BE JOLLY
But don't be **JOLLIED**

You are jolly when you buy and use the kind of PRINTING THAT BRINGS RESULTS, you are jollied when you are led to believe that poor printing is cheap printing, and that such printing pays. The printing Elliott does is good printing, and because it is good printing it is CHEAP.

THE BELL SYSTEM CLOTHES.

Good looks, quite often, are only "skin deep." Therefore, in selecting your suit for Spring or Summer, don't be misled into buying that which merely looks well—and the market this year is flooded with such garments. You also want wearing quality. Particular buyers will find all the protection they need in The Bell System label, which stands for the choicest products of the loom, the latest style, the artistic cut with its symmetrical lines, and conscientious tailoring—all at a reasonable price. You can prove your ability to discriminate against inferior brands by buying The Bell System Clothes.

Duty on Hides.

That the control of the hide market, and with it the control of the boot and shoe trade, has passed from England is acknowledged. How the change has come about the following review taken from the London Telegraph will show: "Not so many years ago continental and American leather alike had a deserved reputation for inferiority, for light skins as well as for the heavier varieties employed for footwear and for belting for machinery. The foreign material was all badly tanned, spongy in texture, and the hides always failed to stand the test of our damp climate. But since that period the foreign tanners and carriers have made great progress in their craft. The fact appears to be that the English merchants have practically let the control of the hides and skins trade slip out of their hands. Germany and America have usurped the foremost position in the market. It is stated that the hides of American live cattle sent to this country to be killed and eaten are, by prearrangement, all sent back across the Atlantic, there to be tanned, and mayhap reshipped to England as leather or in boots and shoes. All around the African coast are to be found the American and the German traders, industriously buy-

Human Blood Marks.

A tale of horror was told by marks of human blood in the home of J. H. Williams, a well known merchant of Dan, Ky. He writes: "Twenty years ago I had severe hemorrhages of the lungs, and was near death when I began taking Dr. King's New Discovery. It completely cured me and I have remained well ever since." It cures Hemorrhages, Chronic Coughs, Stuffed Glands, and Bronchitis, and is the only known cure for Weak Lungs. Every bottle guaranteed by J. C. Ferry, druggist. 50c and \$1. Trial bottle free.
