ELECTION DATES TO REMEMBER

Last day for filing nominating petitions for county offices May 13. General election June 4.

THE KIND OF SENATOR MR. BOURNE WOULD MAKE

It is up to the Republicans of Oregon to seriously consider what kind of senator Jonathan Bourne, of Portland, would make.

HIS LOYALTY TO THE STATE OF HIS ADOPTION, TO ITS BUSINESS INTERESTS AND MATERIAL INDUSTRIES IS ESTABLISHED.

His devotion to principle and an unwavering advocacy of what he believes is right has been demonstrated many times.

What other man in Oregon would have taken up the cause of the direct primary law and staked his political future on that enactment of the people?

MR. BOURNE DID IT, AND THE PEOPLE, REGARDLESS OF PARTY, OWE IT TO HIM THAT THE LAW WAS NOT SET ASIDE, NULLIFIED AND TRAMPED UNDER FOOT IN ITS FIRST TRIAL.

For he it is remembered that the machine politicians of both parties curse the direct primary law, and are praying to be delivered therefrom.

With heretofore vigor, with a ruler born of intense loyalty to principles that underlie popular government, and administrative frankness, Bourne has butted for the better and spirit of the law.

CASTING ASIDE PERSONALITY, IF THE FIRST MAN GOES TO THE UNITED STATES SENATE FROM OREGON BY THE DIRECT VOICE AND DELIBERATE VOTE OF THE PEOPLE, IT WILL BE DUE TO THE HEROIC FIGHT FOR PRINCIPLES MADE BY MR. BOURNE IN THIS CAMPAIGN.

If the people of Oregon are able to strike the first blow at the trust-ridden American house of lords, it will be because Jonathan Bourne has enabled them to do so, by meeting the issue unequivocally.

DOES ANY ONE DOUBT THAT MR. BOURNE WOULD NOT BE AN AGGRESSIVE FOR THE RIGHT, AS LOYAL TO THE FUNDAMENTAL REFORMS AS DEVOTED TO PRESIDENT ROOSEVELT IN THE U. S. SENATE AS HE HAS BEEN AS A PRIVATE CITIZEN?

If Oregon hopes to hold her own in the development of western commonwealths, it is high time the people were represented in Washington by a man of such purpose, dynamic force and keen mentality and ability to do things as Jonathan Bourne.

The Journal believes in standing by the law. If any of the other aspirants had secured the direct nomination for the U. S. senate, IT WOULD MAKE THE SAME DEMAND THAT HE RE

Nervous?

There are many causes of nervousness, but poor blood heads the list. The doctor calls it anemia. The blood lacks red corpuscles. As your first opportunity, consult your doctor about taking Ayer's Sarsaparilla. Ask him if he has anything better for weakness, debility, nervousness. If he has, take it. If not, take Ayer's Sarsaparilla. Get well, that's what you are after.

CRIVE THE SUPPORT OF ALL REPUBLICANS.

If there be any Republicans who imagine they are helping their party in the future by defeating Mr. Bourne, let them consider that it will not be the candidates who will suffer. Principles dear to the heart of the masses will be trampled under foot, and the foundations laid for the defeat of the party in the future.

PLATFORM IS MADE

Initiative and Referendum, Direct Primary and Statement No. 1 Included; Republican State Central Committee Takes Advance Ground, Adopts Up-to-Date Platform.

The platform agreed upon by the Republican state central committee is presented herewith:

Resolved, that the Republicans in Oregon, proud of the party's achievements and confident of its continued usefulness in the future, renew their enthusiasm in the faith and pledge each other to work in harmony and good fellowship with the single purpose of securing to the state and to the nation the perpetuation of the principles of Republicanism; and we congratulate our people on the happy consummation of the fractional differences that have militated against Republican success in the past.

Resolved, that we reaffirm the principles of the national Republican platform adopted at Chicago, June 22, 1894, and congratulate the country upon the consummation of the era of prosperity that began under the wise and beneficent administration of public affairs by a Republican President and a Republican congress. It is a source of gratification to our people that our great industrial growth and our untrampled development of the resources of mine, farm and workshop since 1897 is due to the fact that the Republican party, with its policy of protection and its stand for a safe and honest monetary system, has exercised the functions of government. With its bright record of achievement, the Republican party expects a continuation of the confidence bestowed upon it in its policies and administrations. We therefore call upon people of Oregon to give their support in the June election to the party of protection, progress and prosperity.

Commends the President. Resolved, that President Roosevelt's administration of the affairs of the nation, at home and abroad, justifies the faith of the people in him as a wise and patriotic executive. We especially commend the steps taken by him to promote internal peace and contentment in the Philippines and to encourage the trade relations of our people with the several nations of the Orient. In his battle for civic righteousness he is entitled to the cooperation of all good citizens.

