

A DASHING AUTOMOBILE STORY

A Motor-Car Divorce

By LOUISE CLOSSER HALE

A BREEZY and deliciously humorous motor-car romance—the fact that the hero and heroine are man and wife makes it no less a romance.

Mrs. Ward, a believer in the theory of the ten-year marriage contracts advanced by George Meredith, goes with her indulgent husband on an automobile tour through France and Italy for the purpose of securing a divorce on the grounds of "incompatibility of temper," which, in reality, do not exist. It takes another woman, several accidents and the automobile to bring Mrs. Ward to her proper senses.

With 36 illustrations, 10 of which are in color, by Walter Hale
12mo, Cloth, \$1.50

International Medical Congress.
Lisbon, April 19.—The opening session of the 15th international medical congress was held here today. The attendance is unusually large and it is expected that the proceedings will be of the greatest interest. Many of the most famous members of the medical profession are here to attend the congress, and every civilized country is represented. The United States is well represented by a number of prominent physicians, including Dr. Nicholas Senn, Dr. Ramon A. Gutierrez, Dr. Miguel Bombarda, Dr. R. Heyburn of Washington, D. C., and others. Many of them have prepared papers on various subjects, which will be read before the congress.

The official language of the proceedings is French, but in full convention German and English may also be used. Besides the general sessions there will be sectional meetings, and for this purpose of systematizing the work the committee on arrangement has provided for 17 distinct sections.

Primrose Day in England.
London, April 19.—Today is the anniversary of the death of Lord Beaconsfield, and it is generally observed as "Primrose Day" throughout England. Primroses were in evidence everywhere and Lord Beaconsfield's monument was decorated with masses of primroses and other flowers.

Lord Beaconsfield entered parliament at the age of 33, after he had been defeated at four elections. At 48 he was chancellor of the exchequer, at 64 prime minister, and at 72 a member of the house of lords. He only lived long enough to be a peer five years. The house in Curzon street, where he died, has an unpretentious exterior but is in the most exclusive part of Mayfair. At one time Beaconsfield lived in Park Lane.

The Property Called Health.
Runs down or improves, just depends on how it is cared for. It is the most valuable property we have, and should receive the most consideration. It helps you in business, helps good looks, helps make friends, helps get situations and helps you hold them, and always makes happiness. Property like this, at the first indication of being out of repair, should be looked after and a remedy applied at once. There are any number of signs that show repairs are needed. Bilious spells, indigestion, dyspepsia, belching, dizziness, sick headaches, sallow complexion, pimples and liver spots on the face, a drowsy feeling after meals, sour stomach, etc. These symptoms all show loss of health. Druggists will sell you for 25c a box of Dr. Gunn's Improved Liver Pills, a cure cure for all of these diseases.
