SOME SOCIALISTS.

Geo. R. Cook, Candidate for State Treasurer.

A resident of Astoria, is an old soldier—one of the boys who gave the best days of his life for the preservation of our country, and now seeks the emancipation of the wage slave system, and laboring men should cast their votes for him. All interest derived from state funds should and will be credited to the tax payers.

T. H. Blackman, for County Commissioner.

Is a master mechanic, builder and designer, lives at Woodburn, and is a man that will look after the interest of the taxpayers; is in favor of improving all county property and keeping everything in proper order, but curtail all needless expenses in all county matters, as he would in his private affairs.

G. F. Sherwood, Candidate for County Treasurer.

Is well and favorably known to the most of the taxpayers of Marion county and needs no recommendation as to his ability and integrity. Laboring men of all classes should see that their votes are cast for one of their own class.

When governors, judges and lawful authorities break all the rules for the adjustment of our relations with each other, in order to crush labor and exalt plutocracy, surely it is time for us to make laws for our own guidance.

Members of our class are being outraged and murdered every day that plutocracy reigns. Our brothers and sisters risk and gladly give their lives in Eastern Europe for the same great cause. We would be cowards if we hesitated at any means which are necessary to accomplish our purpose.

A few years ago an old soldier who fought four long years to preserve the Union, was caught in the meshes of the law, and his team of horses and wagon—all his earthly possessions—confiscated, because he had hauled a few loads of wood, cut from government lands, and sold it for firewood in Livingston, Montana, in order to obtain the necessaries of life. At this very time, Wm. A. Clarke, now U. S. senator from Montana, was engaged in stealing thousands of acres of the best timber lands of Montana, worth millions of dollars. The people of Montana knew at the time the illegal methods by which Clark was acquiring these valuable lands; it has been a matter of common knowledge and comment among the people at all times.

An action was brought in the federal courts to make Clark disgorge, but after winding its tortuous way through this abortive "mill of justice," the supreme court at last decided that Clark did not steal the timber lands! We fear the supreme court has placed itself in bad standing with the people of Montana who saw him steal it.

The national convention of the United Mine Workers of America, in session, have appropriated \$5000 to aid the Western Federation of Miners, and sends them word that there is more if it is needed. All hail the coming solidarity of the working people.

A Dandy for Burns.

Dr. Bergie, Pana, Ill., writes: "I have used Ballard's Snow Liniment; always recommended it to my friends, as I am confident there is no better made. 'It is a dandy for burns.' Those who live on farms are especially liable to many accidental cuts, burns, bruises, which heal rapidly when Ballard's Snow Liniment is applied. It should always be kept in the house for cases of emergency." 25c, 50c and \$1. Sold by D. J. Fry.

Moyer-Clearwater Wedding.

It was a pretty home wedding at the residence of Mr. and Mrs. J. S. Moyer, on West State street Sunday afternoon, at 6 o'clock when Miss Mayme Ethel Clearwater became the wife of Mr. Harry H. Moyer, Rev. P. S. Knight performed the ceremony in the presence of a large number of relatives and friends.

The Moyer residence was decorated with a profusion of Oregon grape in bloom and cut flowers. The hall and stairway were banked with the grape, while in the parlor, where the ceremony was performed, roses and lilacs were used effectively. The dining room was especially pretty. Garlands of the Oregon grape were draped from the corners of the room to the chandelier over the table. The center piece was of Easter lilies. A dinner of three courses was served at the close of the ceremony. The bride served the wedding cake to each guest.

The bride wore a handsome costume of princess grey silk mull over pink silk.

Miss Lela Tarpley played the wedding march.

The young couple are well known in this city. The bride is the daughter of Mr. and Mrs. D. W. Clearwater, and has lived in this city for the last three years. She is very popular socially. The groom is the eldest son of Mr. and Mrs. J. S. Moyer, and is a Salem boy. He is well known throughout the city, being a singer of unusual ability. They will continue to live in this city.

They were the recipients of a large number of beautiful and costly wedding presents.

Miss Gertrude Lyman, of Portland, was among the out of town guests.

Fourth Advantage and Feature of the Racycle

It is having the crank-hanger Dust or Dirt proof, that is, in the bearings so constructed that the dust cannot get into the ball cups absorb the lubricant and finally ruin the easy, smooth running quality of the bearings. In the Racycle the cranks are recessed so as to place bearings out in the cranks, and at the entrance of this recess felt washers are placed for the purpose of preventing the dust or dirt from entering the bearings. These felt washers hug around the ball cups, making impossible for any foreign substance to get into the bearings. Should dust or dirt get past the felt washers its further progress is hindered by the oil-charged magazine.

PERKINS GETS NACE

William Perkins, the hustling manager of the Rambler baseball team, has secured A. G. Nace, captain of the Willamette nine, as coach, and is now corresponding with various high schools and junior teams for the making of a schedule for the present season. It is also the intention of the Ramblers to take a trip northward as far as Seattle. Last season was a particularly brilliant one for the Ramblers, and the prospects for the present season are also tinted with the brightest hue.

Band Dance
Next Wednesday evening, April 18th, at armory. Large orchestra. Best floor. A nice time guaranteed.

A Word for Mr. Kay.
Some people who are actively opposing the nomination of T. B. Kay are circulating false and absurd stories concerning him. Mr. Kay is well and favorably known in the county. His record speaks for itself, and is a fair criterion to judge him by in the future and those who expect to defeat him in this way will find that such methods usually have the opposite effect, and generally react on those who start them. Mr. Kay is a safe and reliable man to send to the legislature, and will receive a large vote from the better element of the people in this county.
