# 25,000 PEOPLE LEAVE CITY

# 789 TRAIN LOADS MOVED IN FOUR DAYS

## SAN FRANCISCO THE BEAUTIFUL TO BE CREATED

Oakland, April 25.—Before the ash-cooled workmen began building a greater San Francisco on the ruins of the old city, an announcement was made in the forenoon that a capitalist lawyer will erect a 12-story steel structure on Powell street, and also rebuild on the site of the burned Hotel Rex a new 10-story steel building. The Southern Pacific official state that 789 train loads of refugees were sent out between Wednesday and Saturday night, carrying 25,000 persons. This exodus is over, and after Thursday no more free transportation will be given without special orders from army headquarters. An effort is being made to keep all able-bodied men here. W. J. Barnett, of the Western Pacific, says plans for making San Francisco the most beautiful city in the world will soon be under way, and that all funds needed will be forthcoming when required. The intention is to follow the suggestions embodied in the report of Architect Daniels Burnham on the beautification of the city. The announcement is made that the banks have at their disposal \$100,000,000 when business is resumed. All bank vaults examined have been found in good condition, but will be reopened for two or three weeks, owing to the intense heat. Serious friction between the militia and police caused a strong demand for the withdrawal of the state troops, and they are likely to be recalled today. Militiamen arrested policemen, and in some instances compelled them to work on the streets. Chief Dinan sent a sharp warning to the militia to stop this and also to cease impressing citizens for work. Mainly through the work of Detective Sergeant Thomas Gibson all the police records and Bertillon measurements and photographs of identification of that bureau of the police department were saved.

ferr-d from the mint to the Oakland banks, that will be available to depositors immediately, to relieve pressing needs. Berkeley banks also received large amounts. Shipments of coin across the bay continue. The report that Funston has been succeeded is incorrect. All is in his command in the department of California. General Greeley is in command of a division. While the mortality list is still placed at 1000 by the coroner, only about 300 bodies have been recovered and buried by the coroner's assistants. The work of exhuming bodies given temporary burial in vacant lots and parks continues. No thorough search has yet been made south of Market street, or in the Chinese quarter, where it is believed hundreds were cremated or buried beneath the debris. Twenty-eight schools will remain closed until fall, when, it is hoped, the children will be provided for temporarily in rented buildings. The vaults in the demolished city hall are intact, and nearly \$6,000,000 of the city coin is saved. It will not be opened for some days, for fear the bonds and valuable papers will be destroyed. Seven lines of street cars are in operation today, and more will be started as fast as trolley wires can be strung. Owing to the rigid enforcement of rules by the relief committee, all fear of an epidemic is passed. Vigilance will not be relaxed. A force of fully 200 physicians is engaged in a house to house inspection, correcting sanitary evils. The sun is shining brightly today, bringing cheer to thousands of homeless people camped in tents.

ing a municipal railway is in abeyance. Rudolph Spreckles, who proposed to supply the funds refused this morning to say whether or not the plan would be carried out. Managers of the Sharon estate have decided to replace the Palace Hotel with a modern ten-story structure. The St. Francis is to be rehabilitated, as will also the Fairmount.

**Woodburn Has Two Carloads.**  
Woodburn, April 25.—Mayor Poorman is exerting every effort to increase the subscriptions for San Francisco sufferers. Two carloads of potatoes and flour are ready to ship.

**Albany Plans Relief Work.**  
Albany, Or., April 25.—Albany is devoting all efforts to relief of San Francisco sufferers, and to feeding refugees. The relief committee has raised about \$1000 in money and an equal amount in supplies. Two carloads have been sent to the stricken city, and the residue will be used in caring for refugees.

The Telegram's offer of assistance was presented to Mayor J. P. Wallace and P. A. Young, secretary of the relief committee, yesterday morning, and both expressed appreciation of the Telegram's kindness.

A woman's relief society was formed today with 50 members, Mrs. L. E. Blain, president; Mrs. S. S. Train, vice-president; Mrs. A. H. Martin, secretary; Mrs. E. W. Langdon, treasurer.

