XVI.

SALEM, OREGON, TUESDAY, APRIL 24, 1906.

NO. 99.

AIN LOAD OF SUPPLIES

Twenty Nine Carloads of Provisions Sent by Government

Las Vegas, Nev., April 24.—Twenty-nine carloads of government supplies combined on one train at Ogden, Utah, arrived here this morning, and were given the right of way over everything. It is expected they will make the record run to the coast. The Southern Pacific is taking empties to the coast to take away refugees. Many pathetic scenes were witnessed by among the crowds of refugees who arrived in Ogden penniless, and were fed by the people in the park adjacent to the station.

Seventeen in One Building.

San Francisco, April 24.—It is believed the charred bones of 17 repose in the ashes of a frame building at 119 Fifth street. A fragment of one body has been recovered. The building collapsed like an egg shell, and the wreckage instantly took fire. All attempts at rescue were futile. The occupants who escaped saw a man and woman pinned on a bed, and also heard a baby crying. Mrs. Murray, the proprietor, is missing. Dr. C. P. Taggart, one of the prominent physicians of Los Angeles, who volunteered his services to the Red Cross, was shot and killed Monday by the accidental discharge of a pistol, while running up the steps of the Crocker school building. He was a graduate of the Morris Medical College.

State Gives Quarter of a Million.

Albany, N. Y., April 24.—The governor today signed the relief bill appropriating \$250,000 from the state treasury for San Francisco. It was 14 hours from its introduction to its signature.

HARRIMAN SAYS AID IS NEEDED

Two Hundred Thousand Homeless Still Need Assistance in Everyway

Portland, April 23.—Mr. E. H. Harriman wires me this morning as follows from San Francisco: "Oakland Pier 23rd, J. P. O'Brien, Portland—Having gone over the situation I am deeply impressed with the necessity of uninterrupted forwarding of food stuff with which to feed the 200,000 homeless people. The situation is well organized and the United States quartermaster department is receiving and distributing through its channels and through the various local relief associations all supplies as fast as they arrive, but the fact should be made public in all quarters that it will require continued effort on the part of everyone to keep supplies coming. Railroad companies are, of course, handling all such supplies without charge, and the people must respond to call for relief." J. P. O'Brien, V. P.

Out of the Quake.

Walter McCormick, son of J. H. McCormick, returned home from San Francisco this morning. He was in the great disaster, but fortunately escaped in safety, though the building he was in tottered to pieces. His story corroborates much of the newspaper reports.

Frank Snyder, who returned yesterday from San Francisco, tells a graphic story of the disaster at San Francisco. Frank was among those pressed into the rescue work, and forced to help in clearing the debris by the soldiers. Many were unwilling to work, but the "get to work" of the man behind the gun brought the recalcitrants to duty immediately.

GREELY MAKES REPORT

Washington, April 24.—General Greeley, who supersedes Funston, reports this morning: "Have held consultation with Mayor Schmitz and General Funston regarding the necessities of the future. The mayor urges the army to take charge of the large districts now guarded by the state militia. Apart from other conditions, it is evident the state troops cannot be expected to serve here any considerable time. It is certain that within ten days the situation will develop so that an increased force of regulars will be necessary to guard property and conserve public interests. He recommends at least 2500 men, mostly cavalry from outside divisions. He recommends that the transports Warren and Crook be immediately put into commission. Already difficulties exist regarding supplies of forage and lumber. These difficulties are certain to increase in the near future."

Greeley Makes Death List Small.

Washington, April 24.—General Greeley estimates the total death list at 275. Following the precedents of the Boston and Chicago fires, congress will pass a bill authorizing the free importation of structural steel and other building materials for use in San Francisco.

"ALMIGHTY NOT A MONSTER."

"God Did Not Send California Calamity," Says N. F. Ravlin. "God is not such a monster as to bring wholesale destruction on innocent people," said Dr. N. F. Ravlin, in a lecture at the Auditorium in Portland Sunday night. Dr. Ravlin spoke on the San Francisco calamity, and took severely to task the ministers who had declared the disaster a judgment of the Almighty.

