TO NEUTRALIZE PHILIPPINES.

Resolution Introduced in Senate Requiring Action by President.

Washington, Jan. 11.—At the beginning of today's session of the senate, Crane introduced by request a joint resolution requiring the President "to open negotiations with the other nations to secure the neutralization of the Philippine islands, and the recognition of their independence whenever the same shall be granted to them by the United States.

CHICAGO STORE PEOPLES BARGAIN HOUSE

Clearing Sale Continued

The policy of the Chicago Store is this—We do not believe in carrying goods over from one season to another; we believe in having new, up to date goods for each season as they come along; that is the reason we hold this wonderful clearing sale—to clear the shelves for our spring goods. Goods sold out at cost and less. Read on.

WHITE MAN CHANGED TO RED

Washington, Jan. 11.—The President was initiated into the order of Red Men at the White House this morning. A number of the general officers of the organization were present. The oath was administered by Chief Inchohooe Cherry. The President was made an honorary member, the only one in the order.

THE BLOW KILLED FATHER

Chicago, Jan. 11.—A jury this morning returned a verdict against three saloon keepers for \$17,500 in favor of the five children of John Hedlund, a carpenter, who alleged their father was ruined by drink the defendants sold him.

GIDDY OLD GIRL

Washington, Jan. 11.—It is stated at the New Willard hotel this morning that Mrs. Minor Morris, who was forcibly ejected from the White House a week ago, is in a dangerous condition, occasionally lapsing into a comatose state.

BULLY FOR BOB

Sioux Falls, S. D., Jan. 11.—Bob Fitzsimmons has arranged for a benefit for the blacksmith whose floor caved in by the weight of the crowd pushing in to see the pugilist make souvenir horse shoes.

VOLCANOES DO DOUBLE TURN

Vesuvius and Aetna Erupting in Grand Style.

Naples, Jan. 11.—There was a sudden eruption of Mount Vesuvius Tuesday, and the resultant scene of picturesque magnificence was witnessed by thousands of tourists, including many Americans. Three streams of lava reached the lower station of the railroad, causing serious damage. There are indications that the activities of the volcanoes are increasing. The eruption is thought to be connected with that of Mount Aetna, in Sicily, which is in a state of eruption without precedent since the eruption of 1899. Mount Aetna is now ejecting red ashes, which form an immense cone over the crater. These ashes are in striking contrast with the snow that covers the main portion of the volcano.

Train Jumped Track.

St. Louis, Jan. 11.—A Pullman car, attached to the fast train on the Wash, entering the city from Chicago, this morning plunged from the elevated tracks on the levee. Six were badly hurt and others frightened almost into hysteria. The girders caught one end of the car, and prevented its falling entirely to the ground.

Paul Morton Gets More.

(Four O'Clock Edition.)
London, Jan. 11.—General Sir Redvers Buller, who has long expected to be appointed field marshal, is to be retired as a general, with \$5000 per year.

Frenchmen Are Quiet.

Paris, Jan. 11.—Fallois was re-elected president of the senate today without opposition.

WHY PRIOR DIED

Cleveland, O., Jan. 11.—The cause of the suicide of Leland W. Prior, the broker, is believed by bankers who are probing his accounts, that he sold forged municipal bonds in various parts of the country. He was also heavily involved with customers, for whom he was carrying New York exchange accounts. Detectives employed by the bankers' committee are seeking to find who engraved the bonds, and who assisted in their disposition. Arrests are expected. It seems clear that there were a number of confederates. The bonds were sold in small lots. It was discovered that they were not sold in large quantities to any one investor. One of the men investigating said the failure will probably amount to a million or a million and a half. The suspended firm's books are in a terrible state of chaos. All irregularities are laid at the door of the Cleveland office, but investigation may extend to the Boston office, of which Chas. E. Denison is in charge.

DID NOT HURT ANYONE

Ogden, Utah, Jan. 11.—The Southern Pacific westbound fast mail was wrecked at Montello, west of here, at midnight. The train broke in two going down the grade, wrecked the engine and derailed the cars. No one was hurt.

PORTLAND HAS A FIRE

(Four O'Clock Edition.)
Portland, Jan. 11.—The Lutke show case warehouse caught fire at noon, and will probably be a total loss, amounting to \$75,000.

Those Who Have Gets.

Washington, Jan. 11.—The President today nominated F. S. Hove, of Arizona, to be justice of the supreme court of Arizona.

DIGGING CANAL DIRT

Washington, Jan. 11.—A formal investigation of the management of the Panama railroad and canal zone government began today, behind closed doors, by the senate committee on canals. Taft was present and furnished the names of those in position to give information. The public hearing will probably begin Tuesday. Stevens will be the first witness. The sub-committee may visit the isthmus.

WILL WORK THREE YEARS

Bakersfield, Cal., Jan. 11.—Louis Dolma, convicted of attempting to wreck the Southern Pacific freight, two miles east of Kern City on December 2d was sentenced to three years in Folsom prison this morning.

The New Battleships.

Washington, D. C., Jan. 11.—The naval contracts and the engineering experts of the navy department are engaged on the plans and specifications for the new 16,000 ton battleships authorized at the last session of congress. The designers are proceeding with their work on the theory that congress will not be asked to increase the displacement. Of course, naval opinion is in agreement upon changes of such displacement increase, but there are other considerations which evidently control and which have led to the conclusion that it is just as well to provide for the ships of smaller size. Accordingly, the various bureaus of the navy department are engaged in preparing the estimates of weights which are to be credited to each bureau in the completed vessels. It will be some weeks, of course, before proposals will be invited by the navy department. In the meantime the shipbuilders are evincing the keenest interest in the requirements of the department. The principal departure from the designs of the ships of this type is in the machinery. It is under consideration whether or not one of the ships shall be equipped with turbine engines instead of the ordinary reciprocating engines. The result of the tests with turbine steamers have been so favorable that a strong sentiment in favor of that method of propulsion has developed among progressive experts.

SOMEWHAT MIXED IN RELIGION

Riverside, Cal., Jan. 11.—Riverside churches profit by the death of Dr. Henry Graves, a pioneer resident. His will was opened this morning. The churches got bequests as follows: The Methodist, \$7000; Congregational, Universalist and Presbyterian, \$1000 each, and the pastors also get \$100 each. C. J. Savage, his hired man, gets \$6600. The legal heirs are cut off with \$5 each.

STRUCK BOTH KINDS

Nome, Alaska, Jan. 11.—A fabulously rich tundra strike on the Cyrus Noble and Bourbon benches, between Day and Bourbon creeks, has been reported. One hundred dollars to the pan was taken from the bedrock for a distance 110 feet. J. C. Brown, the discoverer of Little Creek, is interested.

OIL WILL NOT GO UP TODAY

New York, Jan. 11.—The Standard Oil hearing was postponed until 2 o'clock tomorrow afternoon.

New Baseball Rules.

Cincinnati, Jan. 11.—The national baseball commission today approved the changes in the drafting rules, demanded by the minor leagues. The most important one is that but one player can be drafted from a minor league.

Ore Haulers Won.

Butte, Mont., Jan. 11.—The ore haulers won the lock out of the contractors being granted 50 cents a day more, as they demanded. Four hundred men were involved.

Chicago Markets.

Chicago, Jan. 11.—Wheat, 87 1/2 @ 88 1/2; corn, 45 @ 45 1/4; oats, 22 1/4 @ 22 3/4.
