OUR ICE CREAM
Cream direct from the dairy to our freezer, makes the perfect ice cream which is now so popular.

"ALWAYS THE BEST."

The Famous Sharples Tubular Cream Separator
Cut \$20.00 In Price

Our trade on Sharples separators this spring is already more than three times that of 1905.

REASON ENOUGH.
The efficiency of the machine has long since been proven.

The convenience of the low supply reservoir and the enclosed gears running in oil is acknowledged by all. The long, smooth bowl with but one inside part to clean is a labor-saver for the woman.

And the light-running features please the people who have strained their backs over other types of separators. Call and inspect the machines. We sell on easy installments, payable monthly when you get your cream checks.

We guarantee the Sharples to run over its rated capacity every time, to skim as clean as any machine ever made (and much closer than some) and to turn lighter than any machine of its capacity.

CO-EDS HAVE A DEBATE

McMinnville Girls Out-talked the Pretty Salem Sisters

The first co-ed intercollegiate debate ever held in the state took place at McMinnville Saturday evening between the Loyal Daughters of McMinnville College and the representatives of the Philodan society of Willamette University. The local co-eds were overpowered by the flow of logic of their opponents, but returned home voting the McMinnville sisters "jolly good girls," who entertained them royally while in the Yamhill county seat. The question debated was: "Resolved, that the government should own the railroads in the United States." The affirmative was championed by the McMinnville team, consisting of Margaret E. McCosky, '09, leader; Grace Jones, '09, and Annie Andrews, '09. The negative was represented by the Willamette team, consisting of Mary Parsons, '07, of Willamette; and Mary Farnham, dean of the Pacific University, Forest Grove, presided at the debate.

At the close of the debate a real ovation and cordial reception was tendered the visitors in the Y. M. C. A. hall, at which the McMinnville girls presented to the defeated team a beautiful banner, with the Philodan emblem inscribed upon it, as a symbol of good will and esteem of old Will-

BASE-BALL GAMES

Woodburn Defeats Silverton, and Yew Park Gets the Best of Riverside

The baseball game played at Woodburn yesterday between the Woodburn and the Silverton aggregations, which resulted in a score of 3 to 2 in favor of the French Prairie team, was one of the best games ever played there. The game was played on the new baseball grounds, and the occasion was enlivened by the presence of the Aurora and Woodburn bands. The air was permeated with sweet music, and the whole town appeared to be carried away with baseball enthusiasm.

Woodburn's team was picked up from various points. The battery was Jerman, pitcher and Rhodes catcher, while Huddleston and Concannon did the work for Silverton. It was a great game, and very few errors were made by the players. "Dutch" Mangold umpired, and gave satisfaction. More than 300 people witnessed the struggle.

Yew Park Wins.
On the North Salem baseball grounds the Riverside aggregation was defeated by the Yew Park nine by the score of 13 to 11.

It was an exciting contest and a large crowd of rooters were on hand to cheer the respective teams. For Yew Park Holman did the twirling and Bashor manipulated the big mit. Riverside was represented behind the bat by Grabam, and Smith proved himself a good pitcher. Up to the fifth inning the Riverside boys played a strong game, and had Yew Park shut out. Toward the finish of the game some feeling of animosity was manifested against some of the decisions of the umpire, but, fortunately, the game was terminated without any serious trouble. Many who saw the game believe that Riverside put up a better article of ball than their opponents.

Nurserymen Made Bats of Them.
Once again did the nurserymen defeat the Brickyard boys in a close game of baseball on Burton's brickyard grounds yesterday. The final score stood 9 to 7. For the Nurserymen Northcutt pitched and Hogden and Potter alternated behind the bat. The Brickyard battery consisted of Gamble pitcher, and Hickson catcher.

Fairmount Beats Liberty.
An interesting game of baseball was the one played between the Fairmount club, of South Salem, and Liberty yesterday. A large and enthusiastic crowd witnessed the battle for supremacy. The score was tied until the seventh inning, when the Fairmount boys took a brace and maintained it to the finish. The final score was 11 to 8. Some of the main features of the game were the catching of Budd for the Liberty team, the excellent batting of Keeton and Hatch, and a spectacular slide at the home plate by Hoyt for the Fairmount aggregation.

Beat Brooks.
The Woolen Mill baseball team played the Brooks aggregation on the latter's diamond yesterday, and won by a score of 7 to 1.

To Close Campaign.
The Republicans are preparing for a monster rally to be held here at the Grand Opera House Saturday evening. Some special music will be furnished, but so far it is not known what speakers, beyond the county and legislative candidates will be present. Local Republicans are planning to make this rally the event of the campaign.

