Smiles

As usual, the really good men got left.

Now let us all plant spuds and cabbage.

Let all be thankful for the showers. It will be dry enough by and by.

Now let all us good farmers wean our calves and prepare to pay taxes.

The Bensons apparently were close to the power behind the throne in Oregon.

Daniel Webster for justice of the peace—certainly something appropriate in that.

So far no Salem man has been reported as voting twice. That is pretty well for Salem.

The wise candidates will show just a little consideration to the fellow who didn't get there.

Between the people who couldn't vote and the people who didn't vote, a great many candidates got left.

The interior of the state is always ready to slap itself in the face in the interest of impoverished Multnomah.

Geo. C. Brownell has again been indicted by the people of his county as the best fellow and most popular man in the county.

What a bad man Porter of the Oregon City Enterprises must be to be three times as popular as Brownell is in Clackamas county.

The next political roundup will be at old Champoug on the 4th of May. It will be old pioneer's day, and there will be politicians galore.

There is no meetings in Oregon, from primary elections to "five-hundred" card parties, where money is not raised or relief sent to California.

Jones, of Macleay, was in town to

day. He has no doubt that he ought to be sore, but he comes up smiling, and will fight hard for the ticket.

The North Salem Improvement League will meet tonight, but there will be no street improvements up there until the ladies take hold.

Marion county, as usual, was out for too much, and got very little. Next time we will do better. Of course, we will get some minor positions.

If the good people of Portland want the rest of the offices let them take them. What they couldn't get at the primary they can take at the June election.

Why not improve the waterways on the same plan as the highways under the Tuttle act—assess all the abutting property for five miles on each side of the river.

Yes, it would be terrible if some of the fossilized assistant Democrats in the state institutions lost their places. But that will not happen. There are no earthquakes in Oregon.

Alex. LaFollette ran pretty well for a farmer. It was not a good year for farmer candidates. Besides the farmers were too busy working to have enough to pay their taxes next fall and have any farm left.

That clam-digger Jones of Lincoln county has won out over Jim Cooper and will be the next joint representative from the Polk-Lincoln district. Well, as long as the clams hold out there will be something for Jones to do. He is certainly a Geo. C. Brownell in a campaign.

The Good of Medicine.

People insisting that medicine does no good, have one stubborn fact to contend with, that is, the people who do believe are greatly in the majority. We have been so fortunate during the past 20 years as to convince thousands of sufferers with weak, watery blood, who had all the symptoms of a general breaking down of the system that one medicine, at least, does good. Nervous and unsteady people, weak, fleshless people, pimply, pale or sallow people, can have strong, steady nerves and solid healthy flesh by the use of Dr. Gunn's Blood and Nerve Tonic. A tablet to take at meal time, it turns the food you eat into rich, red blood, making solid flesh at the rate of 1 to 3 lbs. per week. Sold by all druggists for 75c per box, or 3 boxes for \$2. This medicine saves doctor bills and insures health, giving the very best treatment possible.

Old Hotel Sold.

Ex-Judge G. P. Terrell was in the city today and left for home. He says the old Mehama hotel has been sold to Hawley & Healey, the owners of most of the water rights up there, who will rent the same. The Stouts are conducting a hotel, and the Terrells will have an auction sale on Saturday at 10 a. m.

CENTRAL COMMITTEE

MEETS IN SALEM ON WEDNESDAY AT 1 P. M.

State and Congressional Committees Also Called to Meet at Portland

The new Republican county central committee meets at Salem Wednesday at 1 p. m. County Chairman Murphy expects to be a candidate for re-election, although a Republican who is not a member of the county committee can be elected county chairman. Mr. Murphy would like the office for the prestige it would give him. B. F. Meredith will probably be re-elected secretary.

The certificates of the new county committee will be ready and will be delivered to them by County Clerk Roland. The committeemen elected are as follows:

Each county central committee will elect a member of the state and congressional committee, besides a county chairman and secretary.

The law requires the county committee to meet within five days of the election. State Chairman Baker has called the state central committee to meet at Portland April 27th at 2 p. m. Congressional Chairman Walter Tooze has called the congressional committee to meet on the same day.

STEEL AHEAD OF HOYT

State Treasurer Contest Is Very Close but Hoyt Does Not Give up

Complete returns from 11 counties, 10 of which have had official counts, increase the lead of George A. Steel over Ralph Hoyt to 371. It therefore appears almost certain that Steel will be the next state treasurer. The figures at hand last night give Hoyt 8199 and Steel 8570. The race between these two candidates has been as exciting as it has been close, and though the Steel men now feel safe, there is always the possibility of a material change in the plurality before the count is completed. Hoyt has not by any means conceded his defeat, but counts on pluralities in Crook, Curry, Grant, Harney, Wheeler and Lake, from which no figures have been received.

STATE LEAGUE FORMED

Basketball enthusiasts formed a state league here recently, the teams represented were: Portland and Salem Y. M. C. A., Dallas college, Pacific college, Oregon Agricultural College, University of Oregon, Multnomah Athletic Club, Willamette University and the State Normal School.

