FOR UNITED STATES SENATOR.

The two candidates for the United States senate who have gone fully and fearlessly before the people for the nomination are Judge Stephen A. Lowell, of Pendleton, and Jonathan Bourne, of Portland.

The other candidates have been late coming out, are little known, and have not gone fully before the people of the whole state. REPUBLICANS WILL CHOOSE BETWEEN BOURNE AND LOWELL.

Lowell is a man of great ability, perfectly clean public and private life, a fearless debater, and a man of convictions, who would make an ideal Republican senator. Furthermore he publicly champions election of senators by the direct vote of the people.

Jonathan Bourne is well-known as a big mining operator and worker in Oregon politics. Those who blame him for any political misdeeds of the past should remember that he was working under a system that required certain methods to be pursued to win. A great many voters are going to lay aside personal matters and vote for the Bourne platform.

All the evils of that system should not be laid to Mr. Bourne's door. The practices under that system were un-American and have produced their harvest of fraud and disgrace. But no man has worked harder than Mr. Bourne to overthrow that system, which he knows is wrong.

THE PEOPLE'S TICKET.

The people of Oregon have a right to demand that the best possible ticket be put up on both sides at the primary Friday, April 20th.

It is up to the Republican voter to put up a ticket that is made up of clean able and strong men who can be elected. The ticket should also be well distributed over the state, and the interests and welfare of the whole state considered.

The people generally who are not interested in factions or men, and who are not wishing to reward individuals at the expense of the party or the public have some rights to be considered. From that standpoint, the people generally

That Tired Feeling

That comes to you every spring is a sign that your blood is wanting in vitality, just as pimples and other eruptions are signs that your blood is impure.

One of the great facts of experience and observation is that Hood's Sarsaparilla always removes That Tired Feeling, gives new life, new courage, strength and animation; cleanses the blood, clears the complexion, builds up the whole system.

erally have centered on the following candidates for nomination

James Withycombe, of Washington county, for governor. He is not connected with any faction, and has no public record to explain.

Frank T. Wrightman, of Marion county, for secretary of state. He is a man of the common people, an advocate of indirect taxation, and thoroughly competent.

John H. Altkin, of Eastern Oregon, for state treasurer, favors flat salary law and turning all interest on public money over to the public treasury. If that office is taken by Western Oregon Eastern Oregon will not be represented in the executive department of the government.

For state printer Jos. R. Whitney, who has served acceptably one term and stands on a flat salary platform. The rest of the candidates are up for re-nomination, and the above ticket is well balanced, and well distributed, and can be elected.

THE LEGISLATIVE CANDIDATES.

In Marion county there are nineteen aspirants for the five places on the legislative ticket for representatives.

The direct primary law has brought out more material and better material to choose from than the old convention system.

Three of the aspirants—Davey, Judd and Simmons—were in the legislature of four years ago—and stood for Geer for senator.

Settlemyer, Calvert and Hofer have also served in the legislature. Settlemyer and Calvert are men of the most substantial business character.

Among new men who are well known in business circles are A. N. Moores, Mark S. Skiff, Wm. Cherrington, Geo. F. Rodgers and L. R. Stinson, all of Salem.

There is one Salem candidate who may be said to represent organized labor—Sam Hughes—a brick layer, who is well known all over the county.

The east end of the county presents Jas. W. McCown, of Scotts Mills, and H. P. Mount, of Silverton. McCown was two years in the Philippines with the Second Oregon regiment, and Mount is an old pioneer.

Representatives of the purely farming interests are Oliver Beers, Jerome F. Jones, of Macleay; John W. McKinney, of Turner; Lloyd T. Reynolds, of Chenawa, and W. A. Taylor, of Macleay

danger to the Republican ticket is that all five representatives will be taken from Salem.

If that should be done there will be several chances to defeat part of the ticket with Democrats and they will not be slow to take advantage of the situation.

The safest way would be for each Salem voter to choose at least two from the body of the county, and for each county voter to choose not over two from Salem.

The farming element of Marion county is entitled to representation on the ticket and all far-seeing Republicans who want success for the party in June should make up their ticket with that in view.

Candidates at Aunsville.

