

DAILY CAPITAL JOURNAL

BY HOPER BEES.

OFFICIAL GENEAL SALEM MAY, 1894, 13,287.

ATTEND THE ALBANY CONVENTION.

The people of Albany have prepared a splendid program and entertainment for the Development League convention to be held there this week—24 and 25th.

All the towns in the valley should send live delegations to stand up for the development of Western Oregon.

Some of the ablest men in the state will be there and PLEAD THE CAUSE OF DEVELOPMENT along various lines.

The Willamette Valley Development League has no \$500 a month Secretary Tom Richardson to push the organization.

It has never assessed any commercial club one cent to carry on its work, and is the most purely public-spirited organization in Oregon.

Hence it should appeal to men who love our state, and DO NOT WAIT TO BE PAID OR HIRED BEFORE THEY ACT FOR THE GOOD OF OREGON.

Let Salemites show the spirit of good will toward a neighbor city on this occasion that has always been shown by that city toward us.

SUSTAINING MAYOR LANE.

The courageous work of Mayor Lane in rooting out such infernal dives as the Portland assignment boarding houses deserves support.

The time is past when public officials could sit back and assume they had no duty to perform in our country in these matters.

It is a greater crime to debauch the young than it is to hold up a train or rob a bank, and yet OFFICIALS ARE SUPPORTED TO HUNT DOWN ROBBERS.

The politician who seeks for sordid personal ends to get control of a city to protect and blackmail these same vicious elements is unworthy of public confidence.

Good men and women in Portland and in this city have come to a pass when they must sustain the official who puts his hand to the plow for a straighter and better furrow in the direction of civic righteousness.

ALL VICE CANNOT BE EXTERMINATED UNTIL ALL INDIVIDUALS ARE REFORMED, but government should not be made a partner or protector of vice in any form. Officials who do their duty are to be encouraged.

FOR DIRECT ELECTION.

It is a significant fact that the first candidates for the legislature to come out in Multnomah county take the pledge as the direct primary law to vote for the people's choice for United States senator.

Indications are that many will take that pledge, and it is not easy to see how a candidate for the general assembly WHO HAS TAKEN THAT PLEDGE CAN GET AWAY FROM IT.

Direct election of senators is possible in Oregon, and if a candidate for the short term and a candidate for the long term are regularly nominated and elected by the people, why should not the legislature elect?

When an able paper as the Salem Statesman cannot answer the arguments put up by the little West Side Enterprise, how can less able men on the canvass answer the arguments for the law?

It is not going to be easy to evade this issue, and The Capital Journal believes it is a public duty as soon as possible to ABOLISH THE OLD WAY of electing senators and PUT THE NEW INTO OPERATION.

The people are tired of having men

Buy Hair at Auction?

At any rate, you seem to be getting rid of it on auction-sale principles: "going, going, go-n-e!" Stop the auction with Ayer's Hair Vigor. It checks falling hair, and always restores color to gray hair. A splendid dressing also. Sold for over sixty years.

get themselves onto the legislative ticket for the mere purpose of taking a hand in the election of a senator, and making money out of it over the heads of the party.

FIGHT FOR INDIRECT TAXATION

This battle must go forward. It was started by the reports of the Willamette Valley Development League.

The grange bills are on the right line, and the bills of the Farmers' and Shippers' Congress SHOULD HAVE UNANIMOUS SUPPORT.

Like the flat salary law, which was fought for four years, indirect taxation can be pushed by any public-spirited citizen.

There is still one week left to get signatures to the petition, and all who have not done so should circulate and sign the bill.

Not one dollar has been paid to get signatures to this bill. It was gotten up and publicly submitted to a large convention.

It is a voluntary effort of public-spirited citizens TO BETTER CONDITIONS AND HASTEN DEVELOPMENT OF OREGON.

If there are not petitions enough the principles of the bill will be put up to the legislature. All its important features have passed the lower house once or twice and been killed in the state senate.

AN IMPORTANT SESSION.

All who know current history in Oregon realize that the next general assembly is the most important that ever happened, or is likely to happen.

The general appropriation bill of the last session WILL BE KILLED BY THE DIRECT VOTE of the people on referendum. The next legislature will have to appropriate the money over again.

In addition the appropriation for the next two years will have to be made, and in all nearly four million dollars will have to be appropriated, and AS MUCH MORE AS THEY HAVE A MIND TO TAKE.

The normal school question will have to be fought out, and two United States senators ratified by the legislature. In this latter contingency there is liable to be a deadlock or a holiday, or the Lord knows what.

Why about 30 gentlemen in this county should want to assume the vast responsibilities that such a session will force upon them is beyond the comprehension of the ordinary mortal.

For \$120 the work of securing a nomination, an election, and then taking the chances of failure to satisfy the people, looks like BUYING A WHITE ELEPHANT TO WINTER IN THE ARTIC REGIONS.

Notoriously speaking men of the best business ability, of the firmest character and the greatest experience and political acumen will not be apt to be over too well equipped for the duties they will encounter.

SALEM SHOULD HAVE AN ARMOY.

The city of Salem supports one of the finest companies of the Oregon National Guard in the state and should support a first class armory.

There are several places on which it could be built, and these plans should be taken up and acted upon by the city and county if possible.

There is no doubt that the city hall is being racked by the drilling of the company on the third floor of that building.

The pride of this city is in its military company, and there should be nothing done to discourage the young men composing it.

The people of Woodburn are ready to construct a fine armory, and we should not be second to any town in the county in this respect.

A WORD TO THE WISE.