TELLS BY THEIR SLEEP

"I can tell by my little ones' sleep when a cold is coming on" said a mother when speaking of the advance symptoms of colds in children. "They toss about, are restless, their breathing is heavy and there are symptoms of night sweats. The next morning I start with Scott's Emulsion. The chances are that in a day or two they are all over it. Their rest is again peaceful and the breathing normal."

Here's a suggestion for all mothers. Scott's Emulsion always has been almost magical in its action when used as the ounce of prevention. Nothing seems to overcome child weakness quite so effectively and quickly as Scott's Emulsion.

SCOTT & BOWNE, 405 Pearl St., New York.

BALL LEAGUE FORMED

Local Teams Get Together and Perfect an Organization

The organization of the "Capital City Amateur League" has been the subject of much favorable comment from the baseball enthusiasts and from those who desire relaxation from business and professional cares. The league was fathered by W. T. Perkins, who was materially assisted in his work by Messrs. Charles W. King, Wm. Sheridan, J. A. Koffman, D. W. Eyre, F. D. Thielsen, H. W. Moir, Harry Hill, Calvin McCombs, R. C. Bishop and S. A. Kozor. The idea in forming this league is to create an interest in the national game and to establish friendly relations among the various clubs of the city. The organization will consist of the following clubs: Bankers, Bookkeepers, Capitols, Grocers, Merchants, Statesman and the Woolen Mills, and a schedule of games will be prepared. The season will begin June 10 and will continue until Labor day. No charges will be made for admission to the games, which will be played on the University diamond.

The following by-laws have been adopted by the league:

1. The membership fee for each club shall be \$10, payable upon admission.
2. Assessments against the clubs comprising the league may be made by a two-third vote of the members of the executive committee.
3. Additional funds may be provided in any manner by a unanimous vote of the executive committee.
4. The president shall purchase all baseballs used in playing regular scheduled games, two balls only to be furnished for each game, and to be retained by the club playing, to be used, if needed, in playing succeeding games; he shall also see that the grounds are kept in order, and he shall arrange for the recovery of all balls that may be thrown or batted outside of the field. He shall also appoint an official scorer, who shall be present at all regular scheduled games.
5. Any game may be postponed to a date to be agreed upon by the contesting clubs, provided it does not conflict with any other scheduled game, notification of such postponement to be given the president.
6. Any club failing to play a scheduled game shall forfeit the game to the contesting club and a failure to play two successive scheduled games shall cause the club to forfeit its franchise in the league.
7. It shall be the duty of the executive committee to prepare a schedule of games to be played by the clubs comprising the league and deliver it to the president.
8. All games shall be conducted according to the playing rules as provided by the national agreement except that the rules governing "coaching" shall not apply so long as the persons coaching confine themselves to the prescribed limits.
9. The president shall select the umpires for all games.
10. The hour of any game shall be agreed upon by the contesting clubs.
11. No admission fee shall be charged to any game unless authorized by the unanimous vote of the executive committee.

Equal Rights and Prosperity.
The Oregon Equal Suffrage Association intended to appeal for your vote simply because it is right and just that women should vote. However, in a recent protest the corporate interests, acting with a few multi-millionaire women, have arrayed themselves against the equal suffrage amendment. This is a direct blow to the wage-earners of Oregon. The most powerful defense of the people is the initiative and referendum, and in the letter asking for signers to this protest, the ill-advised women attacked the initiative and referendum, for it is the increased vote of the laboring citizens that the millionnaire classes fear.

This protest was designed to frighten the average voter upon the ground that equal suffrage would hurt the business interests of Oregon, limit railroad building, and cause timid investors.

In denial, we submit to the common sense of Oregon men the following facts, taken from the last United States census, showing that in all the states where women vote, wages have advanced, population increased, agricultural and manufacturing interests grown rapidly. The per cent of increase in ten years is as follows:

	Mfg.	Agri.
	Per Cent.	Per Cent.
Colorado	.30	142
Wyoming	.49	81
Utah	.32	137
Idaho	.88	187
Oregon	.30	11

Business men, working men and farmers can study these conditions to advantage. In the four equal suffrage states the value of manufactures has risen per capita, while in Oregon, during the same period it has fallen from \$123 to \$112, an average loss of \$20 to each person in the state.

Manufacturing Value Increased for Each Person.

Colorado\$87.00
Wyoming 8.00
Utah 34.00
Idaho 8.00
Oregon 20.00 loss

The average earnings are greater in equal suffrage states.

Average Annual Earnings.

Colorado\$612.61
Idaho 583.68
Wyoming 618.54
Utah 512.23
Oregon 483.49

We do not claim that the prosperity of these states is due to woman suffrage; what we do say is that the change made in the protest of the corporate interests is false, and founded upon prejudice of self-interested capitalists.

