AN AMERICAN.

William Lachner, who is running in eastern Oregon for congress, is one of the common kind of people, and will get a large labor vote. His parents were natives of Munich, Germany; he was born in this country and his sisters are married to Irishmen. There is the kind of stock that has THE VIBILITY AND THE CHARACTERS THAT RULES THE WORLD—the Dutch, German, Irish race mixtures.

The Irish and the German stock rule nearly all the great American cities today. The President of the United States is a nice mixture. The German immigration and the people of German descent and speaking the German language in the United States are today twelve millions.

Mr. Lachner speaks, reads and writes German, but is a good English scholar. HE WOULD MAKE A STIRRING CONGRESSMAN FOR THE SECOND DISTRICT.

It would be hard to say what the Second district had done or what William H. Ellis had done, that he should be made congressman over there.

With men of the common people, like Toose in the First district and Lachner in the Second, Oregon would at least be represented by live men.

There would be something doing, with men who have come up from the ranks of laborers, in the lower house of congress.

Whatever may be said of Toose and of Lachner, it cannot be said that they do not represent the hopes and aspiration of the common run of men.

They do not represent the office holding, or professional class.

HAWLEY UNCHARITABLE TO THE BROWNS.

It was not Professor Hawley's attack on the political character of John Brown of Ossawatimie that was most objectional.

It was making such an attack when a son of John Brown and his family were residents of the capital city of Oregon that hurt.

Salmon Brown, the surviving son of John Brown made Salem his home for a number of years, and it was WHILE HE LIVED HERE THAT HAWLEY ATTACKED HIS FATHER'S MEMORY.

It was the unkindness, the uncharitable, of the attack, when there was an honored survivor of those memorable scenes living in our midst, who had stood side by side with his father on the bloody fields of Kansas border warfare, and who was wounded and crippled in those campaigns for freedom that hurt and that was resented by loyal people.

WILL THE MATTER BE OVERLOOKED OR FORGOTTEN IF MR.

A YOUNG MAN REMARKED THE OTHER DAY "THERE IS NO USE IN MY STARTING A SAVINGS ACCOUNT, I AM GETTING ONLY \$8 A WEEK."

WE SAY TO SUCH A YOUNG MAN: SUPPOSE YOU WERE ONLY GETTING \$7.00 A WEEK, YOU WOULD STILL GET ALONG, WOULDN'T YOU?

WHY NOT DEPOSIT THAT \$1.00 A WEEK TO A SAVINGS ACCOUNT THAT WOULD EARN INTEREST?

ONE DOLLAR WILL OPEN AN ACCOUNT. BEGIN NOW.

HAWLEY IS THE REPUBLICAN NOMINEE FOR CONGRESSMAN in the first district? The grand army is charitable. It is non-political. That organization as an organization will never strike a blow at Mr. Hawley. But will those views of history enunciated by Professor Hawley be accepted by the other loyal states as the teachings of a Republican congressman? The other younger generation may forget the sacrifices of John Brown in the cause of freedom. They may forget the sons who stood by his side and resisted the slave-drivers of the South in their efforts to make Kansas a slave state.

THE INSURANCE GRAFTS.

Every man in the country who is struggling to maintain his life insurance policy, denying himself and his family comforts and conveniences that he may guard against an untoward hour when they might be left otherwise helpless, must realize by this time what a plaything he is in the hands of the insurance scoundrels who have been using his money for a thousand and one extraneous and extraordinary purposes. But he is in the hands of an impelling necessity and the companies evidently know this status would be reached some day and relied upon the utter helplessness of the insured against any relinquishment of his policy and against any determined effort to correct the abuse. It is pretty nearly time for all Americans to begin to turn red in the face with the stress of thought of how utterly irrational are, not only in this line but in a hundred others. We are the laughing stock of mankind.—Astorian.

TIME SHORT TO REGISTER.

The registration books will be closed for the primary election on Tuesday, April 10, at 5 o'clock p. m. Voters who have failed to register should do so at once. It will only require a few minutes' time, and will save much worry and annoyance on election day. As the Oregonian aptly remarks: "When there is plenty of time in which to register, a voter has no right to bother his neighbors on election day with a request that they sign his qualification blank."

IT WILL BE GOOD.

Y. M. C. A. Boys' Club Entertainment Tonight a Big Event.

Those who are fortunate enough to secure tickets for the Boys' Club camp fire entertainment tonight will have a good time. The rehearsals show the boys to be well prepared and ready to carry out their parts creditably. Prof. Drew is to sing; the boys' band will lead the parade and take part during the evening, and all the features announced in the advertisement will be carried out. The electric fencing bout will be a feature that should not be missed. Admission 10 and 15 cents. Parade at 7:20 p. m.; performance at 8 p. m. tonight.

You're growing more beautiful day by day, dear Grace.

I hope you're not using cosmetics on your face!

Oh, Charlie, this is a great injustice to me.

I'm simply using Rocky Mountain Tea, Dr. Stone's Drug Store.

About College Football.

Word comes from Eugene that President Campbell, of the State University, is planning to call a meeting of the larger collegiate institutions of the Northwest to consider the adoption of Rugby football among the colleges of Oregon, Idaho and Washington, and at the same time to discuss the feasibility of changing the present football rules. So far the college press has given the subject but little attention, and it is not probable that radical changes in the rules will be made for the coming football season. The meeting, however, should be productive of much good, and should lead to a thorough discussion of the subject, and remove the taint of professionalism from the game.