Having two pages of the Newberg Graphic and circulating thousands of copies attacking Walter L. Toole is poor business for any Republican to engage in. The three arguments for the Republican nomination for congress should be friends. To the credit of Mr. Toole he has not engaged in any attacks on his competitors. It would be far more gentlemanly if all would uniformly speak well of each other, so that whoever is nominated the other two may cordially help elect him, and share in the glory and success and divide the honors of leadership of the party. All three are men of more than average ability and would command respect in any gathering of representative men. The killing and slashing should be left to the other party, who will do enough of it to keep all Republicans busy during the coming election campaign. The Republican party is not any too strong in this state and tactics of warfare within the party

should be discouraged. We do not blame Toole for replying to the Hawley managers in this city, who attacked him.

BETTER PAID POSTAL SERVICE.

There is much fault found with the postal service in Oregon but few persons are aware that, considering the responsibility, there are few public servants so poorly paid as postal employees.

We meet in our daily duties, people of many and various vocations and but very few of those we meet are there whose annual income is less than \$900 per year and when we do see such persons, they are invariably those who are not holding responsible positions.

We realize the important position which is filled by all United States postal clerks.

The government demands for such positions men of good address, polite and attractive to their duties, neat in appearance and above all other requirements, they must be trustworthy. The only inviting or desirable feature connected with such occupation is the fact that party politics does not affect the civil service employe and that he may be sure of employment so long as he proves faithful and capable to perform his duties.

The post office department is paying \$600 per year at the beginning for such service, with no inducement for the clerk by an increased salary, except by order of special legislation.

Three years ago congress provided for an increase of \$100 per year for clerks of certain classification, but a late ruling made this apply only to that particular year.

Unless some provision is made by congress for a reasonable increase in salaries of those postal clerks who have proven by time to be competent and worthy, many of the best and most efficient employes of the post office department will change their vocation, thereby making it impossible for the office to render the prompt and accurate service which is so desirable to all business interests.

Just consider for a moment, would you expect an able bodied young man to enter the civil service if the limit of his remuneration was fixed at \$600 per year? If honest and married it would be next to impossible for him to live.

We should request congress to enact a law regulating and classifying the salaries of postal clerks of all first and second class offices, granting an increase in the salaries of all who have been employed more than one year prior to the enactment of such a law.

DR. J. E. ENNIS

Atlanta, Ga., Physician Addresses the People of Salem on a Matter of Health.

To Whom It May Concern: Of late there has been a good deal of discussion in regard to advertised medicines, their value and power to cure.

I want to say to the people of Salem that I believe that the most valuable cod liver preparation, the best body-builder, health-restorer, and strength-creator known to medicine is Vinol.

While Vinol does contain the system, obviating all of old fashioned cod liver oil and emulsions, it actually does contain all the curative, medicinal principles of the cod's liver in a highly concentrated form, and it is delicious to take.

I advise Vinol in my practice, and find it has no equal for healing coughs, colds, bronchial troubles and sore lungs.

I have used Vinol in many cases of indigestion, mal-assimilation, and for patients who were anemic and run down, with splendid results. I have found Vinol to be a boon to the aged as it aids the embodded system to sustain life; it induces appetite, and restful sleep, it is a really body-builder, and thus prolongs life.

I believe Vinol to be worthy of any honest physician's endorsement.

Our local druggists, G. W. Putnam Co., sells Vinol to the people of Salem on a guarantee; if it fails to give satisfaction the entire purchase money will be refunded.

Excursions Every Hour.

In order to give the people of Salem an opportunity to see the beautiful country south of Salem, and to see the development being made by the company, the Citizens' Light & Traction Company will run excursion cars to the rock quarry, south of Odd Fellows' cemetery, leaving the Willamette hotel on even hours. Enjoy a pleasant ride, and see for yourself.

Dr. Osler to Address His Colleagues.

Baltimore, Md., Jan. 23.—Dr. Osler, regius professor at Oxford, England, now on a visit in this city, went to Annapolis this morning, where he will deliver an address this evening before the Maryland Association for the Prevention and Relief of Tuberculosis. It is expected that a number of members of the state legislature will attend the meeting to obtain information in regard to the proposition of establishing a state tuberculosis hospital.

For Sick and Nervous People.

We have a cure for nervous and unsteady people; weak, fleshless people, and pimply, pale or sallow people; people who are troubled with loss of ambition, failing memory, depression of spirits, lack of confidence, nervous headache and wakefulness; all these symptoms are produced by weakened nerves, brought on by the watery condition of the blood. Make strong, rich, red blood, and furnish food for the nerves is the way to stop the source of disease, and the cure then is only a question of days. The best flesh and blood builder is Dr. Gunn's Blood & Nerve Tonic, in tablet form to take at meal time. Sells at 75c a box, or three boxes for \$2, at all druggists. People gain from one to three pounds of solid, healthy flesh per week, by the use of this medicine. That is an indication it is doing good.

My Magazine, "Investing for Profit."

Which I'll send free, is worth \$10 a copy to any man who intends to invest any money, however small; who has money invested unprofitably, or who can save \$5 or more per month, but who hasn't learned the art of investing for profit.

It demonstrates the REAL earning power of money—the knowledge financiers and bankers hide from the masses. It shows how to invest small sums and how to make them grow into fortunes—the actual possibilities of intelligent investments.

It reveals the enormous profits bankers make and shows how one can make the same profits safely.

It explains HOW stupendous fortunes are made and WHY they are made—how \$1,000 grows to \$22,000.

To introduce my magazine write me NOW, mentioning this paper and I'll send it SIX MONTHS FREE.