I protest against the theory that God sent this calamity upon the cities of California on account of their wickedness.

God would have spared Sodom if he could have found five righteous men in it. "San Francisco is no more wicked than other cities, and if this city were destroyed for its wickedness, what would be the fate of Portland? God has nothing to do with these visitations. "There are some clergymen who think they know everything that God plans. The truth is that they know nothing about it."

DIED ON THE TRAIN.

Mrs. Carrie Hamilton, Sister of J. M. Ralston, Passed Away While Coming from California.

Mrs. Carrie Hamilton, of San Francisco, a sister of J. M. Ralston, of this city, while on her way to Albany early yesterday morning died on the train on the other side of Ashland, and the remains were taken off the train in that city, where they were prepared for burial. Mrs. Mina Miller, of Spokane, a daughter of Mrs. Hamilton, was with her mother when the end came, and after leaving the remains of her mother with friends in Ashland she came on to this city. On her arrival here Mr. Ralston telegraphed to Ashland to have the body forwarded on the first train to this city for burial.

Mrs. Hamilton was for many years a resident of Portland, and for the past four years she made her home in San Francisco, where her daughter, Mrs. Miller, visited her during the past few weeks. When the calamity of last week struck San Francisco the two ladies fled from the stricken city and were on their way here, when Mrs. Hamilton, as a result of the nervous shock suffered during the earthquake, died. The remains are expected to arrive in this city early this morning or this afternoon. Funeral arrangements will then be made. Mrs. Hamilton leaves two daughters, Mrs. Miller and one daughter in Seattle. Deceased was 50 years old.

The Spa

Cough Drops

For Coughs, Colds and Sore Throat. A home production of medicinal quality, as harmless as loaf sugar. Manufactured and sold by The Spa Confectionery, 352 State street.

THE SPA

CANDY FACTORY
352 State Street.

TWENTY MILLIONS FOR 'FRISCO

New York, April 24.—The national relief fund for San Francisco this morning reached \$15,800,000. It appears the fund will reach \$20,000,000. In this city alone it has passed the \$2,000,000 mark, and is expected to reach \$3,000,000, exclusive of supplies, free transportation and other necessities. Contributions are increasing instead of decreasing.

To Raise Twenty-Five Million.

New York, April 24.—A number of big insurance companies, it is reported, have decided to pool their interests and raise a fund of \$25,000,000, to meet the needs of members paying the San Francisco losses.

EARTHQUAKE AT EUREKA.

Large Property Loss, But No Personal Injuries.

The steamer Alliance, which arrived here yesterday from Eureka, reports that that city experienced a heavy shock of the earthquake which destroyed San Francisco, and much damage was done throughout the country, but so far as reported no one was injured. In Eureka no plate glass was left in the business fronts, and broken glass lay so thick in the streets that it could not be avoided in walking along. All glassware, crockery, bottles, etc., were destroyed, and practically all chimneys were put out of commission. The large statue of Minerva on the court house dome was wrecked from its fastenings and hangs horizontally out from its pedestal. No damage was done by fire. The water supply was cut off, but large reserve was available in tanks. In Arcata the damage was estimated at \$30,000, but this was probably greatly exaggerated. At Fortuna the high estimate was \$20,000. Ferndale was reported to have suffered the worst having hardly a building left. Our informant saw at Fields' Landing a great crack in the ground, four feet wide, and similar fissures were opened in all parts of the county. Both the Times and the Standard estimate the damage in the county at half a million, but this was probably much too high. There was no suffering, and money was being raised for San Francisco, though no food stuffs could be spared to send. The Vance House and the Grand Hotel, in Eureka were said to be very severely damaged, and the large store building of Russ, Early & Williams, at Ferndale, was completely demolished, while the old Boynton & Hall store suffered a loss of \$100,000. In Fortuna the Kramer hotel was damaged to the extent of \$1500, and the iron doors of the Newell & McIntire store were blown out of the building into the street. As the Alliance entered the bay she met the steamer Walhalla. That steamer had left San Francisco shortly before the shock, for the Mendocino coast. When she passed Point Arena she saw that the light house and lifesaving station were gone, or, as the captain expressed it through the megaphone, "all buggered up."

