Oil Engines for S. P.
Assistant Engineer O'Neil, of the Southern Pacific, left this morning for Junction City. He believes that his company will eventually use the oil engines on its Oregon lines. Five or six of them are now in use between Portland and Roseburg. "Yes," said he, "the oil engines are proving successful, and a good deal more economical than the old wood engines." Speaking concerning the new railroad to Coos bay, running out from Drain, Mr. O'Neil stated that practically all of the materials for that line were on the grounds, and that actual work was to be begun immediately.

Where Are We At?
To the Editor: The primaries only a few days away, and our minds not made up! It seems to me the old crowd is almost done for. Not since the days of Macleay do we hear much about the Tuttle law. Some folks must have heard something wrong. The county court seems to be bustling. (See section 4.) Somebody says thumbs up; no more agitation until after the election. SUB.

The readers of this paper will be pleased to learn that there is at least one dread disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its own work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

John Hanson of Newberg died Tuesday morning at 4 o'clock at the home of his daughter, Mrs. T. H. Gardner. Death was due to advanced years, his age being 86.

Mr. Hanson, who retired from business several years ago, had been a resident of Oregon since 1880. His wife died at Silverton 15 years ago. He leaves the following children: Elwood Hanson of Minneapolis; Silas Hanson of Newberg; E. C. and J. M. Hanson. Mrs. E. E. Snow, of Portland; Mrs. Evangeline Martin of Newberg, and Mrs. B. S. Cook of Portland. The funeral is set for tomorrow from the residence of Mrs. Gardner.

Many Honor Hallock.

The funeral services of the late Homer H. Hallock were held in Portland Sunday afternoon. Rev. E. L. House, pastor of the First Congregational church conducted the burial service, the ritual of the Elks being used. Prominent among those at the funeral were 50 members of the Portland lodge No. 142, B. P. E., who attended in a body. Members of the Commercial Club, headed by President Fred Leach, and Secretary Tom Richardson were also present.

Mr. Hallock was the right of way agent of the Willamette Valley Traction Company, and was highly popular in both club and lodge circles.

Looking for Plans.

Dr. H. C. Epley, of Salem, a prominent member of the First Christian church of that city, came up yesterday for a short visit with Rev. J. J. Evans, and to see the Albany church with a view to securing plans for a similar structure for the Salem congregation. The church will build a new house of worship in Salem this year, probably on the model of the one in this city. Dr. Epley left for home on the afternoon train.—Albany Herald.

The Good of Medicine.

People insisting that medicine does no good, have one stubborn fact to contend with, that is, the people who do believe are greatly in the majority. We have been so fortunate during the past 20 years as to convince thousands of sufferers with weak, watery blood, who had all the symptoms of a general breaking down of the system that one medicine, at least, does good. Nervous and unsteady people, weak, fleshless people, pimply, pale or sallow people, can have strong, steady nerves and solid healthy flesh by the use of Dr. Gunn's Blood and Nerve Tonic. A tablet to take at meal time, it turns the food you eat into rich, red blood, making solid flesh at the rate of 1 to 3 lbs. per week. Sold by all druggists for 75c per box, or 3 boxes for \$2. This medicine saves doctor bills and insures health, giving the very best treatment possible.

Have Returned.

Mr. and Mrs. S. C. Kightlinger returned home last night from Kent, Wash., where they have spent the winter. Mrs. Kightlinger is now much improved in health.

Mr. Kightlinger was to have been home the first of the month, but about three weeks ago he met with an accident, having run a nail into his foot, which necessitated his using crutches for a week.

The past two weeks they visited in different Washington towns, hunting up old South Salemites. In Tacoma they met Mr. and Mrs. Geo. O'Flynn and Kinney Miller; in Seattle the Colwells; in Everett, C. W. LaGrange and sons, and many others.

Mr. Kightlinger has resumed his work with the Salem Water Company.

Trap Shooters Organize.

A number of local trap shooters met yesterday and organized a club with the following officers: Dr. J. C. Griffith, president; C. D. Tillson, vice-president; Paul Hauser, secretary and treasurer. It is probable the club will hold a tournament sometime before the first of June. The shooting box has been located on the A. N. Gilbert property, west of the grand stand at the fair grounds, and it may be possible that a state tournament will be held during the state fair.

A Great Orator.

John G. Wooley, presidential candidate for the Prohibition party in 1906 and one of the most noted orators of the country, will speak at the First Baptist church this evening on "The Great Reform." A large audience will undoubtedly be present to hear the great temperance lecturer, upon whom has fallen the mantle of the late John B. Gough.

About the Debates.

A movement has been started by the high schools of Salem, Roseburg, Albany and Grants Pass to perfect the organization of a debating league, and delegates will meet here May 11th to consider the feasibility of such an organization. On account of the sickness of Rex Turner, a member of the Salem team that was to meet Pendleton, the debate with that institution has been called off.

Over the Divide.

For the first time in his life Governor Chamberlain will visit that splendid section of the country beyond the Coast Range—Tillamook county. His excellency will leave here Tuesday and go over the Trask river toll road and cross the mountains by stage. Wednesday he will deliver an address in Tillamook City, where the people have been anxious for him to pay them a visit. He will start on his return Thursday, thus making a strenuous journey.

COUNTY DADS GO VISITING

Jolt Over the Roads and Under the Bridges to Some Advantage

The members of the county have returned from a visit to county, where they have examined condition of several bridges, to which their attention had been called. They concluded that the Scotts Mills bridge across Butte creek and on the boundary line between Marion and Clackamas counties could not be rebuilt, but that it should be repaired, and was placed in good condition for a number of years. The Clackamas county commissioners took the same view of the matter. However, it was agreed that the two bridges across Pudding river, the Boyer bridge on the Gervais-Roseburg road, and the Townsend bridge, west of Woodburn, are in such condition that it is imperative that they be repaired this year.
