

Smiles

Why are so many political experiments being tried on Oregon that are tried nowhere else? Too strong, one way politically.

The Yaquina Bay News is willing to print cards of candidates at \$2.50 per month. Here's a chance for several Salem men to get in.

Hon. B. F. Mulkey, president of the Ashland normal school, is again being groomed for congress. But not resigning his present office.

A good many of the legislative aspirants seem to think that all that's needed in Marion county is to get onto the Republican ticket.

The candidates in this part of the state who make all their political announcements from Portland better go there to get their votes also.

Eugene Guard, Dem.: The Salem Young Men's Republican club will give a banquet Lincoln's birthday, February 12. Five hundred guests will be invited from all over the state of course a very representative gathering of the great party. What are they thinking about now and what will they think most about then even though they guardedly express their thoughts? "How to beat George Chamberlain for governor." And they know it is a hard proposition.

Walter Lyon has this on Col. Shelley of Eugene: There are too many votes to the Oregon legislature who get their political inspiration from the metropolis. From fifth story bricks, at wine dinners, poker table or belled up to the bar they look at their home

Petaluma Incubator

No one can deny there being good money in poultry in this country, with eggs at thirty-five cents per dozen and chickens bringing six and seven dollars per dozen most of the year.

Now is the time to get in line with a good, reliable incubator, and we certainly have it in the Petaluma. They are a hot air machine and the heat is absolutely self-regulating, thus insuring a good hatch. Petaluma incubators hold the record for high percentages in hatching. We would be pleased to have you step in and let us explain this machine to you any time, and you will find it worth while

NOT A "PATENT MEDICINE."

Scott's Emulsion is not a "patent medicine." It has no secret ingredients. Your doctor can, no doubt, tell you as much about it as we could. We have merely perfected the method of blending the Norwegian cod liver oil, hypophosphites of lime and soda and glycerine. As one grocer will blend coffee better than another so we have succeeded in making Scott's Emulsion a little better than any other cod liver oil preparation. There's no "patent" and the only secret is the secret of knowing how, with the perfected mechanical means at hand to do it. Get Scott's and you get the perfect emulsion. It's the greatest thing in the world for regaining strength and flesh lost through wasting.

county through the big end of a telescope and decide to become candidates. The suffrage of the people in the county which they condescend to honor with their presence occasionally is but a play thing for them. The votes of the horny handed toilers from the cow counties of eastern Oregon or the clod hoppers from the Willamette valley counties, when steamed up with punches, cocktails, whisky and benzine, are their personal property. The political trust at Portland is notified they will be in the next legislature. Their respective counties they carry in their vest pocket. The formality of election will be attended to when they get back home and the real politician will be with the Portland bunch in the legislature. The "cow counties" have had enough of such legislators.

SALEM BOY GRADUATES.

F. M. Perkins Leaves Annapolis This Month With Rank of Ensign.

In the class graduating February 12th, at the United States naval academy, at Annapolis, is Midshipman F. M. Perkins, of this city. Mr. Perkins is the eldest son of W. T. Perkins, chief clerk in the office of the state treasurer. He was born at Umatilla, Oregon, June 2, 1887, but he had resided with his parents in this city for a number of years, and received the greater part of his preliminary education in the public and high schools of Salem.

He received his appointment to the academy in September, 1902, and, aside from maintaining a high grade of scholarship in the regular course of study, took an active part in athletics and other student enterprises. Boxing, fencing and baseball were the forms of athletics in which he took the most interest. While on the annual cruise last summer, he broke and held for a short time the midshipman's record for target practice, he having made 12 hits out of 13 shots in one minute from a six-inch gun on shipboard, at a target one mile distant.

Perkins will now be passed from a midshipman to ensign, and will probably be assigned to duty with the Pacific coast squadron, as he has made a request to that effect.

Unveiling Gift to State.

Nashville, Tenn., Feb. 7.—Interesting exercises will be held in the Tennessee state library at the capitol this afternoon when the portrait in oil of the late Hon. Gustavus A. Henry, a gift of Captain Patrick Henry of Clarksville, a son of Major Henry, will be presented to the state of Tennessee. The presentation speech will be delivered by Governor James D. Porter, who was selected because Ma-

for Henry presided over the state convention which nominated Mr. Porter for governor. The picture will be accepted on behalf of the state by Governor John I. Cox.