By referring to statistics of wage-earning women and children, we find, that, while Colorado has a population of 100,000 more than Oregon, yet in Colorado there are only 73 more women working for a living than in Oregon with its smaller population. A larger number of children work in the factories of Oregon and at a lower age than in Colorado. No state can afford child labor. This is race suicide in its worst form.

The above showing should be a rebuke to the capitalists who are trying to control for their selfish ends, the interests which should be of mutual benefit to all Oregonians.

Do your share in protecting the rights of the people through the initiative and referendum by putting "X" between 302 and "Yes" on your ballot. Yours for justice,

OREGON EQUAL SUFFRAGE ASS'N.

NO MAN IS STRONGER THAN HIS STOMACH.

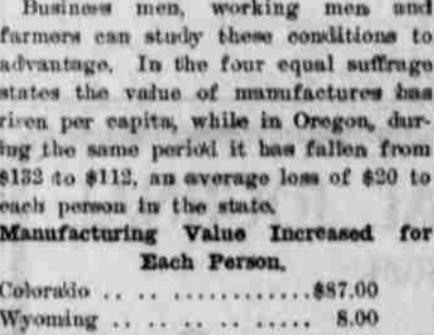

Let the greatest athlete have dyspepsia and his muscles would soon fail. Physical strength is derived from food. If a man has insufficient food he loses strength. If he has no food he dies. Food is converted into nutrition through the stomach and bowels. It depends on the strength of the stomach to what extent food eaten is digested and assimilated. People can die of starvation who have abundant food to eat, when the stomach and its associate organs of digestion and nutrition do not perform their duty. Thus the stomach is really the vital organ of the body. If the stomach is "weak" the body will be weak also, because it is upon the stomach the body relies for its strength. And as the body, considered as a whole, is made up of its several members and organs, so the weakness of the body as a consequence of "weak" stomach will be distributed among the organs which compose the body. If the body is weak because it is ill-nourished then physical weakness will be found in all the organs—heart, liver, kidneys, etc. The liver will be torpid and inactive, giving rise to biliousness, loss of appetite, weak nerves, feeble or irregular action of heart, palpitation, dizziness, headache, backache and kindred disturbances and weaknesses.

Mr. Louis Pare, of Quebec, writes: "For years after my health began to fail, my head grew dizzy, eyes pained me, and my stomach was sore all the time, while everything I would eat would seem to lie heavy like lead on my stomach. The doctors claimed that it was sympathetic trouble due to dyspepsia, and prescribed for me, and although I took their advice regularly, yet I felt no better. My wife advised me to try Dr. Pierce's Golden Medical Discovery—and stop taking the doctor's medicine. She bought me a bottle and we soon found that I began to improve, so I kept up the treatment. I took on flesh, my stomach became normal, the digestive organs worked perfectly and I soon began to look like a different person. I can never cease to be grateful for what your medicine has done for me and I certainly give it highest praise."

Don't be wheedled by a penny-grabbing dealer into taking inferior substitutes for Dr. Pierce's medicine, recommended to be "just as good."

To gain knowledge of your own body—in sickness and health—send for the People's Common Sense Medical Adviser. A book of 1008 pages. Send 21 one-cent stamps for paper-covered, or 31 stamps for cloth-bound copy. Address Dr. R. V. Pierce, 663 Main Street, Buffalo, N. Y.

RESOLVED!
IT'S A PIONIC TO BUY WHERE STYLE AND QUALITY CAN BE RELIED UPON. WELL, WE ARE THE PEOPLE. EVERYTHING YOU NEED. BUSTER BROWN.

STYLE, QUALITY, PRICE. THESE ARE THE THREE GRACES THAT SHOULD ATTACH TO GARMENTS. LOOK AT THE BEST DRESSED MEN, AND ASK THEM WHERE THEY GOT THEIR CLOTHES. WE WILL TAKE CHANCES ON THEIR SAYING: "AT THE SALEM WOOLEN MILL STORE." ASK A MAN WHOM YOU HAVE SEEN WEARING (A LONG TIME), THAT ALWAYS LOOKED WELL, A SUIT WHERE HE GOT IT. WE WILL TAKE CHANCES ON HIS SAYING: "AT THE SALEM WOOLEN MILL STORE," WHO CARRY CLOTHES ESPECIALLY MADE FOR ALL MEN. TAKE A HARD-UP FRIEND ASIDE AND ASK HIM WHERE HE GOT THE CLOTHES YOU KNOW HE HAD TO BUY CHEAP. WE'LL TAKE CHANCES ON HIS TELLING YOU "AT THE SALEM WOOLEN MILL STORE."

\$12.50 to \$25.00

We are not always "cutting prices"—we make them right in the beginning, but just now our patrons may have a price picnic on some things. A few top coats good for evening wear and all right for early fall. We would rather have your money than our coats, therefore,

10 PER CENT DISCOUNT ON ALL OUR TOP COATS.