Open Air Auto Show.

New York, April 24.—This is the opening day of the open air automobile show, which will be held under the auspices of the New York Automobile Trade association at the Empire City track, Yonkers, for the next three days. Among the features of the show will be an economy test, a high gear test, and a starting and stopping test, tire tests and gymnastic events. In addition there will be a number of tests for commercial vehicles. A long incline will be built, containing grades of various percentages, on which cars will be tested and demonstrated.

A Religious Fight.

Vienna, Austria, April 24.—It is reported today that at Leomo, near Warsaw, 3000 orthodox Catholics, led by priests, attempted to retake the church seized by Mariannette sectarians. The defenders defeated the Catholics, killing 12 and wounding 15.

The Strike in France.

Paris, April 24.—The strike situation is growing steadily worse throughout the country, the small tradesmen joining the ranks, and the government is greatly alarmed.

Didn't Wait for Baggage.

Chicago, April 24.—Every train is bringing refugees from San Francisco, for all points East, and many for Europe. F. Augustus Heinz and a party of friends came this morning. They made no efforts to save their personal effects.

MURDER AT OREGON CITY

Night Policeman Shaw Shot by Man He Attempted to Arrest—Murderer Escapes

Chief of Police Burns, of Oregon City, this morning notified Sheriff Culver that Geo. Hanlon, night policeman at Oregon City, was shot at 3 o'clock this morning, and will die. He attempted to arrest a man suspected of having escaped from the Multnomah county jail Monday. The assassin is described as being about 28 years old, 5 feet 9 inches in height, weighs 160 pounds, wearing at the time a salt and pepper gray coat and vest, dark pants, black shirt, light necktie, a pearl stick pin and a gray Fedora hat. A later dispatch says a reward for his murderer has been offered by the sheriff of Clackamas county.

Courle-Carpenter Wedding.

New York, April 24.—The marriage of Miss Isabel Thacher Gourlie, daughter of the late John H. Gourlie, of Kingraig, Greenwich, Conn., and Noel Lispenard Carpenter, the son of Mr. William Carpenter, will take place this afternoon, at Calvary Protestant Episcopal church, Fourth Avenue and Twenty-third streets. Miss Nathalie Gourlie will be her sister's maid of honor. The bridesmaids will be the Misses Sadie Barrett, Edith Gourlie, Jeannie F. J. Carpenter, of this city, and Eleanor Ames, of Boston. Mr. Henry Le B. Carpenter, of Hillcrest, New Brunswick, N. J., a cousin of the groom, will be the best man. The ushers will be Messrs G. Winthrop Sands, Samuel Walsh, Herbert Riker and Thomas Adams. After the wedding there will be a reception at the house of Miss E. C. Gourlie, an aunt of the bride.

Big Double Wrestling Match.

New York, April 24.—One of the biggest double wrestling events for many years will come off at Grand Central Palace this evening, when there will be two wrestling matches, one between George Bothner and Harvey Parker and the other between John Piening and Fred Beell. Bothner and Parker have met on several occasions, and up to the present time neither has been able to establish his superiority over the other. Tonight they will meet at a weight of about 138 pounds, and Bothner is confident that he will defeat his old antagonist. John Piening is the Graeco-Roman champion, but he will not use his favorite style of wrestling, but catch-as-catch-can. The men will wrestle for one hour and if neither has gained a fall at the expiration of that time the referee will have the right to give a decision. The match between Bothner and Parker will practically be under the same rules. If Piening should defeat Beell he intends to go west and force John J. Rooney, the Chicago giant gripman, to wrestle with him. Beell, on the other hand, is anxious to defeat Piening to get another opportunity to wrestle Tom Jenkins, the champion of America, by whom he was defeated some time ago after a hotly contested battle.

