School News

Park School.

Mr. Smith's room has organized into a debating society this term. The officers elected are: Charles Eyr, president, a vice-president and secretary, and Mr. Smith as critic. The society will meet every week, and will have a society paper and short program one week and a debate the next. The editor of the society paper is Gertrude Cook, and assistant Marguerite Patrick. The name of the society has not yet been chosen.

Miss Thompson's room had a half holiday Wednesday, and she spent the time visiting at East and Central.

The boys are taking advantage of every nice day to practice baseball. They had a meeting Wednesday and elected Lyman Case manager and John Glendle captain.

The baseball boys also commenced arranging for a basket social, to be held at the building a week from Friday night, to raise money for suits. A good program will be given.

The improvements of the building have been delayed for some time, waiting for the arrival of material, but it is expected that they will be resumed and completed soon.

High School.

Dr. Epley sent word to the music class to pay immediate attention to the matter of securing books.

Harvey Slater, manager of the debating department, made a short talk to the student body about the prospects of the Pendleton-Salem debate. He will go ahead and make arrangements if enough pupils will sign for tickets to guarantee expenses. The expenses will be near \$75, and the admission 25 cents. If arrangements can be made the debate will come off in May. Mr. Powers continued the speech of Slater and enlarged somewhat on the financial side.

The students had the pleasure of listening to an address from Charles B. Hanford at the 1 o'clock session Wednesday. The few minutes before his

arrival were spent with the announcements to the student body. When Mr. Hanford came on the stage he was greeted with rousing applause. His address was not elaborate, but interesting. One of Mr. Hanford's troups was present, and entertained for a few minutes with laughable stories. The event was one of the most enjoyable, as well as most profitable the high school has ever had.

The Colonel's Waterloo.

Colonel John M. Fuller, of Honey Grove, Texas, nearly met his Waterloo from liver and kidney trouble. In a recent letter he says: "I was nearly dead of these complaints, and although I tried my family doctor, he did me no good; so I got a 50c bottle of your great Electric Bitters, which cured me. I consider them the best medicine on earth, and thank God who gave you the knowledge to make them." Sold, and guaranteed to cure. Dyspepsia, Bilelessness and Kidney Disease, by J. C. Perry, druggist, at 50c a bottle.

Went Too Far.

Six long, weary months had elapsed since they faced the person together. "During our courtship," said she, "you declared yourself unworthy of me."

"I had," he replied. "And you said you would make a strenuous effort to reform," she continued.

"Yes," answered the ex-bachelor, "and I got too strenuous and overdid the thing. Now I sometimes wonder if you are worthy of me."

PILES

Can Be Cured and We Can Prove It.

Sample Package Free. — Prove It Yourself.

When we say that we can cure piles we mean just exactly what we say—nothing more, nothing less. We say it because we know it and stand ready to prove it to you or to any other person. Just as we have said it, and proved it to thousands already.

It is because of these thousands that we have cured that we are able to say this.

We have done our part in calling your attention to this fact and it is up to you to disapprove it. And we offer you the means of doing so, knowing that you can't and that when you try our wonderful Pyramid Pile Cure you will be so well pleased with it that you will go straight to your druggist and get a box of it.

And more than that, if at any time in the future any person tells you as you have told so many yourself, that they are suffering the agonies of the damned from piles, you will not rest until he or she has bought and is using a box and getting the same relief and cure that you got. We have seen it done.

Here, for instance, is a sample of what a sample did and shows very conclusively that we are dealing in cold, hard facts and not empty assertions. A person who gets a sample never fails to buy.

Mr. John Byrne, of 2306 2nd Ave., New York City, writing under date of Jan. 17th, 1906, says: "I received the sample and used it right away. I got so much relief from it after 20 years' suffering, that I bought a 50 cent box. The almost unbearable pain is almost gone and my fistula has almost disappeared. I had given up all hope of ever being cured. I assure you, gentlemen, I will use every effort to make any of my friends try them, as I guarantee they are a sure cure."

Pyramid Pile Cure is for sale at every druggist for 50c a box, and it is cheap at ten times the price to any one who needs it.

To get a free sample, send your name and address today to the Pyramid Drug Co., 1509 Pyramid Building, Marshall, Mich.
