## Smiles

Fine campaign weather.  
Dowie is deposed. Next.  
We don't want a U. S. senator who can talk.  
By all means, put the banking trust at Portland in charge of the state treasury.  
Mr. Lowell would better get permission before he makes any more direct appeals to the people.  
If the people are wise they will try to get a state treasurer as far away from Portland as possible.  
The candidate with a bunch of votes to trade for a nomination will be doing business until April 20th at 7 p. m. Then he will quit.  
On the Oregon senatorship it is a square fight between the ballot and the barrel. It has been on before, but not quite so clear or direct. Shall the direct vote of the people be set aside by the contents of the barrel?  
Human Blood Marks.  
A tale of horror was told by marks of human blood in the home of J. H. Williams, a well known merchant of Hae, Ky. He writes: "Twenty years ago I had severe hemorrhages of the lungs, and was near death when I began taking Dr. King's New Discovery. It completely cured me and I have remained well ever since." It cures Hemorrhages, Chronic Coughs, Settled Colds, and Bronchitis, and is the only known cure for Weak Lungs. Every bottle guaranteed by J. C. Perry, druggist. 50c and \$1. Trial bottle free.

## FOR COUNTY COMMISSIONER.

The undersigned is a candidate for county commissioner, subject to the Republican primaries April 20th. Wishing to thank my friends for favors in the past, I will do my duty if re-elected.  
WM. MILEY, Aurora.

Portland is sore because Quartermaster-General Humphreys tries to make a whistling station of it.

My sugar-cured bacon is fine. Eight pounds for \$1. Farrington.

Both Senator Depew and Senator Platt are pathetically described as old and weak, but they aren't too old or too weak to hang on.—Pittsburg Press.

## A FAR SIGHTED MAN

Knowing of the mischievous things which are liable to block his pathway, early begins to prepare for them.

Against the afflictions of poverty you often find him buttressed with a well filled bank account. Many such accounts are on our books.

## TELEGRAM TALKS POLITICS

### Sizes Up Candidates in the Valley Districts

Congressional politics in the First district is becoming interesting, with the date of the primary election scarcely more than two weeks off. W. C. Hawley, S. B. Huston and Walter L. Tooze, seeking the Republican nomination, are making a feverish campaign.

Reports from various sections have it that Tooze is losing ground and that the finish will be between Huston and Hawley, with chances in favor of the latter; but friends of Tooze and Huston protest this and claim for their candidates leading places. The claims made by all the candidates and their supporters are such that it is difficult to form any conclusion as to how the contest will end.

### Weather a Factor.

Speculation is rife over the size of the primary vote. Mr. Huston is interested in the weather, for it is common rumor that his strong hold is in the valley towns. If April 20 is a good day, many a farmer will be putting in his crops in preference to exercising his sovereign rights, and this will cut down the rural vote by several thousand. If the day is rainy and unfit for farm work, the man on the ranch will drive to town and vote. Mr. Tooze hopes for a rainy day, for he wants a heavy vote in the farming communities.

In the meantime Charlie Galloway and Pearce Cochran, the Democratic congressional candidates, are fighting a little battle all of their own.

Galloway is shaking hands by the thousand, as is also his father, the judge. Cochran, the volatile thunder-striker, of Woodburn, is covering territory in a desperate mood, and predicting that he will wipe his juvenile opponent off the political map.

### \$100 Reward, \$100.

The readers of this paper will be pleased to learn that there is at least one dread disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its own work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address P. J. CHENEY & CO., Toledo, O.

Sold by all druggists, 75c.  
Take Hall's Family Pills for constipation.

### After Much Pleading.

"Do you really mean it?" she asked. "If I answer 'No' this time, won't you ever cross my path again?"  
"Never. I shall not permit myself to entertain another false hope. I shall know that when you smile upon me you do it only to be kind, and I would prefer exile to that."

"Well, then," she answered, "I suppose I must say 'Yes,' only don't urge me to set the time too early, for I have been invited to be my cousin Emily's maid of honor next fall, and I wouldn't miss it for anything."—Chicago Record-Herald.

### The Cayuse Bucked.

William Loeb, secretary to the president, was thrown from his horse Monday evening and so badly shaken up that he was unable to be at the White House today. The horse he was riding is a cayuse presented to him by Captain Seth Bullock, and has not been ridden for several days, and was fractious.

## Loss of Appetite

Is common when the blood needs purifying and enriching, for then the blood fails to give the digestive organs the stimulus necessary for the proper performance of their functions.

Hood's Sarsaparilla is pre-eminently the medicine to take. It makes the blood pure and rich, and strengthens all the digestive organs.

"I was all run down and had no appetite. After taking one bottle of Hood's Sarsaparilla I could eat anything I wished." Mrs. Amanda Fenner, Oneo, Conn.

### Is the Moon Inhabited?

Science has proven that the moon has an atmosphere, which makes life in some form possible on that satellite; but not for human beings who have a hard enough time on this earth of ours; especially those who don't know that Electric Bitters cure headache, biliousness, malaria, chills and fever, jaundice, dyspepsia, dizziness, torpid liver, kidney complaints, general debility and female weakness. Unequaled as a general tonic and appetizer for weak persons, especially for the aged. It induces sound sleep. Fully guaranteed by J. C. Perry, Druggist. Price only 50c.

### NO REASON FOR CHANGE.

The public generally seems to have come to the conclusion that A. M. Clough's administration of the office of county coroner has been so economical to the taxpayer and so satisfactory in every way that it would be foolish to make a change. He is asking the Republicans of Marion county to nominate him again, and the request is very likely to be granted by a good majority. He will be correspondingly thankful to friends for the favor. d-w-2t

### Almost All.

"None of these will do," said the shopper, who was looking over half hour for her husband.

"I'm sorry, ma'am," said the weary salesman.

"Well," said she, peering over the counter, "are you sure I've seen all you have in these?"

"All except the pair I have on, ma'am," replied the salesman, blushing.

### Dull Times.

"Just set it for 5 o'clock," said the young lawyer. "I'll never want to change it."

"Do you always get up at that time in the morning?" asked the clerk.

"Oh, no, that's the hour in the afternoon when I always close my office and go home."

"Speaker Cannon is obstinate," says a headline. O, no, not obstinate, not a bit obstinate; just firm.—Boston Globe.