Women's Whist Tournament.

St. Louis, April 24.—The ninth annual congress of the Woman's Whist League opens here today, at the Southern Hotel. It will last four days and promises to be an unusually interesting event. The playing began this morning, the contest being for the Washington trophy. Among the valuable trophies to be contested for are the Cavendish, the Philadelphia cup, the Toledo trophy, the New Amsterdam trophy, the Quaker City trophy, the Brooklyn trophy and others.

Buried This Time to Stay.

Annapolis, Md., April 24.—The President, French ambassador, French and American admirals and government officials of the state and nation joined this afternoon in the permanent burial service commemorative of the life and services of Paul Jones. Ambassador Jusser and General Porter were the principal speakers.

A Narrow Escape.

Paris, April 24.—Former President Loubet has miraculously escaped death. A bomb with its fuse burning was found in the window of his study and extinguished. It was found to be extremely deadly.

Official Count Wednesday.

The official count of the votes polled at the primary election will probably be finished by Wednesday noon.

POLK COUNTY STRONG

In Favor of Statement No. One and B. F. Jones Won Out

Captain Walter Lyon, who runs the Independence West Side Enterprise, was in the city today, and is jubilant over the prospects of a statement No. 1 legislature, and believes that the principle will win out. Captain Lyon made an uncompromising fight for a Republican representative ticket in Polk and Lincoln counties that should stand up for statement No. 1. He did not succeed in securing candidates before the primaries in his county who would sign the statement, but fearlessly told the aspirants for the legislative nomination that they would be called upon to take the statement before the election, and it is now up to Dr. McCallon, of Dallas, who won out at the primary, to say that he proposes to do in case he is elected. It is squarely up to him as the Republican candidate for representative from Polk county to declare that he will or will not vote for the popular choice for United States senator if he is sent to the legislature. A square issue was joined between Hon. B. F. Jones, a newcomer in the county, who ran for joint representative, against an old pioneer resident, Hon. J. S. Cooper, and beat him by 50 votes, having the largest majority of any one candidate over another. Jones also carried Lincoln on the same issue, and the only Republican paper there was fighting the statement. Captain Lyons stood alone in the two counties, and has scored a handsome victory. Captain Lyons says the only thing between Dr. McCallon and his election is whether he signs statement No. 1 or not. There were three candidates before the primary for the nomination, and yet there were a large number of voters who declined to vote for any of them, there being less votes cast on representative than on some other offices. It is thought by Captain Lyon that a large number of statement No. 1 Republicans did not vote for any candidate for representative.

New Bridges at Aurora.

Aurora, Or., April 24.—The Southern Pacific road has the steel and timber on the ground here for the new steel bridge they are going to put in over the Pudding river. The 75-pound steel rails have been unloaded here to replace the old ones for a distance of two miles from the bridge to the top of the grade south of the city. A large gang of men are at work on the track, and the grade will be raised seven feet in some places to do away with the hard pull trains have had to make going south. The track is on an up-grade and is a double S curve south of the city, and it has been necessary for all trains to back down about a mile from the station and get a flying start to get over the grade.

CHICAGO STORE

PEOPLES BARGAIN HOUSE

THE WONDERFUL GROWTH

OF THE CHICAGO STORE IS SUFFICIENT PROOF OF ITS MONEY-MAKING ADVANTAGES. YOU CAN ONLY APPRECIATE THOSE GREAT ADVANTAGES WE OFFER WHEN YOU COMPARE OUR GOODS AND PRICES; THEN YOU WILL SEE HOW YOU HAVE BEEN ALL TREATING YOUR BEST FRIEND ON EARTH, YOUR POCKET-BOOK. READ ON:

A SILK SALE.