There was a large meeting of farmers and citizens of Aunsville precinct Tuesday, and the ladies appeared and made an appeal for the right of suffrage. Candidates for the senate, Kay and LaFollette, spoke and made a good impression. John McKinney made an able address, and so did Ed. T. Judd. Col. Hofer showed up the unjust and arbitrary features of the Tuttle act, and said he was not expecting to be nominated, as he had offended some of the Salem bosses, who were fighting him because he would not keep still about a road law that, if it was ever put into operation, would rob many a poor man of his home to build macadamized highways that the whole county and state should share in building, and which should not be built at the expense of the abutting property.

In the state of New York the state paid 50 per cent, and the counties paid 35 per cent, and the abutters paid only 15 per cent in that great Empire state. It was an outrage to put four-fifths of the expense on the farmers of Marion county. He would stand or fall by his principle, and warned the people to elect a United States senator if they wanted a clean session of the legislature. The Portland machine wanted the legislature deadlocked, as usual, over the senator.

Smiles

The Republican party in Oregon needs more character and less cracked reputations.

Yes; by all means, there should be a

state sent out from Salem to tell the dear people how to choose representatives. The people can't be trusted, and have no intelligence, according to some authorities.

If the state printing office is such an awful graft, and is robbing the people of thousands of dollars, as Candidates Duniway and Clarke represent, why don't one of these gentlemen withdraw and give the other a chance to be nominated on a reform platform? But the truth is they are only throwing out campaign thunder, and their desire for the fat things of that office are greater than their love for the dear people.

B. Shaw, of Liberty, has a record. He only served his country 29 years. He was sent to Kansas with a musket when he was only 16 years old to fight the pro-slavery hordes that wanted to make Kansas a slave state. He saw a good deal of John Brown and his men. But he should not get hot at a little of Prof. Hawley's quoting some writer of history, who was on the other side. History is like the Bible. It can be quoted on either side of any question, and Prof. Hawley got hold of all his authorities on the wrong side.

A DANGEROUS MISTAKE.

Salem Mothers Should Not Neglect Kidney Weakness in Children.

Most children have weak kidneys. The earliest warning is bed-wetting. Later comes headache, headache, languor.

'Tis a mistake to neglect these troubles.

To blame the child for its distress. Seek to cure the kidneys—Save the child from deadly kidney ills.

Doan's Kidney Pills cure sick kidneys. Salem parents recommend them.

O. W. Vaughn, of 3 State street, Salem, Ore., says: "Doan's Kidney Pills procured at Dr. Stone's drug store, proved to be a reliable remedy for backache and all forms of kidney complaint. I obtained the best of results from their use, and a child in our family who had been afflicted with weakened kidneys and nocturnal trouble got entirely well in a short time through the use of Doan's Kidney Pills. This should commend the remedy to all parents who have children troubled in any way with kidney complaint."

Opening Milan Exposition.

Milan, April 18.—The official inauguration of the International Exposition in this city took place today with impressive ceremonies. Notwithstanding the reports that there was an anarchistic plot to kill the king on the occasion of the inauguration, the king attended the opening ceremonies. President Fallieres, the new president of the French republic, was among those present, this being his first public function in any foreign country. All the European governments, as well as the government of the United States and the various South and Central American republics were represented. Great precautions had been taken to

CONSUMPTION'S WARNING

Inside facts soon become evident in outside symptoms.—Dr. G. G. GARDNER.

The aid of scientific inventions is not needed to determine whether your lungs are affected. The first symptoms can be readily noted by anyone of average intelligence.

There is no disease known that gives so many plain warnings of its approach as consumption, and no serious disease that can be so quickly reached and checked, if the medicine used is Dr. Boesche's German Syrup, which is made to cure consumption.

It is in the early stages that German Syrup should be taken, when warnings are given in the cough that won't quit, the congestion of the bronchial tubes and the gradual weakening of the lungs, accompanied by frequent expectoration.

But no matter how deep-seated your cough, even if dread consumption has already attacked your lungs, German Syrup will surely effect a cure—as it has done before in thousands of apparently hopeless cases of lung trouble.

prevent any demonstration or attack by anarchistic fanatics and the king was at all times surrounded by guards. A large crowd, mostly consisting of foreigners, attended the opening ceremonies. The exposition is not quite completed, but promises to be ready for the public opening in a few weeks. The United States and Great Britain were well represented by large exhibits in nearly every department.