The championship committee consists of Charles Mackie, of Portland Y. M. C. A., chairman; C. V. Swan, Corvallis; E. E. Shaw, Dallas; H. Z. Thorp, Monmouth, and R. E. Matthews, Salem.

Resolutions were passed ordering "that the schedule of games each month be presented to the championship committee the first of the preceding month; that each club, association or college sends to the chairman of the committee a list of five or more men whom they consider competent officials; that the men playing on these teams be registered, and such registration be reported to the championship committee before the games are played."

The organization will abide by the rules as specified by the Y. M. C. A. Athletic League of North America, and the decision of the championship committee.

EVERYTHING NEW THIS SEASON

Norris & Rowe's Circus to Furnish a Veritable Feast of Circus Novelties.

With the present circus season, the greater Norris & Rowe Show will celebrate its 18th birthday. It is but natural to suppose that in all this time a vast quantity of equipment should be collected, so it is with considerable relief that Norris & Rowe accepted the offer of a small circus touring the middle west to purchase all their old wardrobe, costumes, small cages, dens and chariots. When the clearance was effected H. S. Rowe hurried to New York and there had made to his order all new big dens, tableau wagons, chariots cages, floats, etc., superb new wardrobe, attractive trappings for the horses, and many novel up-to-date circus fixtures. So when the show appears here the young western circusmen are confident that the public will agree with them that the title "The New and Greater Norris & Rowe Circus, Museum Menagerie and Hippodrome," is the most appropriate name that could have been given the show. Not an act of any kind has been retained from last season. Many of the European bareback riders are making their first trip to this country, and quite a number of the athletes, midair performers and acrobats have never been seen in this section, and this is just exactly what Norris & Rowe wanted. It was promised last season that when the show came this way again every act, feature, novelty and all the equipment would be new and an interesting and Norris & Rowe are satisfied in the knowledge that they have, as always, lived up to their promise. The new and greater Norris & Rowe Circus will give two exhibitions here Tuesday, May 8th.

ABOUT STREET SPRINKLING

Ed. Journal: Your suggestion of a few days ago relative to sprinkling State street to the depot was a good one, and if carried out would be a starter in the direction of civic pride, such as would vastly benefit our city. The city council ought to make arrangements to sprinkle the streets and charge for it, but if the time is not ripe for that we ought not to be deprived of this inexpensive luxury and comfort. Our citizens vie with each other to see who can be the most liberal in helping unfortunate outside, and I am sure if awakened to the need would be equally generous with their money in doing things for themselves. Public street sprinkling ought to be inaugurated soon, and in order to bring this about let us set the ball rolling by starting up the luxury at private expense. It will not cost much to have our main thoroughfare kept clean and free from dust, and, aside from the higher considerations, it will pay us from the cold standpoint of dollars and cents. After we have had it for a few seasons, the community will wonder how it ever did without. Why cannot our park commissioner take this matter up and provide a solution for the problem of dusty streets. Yours for

CLEANLINESS.

To Examine Hubbard Creek Bridge.

Commissioner Needham went to Hubbard today to examine the Butte creek bridge, two miles east of Hubbard, which is reported to be in bad condition. Commissioner Miley will meet him at Hubbard, and both will ascertain what is to be done with the bridge.

ANTI LOCAL OPTION

Suit to Restrain Petitioning Liquor Dealers on the Ballot

A suit was filed by Attorney Crawford and E. C. Bronough and M. Pelt, to restrain the secretary of state from placing on the official ballot the anti-local option law bill, and to be voted upon in June. The plaintiffs allege that the bill does not plainly describe the same, but is leading, and not descriptive of the proposed amendments. Judge Galloway will be up at this evening to hear the arguments, and issue the order for the injunction. The effect of the injunction will be to prevent any amendment of the law.

The M. B. M. Society.

The M. B. M. society met at the home of the president, Miss Lella Egan Saturday evening, April 21st. A pleasant evening was spent playing cards. Prizes were won by Miss Lella Egan and Nellie Tucker. Late hour dainty refreshments were served. Those present were: M. Lella Rigdon, Myrtle Duncan, M. Pigler, Lois Ohmart, Maud Vander, Viola Fisher, Ione Fisher, Olive Dell, Iva West, Nellie Tucker, M. Duncan, Mary Hall.

Don't Go It Blind!

Many people do when they are buying shoes. Some go into the first shoe store they come to and take most any pair of shoes the salesman says "fit." Other shoe buyers are attracted by the price alone. This is folly. The safe buyer will come here and be correctly fitted with the best pair of shoes, pay a fair price and be happy ever afterwards. Shoes for men, for women, for children, for everybody. THE BANK HABIT.

Possibly you who read this have never kept a bank account. If not, let us suggest that you try the experiment. You will find it helpful in many ways. Aside from the fact that your money will be safe from theft and fire, such a habit tends to thrift, economy, discipline, and a general understanding of business principles, all of which are essential to success. It also affords a convenient method for the payment of bills; and, as the checks are always preserved and returned to you, they serve as receipts for the amounts paid.
