

A Wonderful Record.

As made up, by improved and exact processes Dr. Pierce's Favorite Prescription is a most efficient remedy for regulating all the womanly functions, correcting displacements, as prolapsus, anteversion and retroversion, overcoming painful periods, toning up the nerves and bringing about a perfect state of health. It cures the backache, periodical headaches, the dragging-down distress in the pelvic region, the pain and tenderness over lower abdominal region, dries up the pelvic catarrhal drain, so disagreeable and weakening, and overcomes every form of weakness incident to the organs distinctly feminine.

"Favorite Prescription" is the only medicine for women, the makers of which are not afraid to print their formula on the bottle wrapper, thus making it a patent into their full confidence. It is the only medicine for women, every ingredient of which has the strongest possible endorsement of the most eminent medical practitioners and writers of our day, recommending it for the diseases for which "Favorite Prescription" is used. It is the only out-of-the-house medicine for women, sold through druggists, which does not contain a large percentage of alcohol, so harmful in the long run, especially to delicate women. It has more genuine cures to its credit than all other medicines for women combined, having saved thousands of sufferers from the operating table and the surgeon's knife. It has restored delicate, weak women to strong and vigorous health and vitality, making motherhood possible, where there was barrenness before, thereby brightening and making happy many thousands of homes by the advent of little ones to strengthen the marital bonds and add sunshine where gloom and despondency had reigned before.

HIRAM GOT A SHOCK

Also Eight Tokens of Affection Done Up in Dainty Linen

Hiram Delaney, a wealthy bachelor farmer living four miles south of English, Indiana, awoke one morning last week in response to a stone thrown against his front door. As he opened the door his eyes bulged with astonishment, for there were eight babies, ranging from two weeks to one year, all nicely arranged in a row on a big spread and tucked in with blankets.

A note pinned on a coverlet bore this scrawl: "These are all your own; care for them."

Delaney yelled for his mother, who keeps house for him, and that worthy lady made haste to take in the youngsters and assure her son that he was not dreaming. Later on, however, they decided that it was a blackmail plot against Delaney and they have requested the county officials to take charge of the foundlings. Delaney vehemently denies the paterfamilias of these or any other babies and wants to fight whoever engineered the scheme.

The Property Called Health.

Runs down or improves, just depends on how it is cared for. It is the most valuable property we have, and should receive the most consideration. It helps you in business, helps good looks, helps make friends, helps get situations and helps you hold them, and always makes happiness. Property like this, at the first indication of being out of repair, should be looked after and a remedy applied at once. There are any number of signs that show repairs are needed. Bilious spells, indigestion, dyspepsia, belching, dizziness, sick headaches, sallow complexion, pimples and liver spots on the face, a drowsy feeling after meals, sour stomach, etc. These symptoms all show loss of health. Druggists will sell you for 25c a box of Dr. Gunn's Improved Liver Pills, a cure cure for all of these diseases.

School News

East School.

Mr. Graham has instituted a fire drill in the East school. The teachers were instructed how to proceed, and all was done so that it was an entire surprise to the students. The first practice was had Tuesday, and shall be kept up regularly.

Mr. Graham has changed the decorations in his room. He has arranged a large canopy of green, and white paper over the front board and desk. The effect is good.

The school had a surprise program last week. Each teacher arranged several numbers without letting the pupils know what for, and when the time

How Is Your Heart?

Is your pulse weak, too slow, too fast, or does it skip a beat? Do you have shortness of breath, weak or hungry spells, fainting, smothering or choking spells, palpitation, fluttering, pains around the heart, in side and shoulder; or hurt when lying on left side?

If you have any of these symptoms your heart is weak or diseased, and cannot get better without assistance.

Dr. Miles' Heart Cure strengthens weak hearts, and rarely ever fails to cure heart disease. Try it, and see how quickly you will find relief.

"About January 1st, 1902, I took down with weakness and drooping, and gradually grew worse. I was told by my family physician that my case was hopeless. My neighbors and family had given me up to die. My limbs and body were swollen to one-third larger than normal size, and water had collected around my heart. For at least three months I had to sit propped up in bed to keep from smothering. I sent for five bottles of Dr. Miles' Heart Cure, and by the time I had taken them all I was entirely cured. I feel better than I have for twenty years, and I am able to do any kind of work on my farm. My attending physician told me that if it hadn't been for Dr. Miles' Heart Cure I would now be in my grave."

Dr. Miles' Heart Cure is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails he will refund your money.

arrived all assembled in the hall and had them combined in one program, which lasted an hour.

The attendance at East school is suffering some from the warm weather. As soon as the spring comes the pupils will begin to drop off. At present the attendance is in the neighborhood of 450.

Mr. Graham finds use for illustrations from his collection quite frequently. His class soon will study the Spanish American war, and he will be able to supply illustrations of all the points of interest. He has now 2000 pictures not yet mounted, and keeps collecting more.

Miss Blesens' class has finished studying the life and work of Rosa Bonheur, and are soon going to take up another study.

The pupils in Miss Miller's room are doing a series of nature work. They take different topics each month and prepare small booklets. Last month the topic was "Buds." Next month it is probably that they will take up the study of flowers.

High School.

There will be a debate between Salem and Pendleton at Salem May 12. The same team that debated at Roseburg will debate on the coming occasion. It is Salem's first debate with Pendleton, and is looked forward to with much interest by the students.

On May 11, delegates from Roseburg, Albany, Grants Pass, Salem and Pendleton will meet in Salem for the purpose of organizing a debating league. The object will be to regulate the debating contests between the places included, and provide uniform regulations. The preparations for its organization are to be credited to Harvey Slater, the Salem manager. Mr. Slater has been working on the league over a year now.

Mr. Marlatt gave instruction to the students Tuesday morning as follows: "Since the good weather it has grown common for a number of the students to always enter the assembly room just as the roll is being called. Hereafter all coming at that time shall remain outside until the roll is taken, and in that case, of course, will be counted tardy and have to report to the principal. If they do not report they will be marked absent, and be required to bring excuses."

The members of the Caesar class in Latin have been studying the war implements of Caesar, and having just finished a number of drawings of the different instruments of war. It has been both interesting and profitable.

The advanced German class was favored with a visit from Herr Eberle Tuesday. He made a short speech in German, the first of the sort the class has heard.

WAS NOT AN ILL WIND

When the terrific storm uprooted an aged apple tree at the edge of the town of English, Indiana, last week, it exposed at the base a cache from which has been taken \$8000, believed to be part of \$109,000 hidden 40 years ago by George Patten. Today his relatives spaded up the ground and recovered \$12,000 more.

Patten was an eccentric character, whose heart was broken by a robbery in which he lost heavily nearly 50 years ago. His losses and the injuries inflicted by the robbers affected his mind. He lived to be very old, and after the robbery never cut his hair, shaved or wore a coat. It was known that he was possessed of considerable money, but all efforts to get an inkling of his hiding place during his life were unavailing, and search after his death failed to reveal it. The family had abandoned the search until the wind blew over the apple tree and gave a clue to the treasure.
