jr., and Dr. Rixey joined the party and went rabbit hunting today.

### Chicago Markets.

Chicago, Dec. 29.—Wheat, 83 1/4 @ 83 1/2; corn, 50; oats 31 1/2 @ 32 1/4.