Resolved, that we heartily commend the principle embodied in the initiative and referendum amendment to the constitution. We urge the Republicans of Oregon to carefully consider all measures proposed thereunder. This law, approved by two successive Republican legislatures and adopted by the voters of this strongly Republican state, eliminates individual dictatorship and brings back to the people the control of their political affairs.

Supports Direct Primary. Resolved, that the first trial in Oregon of the direct primary law and Statement No. 1 regarding the people's will in the choice of candidates for public office, and the Republican party claims the credit thereof. The nominees to chosen are men of integrity, courage and ability, who deserve and are entitled to receive the loyal, cordial and enthusiastic support of every Republican elector in the state.

Resolved, that the Republican party favors the investment of capital in improvements and enterprises in the state of Oregon with such regulation and control of corporations as will protect the rights and interests of the people.

Resolved, that the Republicans of Oregon favor just and equitable taxation of both tangible and intangible property, and are assiduously opposed to granting perpetual franchises.

Resolved, that we favor legislation that will require private banks, trust companies and savings banks to make true and accurate semi-annual reports of their financial condition similar to those required of national banks by the banking laws of the United States, to the end that the rights of the depositors and the people of the state with

when they do business shall be fully protected.

Loan of M&E Funds. Resolved, that we favor the leasing of idle lands of the state on call, with ample securities, at highest rate of interest possible to obtain investment with absolute safety of the funds so loaned; the interest arising therefrom to be paid into the treasury of the state.

Resolved, that the interest of the people of the state of Oregon demands government ownership of the locks of Oregon City.

Resolved, that the governor of the state should be vested with the power to veto individual items in appropriation bills.

Resolved, that we commend the efforts of our representatives in congress in securing appropriations for the rivers and harbors of our state, and we call attention to the necessity of securing further congressional aid for the removal of all barriers to the exchange of commercial products with the markets of the world.

Resolved, that we pledge the nominees of the state Republican ticket to prompt, efficient and economical administration of the business of the state and the enforcement of all laws upon the statute books.

Resolved, that we extend our sincere sympathy to the stricken people of our sister state of California and commend the prompt relief tendered them in their recent hour of calamity.

GREAT MILITARY AND NAVAL CELEBRATION

Armies and Navies of the World to Participate in the Jamestown Exposition at Hampton Roads.

The greatest naval and military exposition of the age will open its gates at the historic shores of Hampton Roads April 26, 1907. It will be known as the Jamestown Exposition, in honor of the first permanent settlement of English speaking people in America. Three centuries of important events will be commemorated in this history making exposition. Every acre of land and water around the exposition grounds has played a part in the great drama of events from the arrival of the frail vessels with their little colony of English pioneers, April 26, 1607, to the passing of the French and American fleets with the remains of the founder of the American navy, John Paul Jones, a few days ago.

The first English settlers, who founded Jamestown in 1607, and made the vast territory of Virginia an English colony, influenced the destiny of America and saved it from the clutches of Spain, then the most powerful nation on the sea. The importance of the settlement of Jamestown is therefore apparent, and the great exposition now in progress of preparation will be a worthy celebration of an event of such magnitude and far reaching influence.

In the trying times of the American revolution the country around where the exposition is located was a bloody battle ground, and at Yorktown, but a few miles away, the last great British army surrendered to the Americans and the decisive blow was dealt which gave independence to the American colonies.

During the bloody war between the states, when two opposing broadsides met in battle for the first time, it was in the harbor of Hampton Roads, just off the point where the exposition grounds are located. The fight between the Monitor and the Merrimack was significant in more ways than one and denotes the passing of the wooden ships and the establishment of the ironclads in the great armies of the world.

The important events which have transpired in this locality led to the selection of this historic ground for an international exposition in which the great navies and armies of the world could be brought together in friendly rivalry and maneuvers. The American congress appropriated money for this grand affair and the President invited the nations of the world to participate in the Jamestown exposition. It will be primarily a military and naval exposition, at the most extensive scale ever undertaken in any country, but there will be numerous other features to give it all of the attractions peculiar to world's fairs and great industrial and commercial expositions.

MOTHER AND CHILD.

Let the mother take Scott's Emulsion for the two; it never fails to benefit them both. One can eat for two, but nourishing two is a different thing. It calls for a degree of internal strength that the average woman lacks. People of luxury are not very strong by habit; overworked people are weak in some functions from exhaustion or their surroundings. Scott's Emulsion can be depended upon to overcome such conditions. It is a wonderful food for a mother and child.