**Astoria, April 24.**—Not less than \$15,000 will be raised in Astoria for San Francisco sufferers. Three cars of salmon, representing an outlay of over \$10,000, have been shipped. Committees are still raising funds. Tents, bedding and supplies to the amount of at least \$5000 will be rushed to the scene of disaster.

The Woman's Club of this city has taken the work in hand and this evening will give a benefit concert, the proceeds to be added to the fund. A concert of similar nature was held Saturday night.

**Pendleton Fund \$5050.**  
Pendleton, Or., April 25.—Over \$5050 has been subscribed for San Francisco and awaits instructions from General Funston. The subscription was secured by a committee from the Commercial Association and the city council, composed of T. C. Taylor, B. F. Renn and M. A. Rader.

**Monmouth Sends Carload.**  
Monmouth, Or., April 25.—Committees to solicit funds and supplies have secured a carload of potatoes and a generous contribution of money. The women supplied food, and a car was dispatched to California. Response was prompt and generous, and further supplies will be forthcoming.

**Bridal Veil's Contribution.**  
Bridal Veil, Or., April 25.—Sixty dollars has been subscribed for the San Francisco fund. Women have donated food and clothing. Two carloads of lumber have been sent by the Bridal Veil Lumber Company.

**Supplies and Lumber from Newberg.**  
Newberg, Or., April 25.—Newberg's relief committee started one car of provisions for San Francisco yesterday, and soon will have another ready. The Spaulding Logging Company started one carload of lumber and will ship two others from their Salem mill.

**Deserting the Park.**  
San Francisco, April 24.—The refugees are rapidly thinning out of Golden Gate Park and the Panhandle. The police estimated that 2000 people left the park yesterday, and there are about 3000 left.

The rain had little depressing effects on the spirits of the people seeking shelter in the tents. One man tacked up a sign in front of his tent, taken from a coal oil can:

"Keep cool and dry."

A company of soldiers was sent from Fort Mason this morning to guard the vaults of Masonic cemetery, where the papers from the hall records are stored. All the records there were saved, but those in the county clerk's office were lost.

The teachers, principals, superintend-

ents and the board of education are ready for work. Buildings or tents suitable for school purposes will be provided in the near future, and just as soon as they are ready school will begin.

**ESCAPED THE EARTHQUAKE.**

**An Examiner Printer and Family Reach Albany from Frisco.**

Mr. and Mrs. Frank A. Bemis and Miss Flossie Woolsey, sister of Mrs. Bemis, came up from San Francisco yesterday noon and went to Lebanon, near which place the parents of the ladies reside. Mr. Bemis, who was for several years a linotype operator on the Salem Journal, was employed in a similar position on the Examiner when the earthquake and fire occurred, and, while they saved some of their belongings, they had a hard time of it for several days. They were for a time in Golden Gate Park, and finally reached Oakland, from which place they came to this city. They told of the horrors of the fire and earthquake and their efforts to secure food and water, along with the thousands situated as bad as they were. Miss Woolsey, during the earthquake, was struck on the head by a falling vase, having her head and face badly cut. Mr. Bemis will spend a short time in Lebanon, when he will try to secure employment in some of the print shops in Salem or Portland. He expects to return to San Francisco as soon as the papers in the city resume operations.—Albany Herald.

**ALCATRAZ ISLAND ESCAPES IN JURY.**

San Francisco, April 25.—There is one place within pistol shot of ruined San Francisco that the earthquake did not touch, that did not lose a chimney or feel a tremor—Alcatraz Island.

Despite the fact that the island is covered with brick buildings, brick forts and chimneys, not a brick was loosened, not a crack was made not a quiver felt.

When the scientist comes to write he will have his hands full explaining why Alcatraz did not have any physical knowledge of the event.

The scene from the island was awe-inspiring. The crashing of a falling city filled the ears of the aroused island, but no one understood what it was all about.

There was no earthquake that he knew of, yet the city, a few hundreds yards across the bay was crashing to ruin. No man on the island knew what was the matter until the boat landed at the shattered wharves.