POLITICS GETTING WARMER

Big Meeting at Independence Friday Evening

Registration closes Tuesday night for the primaries, and the indirect primary will be held Friday, April 20th, from noon until 7 p. m. There is a larger registration than was expected, and the indications are that the first primary election held in Oregon under the new law will be well attended. The registration in Marion county will total about 80 per cent of the total vote, and the country precincts have registered about as large as in the cities.

Meeting at Independence.

The Independence Republicans arranged a large mass meeting to greet the candidates at that place Friday evening. The Monmouth band played, the speakers spoke, the candidates shook hands, stood around the hotels and met their friends on the streets and in other places. It was a general mix-up, and indicative of the drift of things under the new system, in which the aspirants for office are more and more forced to go before the people. Some of the candidates talked as if they were in an old-fashioned convention, about having nothing to say until after the primary, saying the all-important thing was to stand by the ticket. The people did not get very enthusiastic over this and there was little applause for the merely non-committal office-seeker on the old lines, Lowell, for U. S. senator, made one of his strong, bold appeals for direct election of senators, and his second campaign speech was abler than his first at Salem. He has no rooters no advance agent, no press agent, no newspaper advertisements, and seems to be his own boss, except as he turns control of public policies over to the people at the primary and election, which he does unreservedly. The rest of the talks were rather plain appeals for party support, and until Walter Toose broke the ice at Independence there was not even marked applause. Toose awoke the echoes of old-fashioned Republican doctrine, and while Huston had nothing to say about anything but a rate law by congress, Toose said he had been shipping carloads of Oregon products all over the United States and across the ocean for the past ten years, and ought to know something about rates himself, from the standpoint of the man who pays the bills. Toose struck hard for an open river, open harbors and government ownership of the locks at Oregon City.

At Victor Point.

There will be a large basket dinner and flag raising at Victor Point school house today, which all the county candidates will attend. The brass band out there will play, and it is presumed the aspirants can have a taste of their music and will give them from two-bits apiece to a dollar for their trouble. The country meetings are growing in favor.

Sweet Singer from Chemawa.

Charley Cutter, who will be remembered as one of the members of the Chemawa band, who has made his home in Portland for some time, is rapidly becoming a singer of note. Professor W. H. Boyer, of Portland, first discovered him, and has had him under his tutelage, and has developed in him a most powerful voice. Cutter has had many offers to go on the vaudeville stage, but his patron has refused to consent to let him accept any of the offers, as he believes his pupil to be qualified for an operatic career. Cutter is 26 years of age, and was born at Shaskan, Alaska.

First Game of Ball.

The first game of baseball to be played by the Salem high school team will be with the Dallas high school team tomorrow, at the Polk county seat, to which a bunch of rooters will accompany the local team.

The twirling for the locals will be done by Schmetz or Keena, and Jones will handle the big mit behind the bat.

RHEUMATISM CURED

WAS HEREDITARY THROUGH THREE GENERATIONS.

Disease Yield Readily to Dr. Williams' Pink Pills After Other Treatment Failed.

Nothing better demonstrates that rheumatism is a disease of the blood than the fact that it is hereditary in certain families. It may not develop until conditions of cold and dampness favor it because nature is always fighting to keep the body in health. When disease does get the upper hand and rheumatism is seated in the blood, a remedy that will revitalize and renew the blood is the simplest and best means of relief.

Such a remedy is Dr. Williams' Pink Pills. These pills supply the necessary elements to the vitiated blood and enable nature to cast out the impurities and effect a cure. Mrs. A. Baker, of No. 119 Fitch street, one of the many handsome residential streets of Syracuse, N. Y., will furnish living evidence of the truth of these statements: "There has been rheumatism in my family ever since I can remember," she says. "My grandmother was a great sufferer from muscular rheumatism and my mother also had the disease in a mild form."

"Some years ago I was taken with rheumatism in one knee and there was considerable swelling. I don't know how long that attack lasted, but it was some time. About a year ago I had a hard cold and the rheumatism caught me in the left knee. There were sharp pains, confined to the neighborhood of the knee and they seemed to go right into the bone. The pain I suffered was intense and at times I had dizzy spells. I consulted a physician in whom my family had very confidence and took his medicine faithfully, but it did me no good at all that I could see."

"Then I went to see another physician who had cured a case of rheumatism to my knowledge, but after he had treated me I couldn't see that I was any better."

"The doctors called my trouble uricatic and sciatic rheumatism. When I didn't get better under their treatment my mother-in-law suggested that I try Dr. Williams' Pink Pills. I had already stopped taking any other medicine, and, as I knew myself that the pills were good, I bought three boxes, and, by the time I had taken them, the pain and dizziness had entirely left me. I wanted to make sure of a cure, so I bought three more boxes, but I didn't take quite all of them as I found that I was entirely cured before I had taken all of the six boxes. This was several months ago, but I have had no return of the trouble since."

Before I took the pills the pain was so severe that I had to cry at times and when I was cured I was so thankful and grateful that I wrote the Dr. Williams Medicine Co., thinking they would like to know about my cure. I have advised many people to try the pills and I am glad to recommend them to every one who suffers with rheumatism."

Dr. Williams' Pink Pills are not like ordinary medicines. They do not act on the bowels, but they may be said to actually make new blood. In this way they reach many diseases caused by depraved or vitiated blood and they have cured severe cases of rheumatism, sciatica, nervousness, partial paralysis, locomotor ataxia and St. Vitus' dance that have not responded to other modes of treatment. They are also a specific for anaemia, chloria, or green sickness, and the special troubles of women and growing girls.

All druggists sell Dr. Williams' Pink Pills or they will be sent by mail, postpaid, on receipt of price, 50 cents, per box, six boxes for \$2.50, by the Dr. Williams Medicine Co., Schenectady, N. Y.