**Former Physician at Indian School.**

Dallas, Or., April 24.—Dr. William J. Farley died Monday at his home near this place. He was widely known in the Northwest, having come to Oregon in early infancy with his parents. He was formerly physician at the Chemawa Indian School, and had been before that period resident physician at the Warm Springs Indian Agency. He received a diploma at Bellevue Hospital, New York City, and was a practitioner of excellent repute. Twelve years ago, at the time of the Southern Pacific train wreck near Chemawa school, he worked all night over the injured, and suffered severe strain and exhaustion, inducing rheumatic tendencies, from which he was a constant sufferer in later life. Dr. Farley was a son-in-law of Rev. C. E. Cline, of Portland, and had been a resident of Dallas for many years. He was a member of the Pioneer Association. He leaves a widow at Dallas. There are no children.

## MURPHY AGAIN CHAIRMAN

### Mayor Waters Was Elected State Central Committee-man for Marion County

The Republican county central committee met at 1:30 this afternoon. Called to order by Chas. A. Murphy. Frank Meredith, secretary.

Committee on credentials: Ed. Martin, A. S. Moffitt, Ray Hicks, W. H. Humphrey and J. T. Jones.

The committee reported the list of committeemen as heretofore noted, except as stated.

The tie in North Salem between Geo. C. Will and Jos. A. Smith was settled by flipping a dollar, and Smith won.

In Mehama E. G. Siegmund was reported on by the committee.

F. B. Simpson, Sidney, and Geo. Hobart in North Silverton were seated.

The report was adopted.

E. A. M. Cone, of Butteville, had a proxy from George Sheurer, and it was recognized.

The temporary chairmand secretary were made permanent, re-electing Chas. A. Murphy, chairman, and B. F. Meredith, secretary.

Mr. Murphy made a neat address, accepting the honor and saying there should be a pull made to elect the whole ticket.

F. W. Waters was unanimously elected member of the state central committee from Marion county.

Election of congressional committeeman was referred to executive committee.

A number of the candidates were present and were called out for addresses.

**For Executive Committee.**

On ballot of the County Central Committee twenty votes were cast, eleven necessary to choice. Five were to be chosen and the nominees are:

J. L. Cook, St. Paul; W. L. Simeral, Macleay; J. T. Jones, Jefferson; E. L. Martin, Turner; W. H. Humphrey, East Salem; Jos. N. Smith, Salem No. 5; A. R. Siegmund, Gervais.

The Republican city committee is called to meet this evening at 8 o'clock at the city police room.

tioner of excellent repute. Twelve years ago, at the time of the Southern Pacific train wreck near Chemawa school, he worked all night over the injured, and suffered severe strain and exhaustion, inducing rheumatic tendencies, from which he was a constant sufferer in later life. Dr. Farley was a son-in-law of Rev. C. E. Cline, of Portland, and had been a resident of Dallas for many years. He was a member of the Pioneer Association. He leaves a widow at Dallas. There are no children.

## CHICAGO STORE

**PEOPLES BARGAIN HOUSE**

### THE WONDERFUL GROWTH

OF THE CHICAGO STORE IS SUFFICIENT PROOF OF ITS MONEY-SAVING ADVANTAGES. YOU CAN ONLY APPRECIATE THESE GREAT ADVANTAGES WE OFFER WHEN YOU COMPARE OUR GOODS AND PRICES; THEN YOU WILL SEE HOW YOU HAVE BEEN ILL-TREATING YOUR BEST FRIEND ON EARTH, YOUR POCKET-BOOK. READ ON:

**A SILK SALE.**

**SALEM'S GREATEST GROWING STORE.**

**ACEVOY BROS.** Corner of Commercial and Court Streets

## WHAT'S ZWAT

There is nothing you spend your money for and know less about what you get than for dentistry. So for this same reason you should choose the dentist who is able to build up the largest practice in the city in less than two years. Why? Because it is through the system of giving the highest class of work for reasonable prices. If you want to be tortured, as people were 20 years ago, and pay exorbitant prices, go to the old out-of-date dentists, that's your business. If you don't want this suffering come to me, where all work is painless, that's my business. It costs no more to have the best. But there is only one place in Salem to get it.

**Dr. B. E. Wright, The Painless Dentist**

Office hours, 8 a. m. to 5 p. m.; 7 p. m. to 8 p. m. Sundays, 10 a. m. to 12 m. Stuedoff Building, Court street.
