## DO NOT WANT TO VOTE

In a recent article contributed to the press by the Women Suffrage association, it was claimed that 72 per cent of the women of Colorado voted, and that fully 90 per cent attended the polls. If these figures are correct, which we very much doubt, the women of Colorado through the right of suffrage, have degenerated into something worse than the worst class of men. At the last general election the women distinguished themselves; they stole official ballots and prepared them in advance. They padded the polling lists and stuffed the ballot boxes. They bought votes, and set gangs of women repeaters in motion. They arranged disturbances at the polls, to frighten timid women away. They hired thugs, to insult women, these thugs not hesitating to put their foul hands on them. And in the confusion that resulted the ballot boxes were stuffed and the count changed.

All these and many more worse happenings are a matter of court record. Women are now serving time in Colorado for repeating.

It is obvious then, that the women who perpetrated these outrages do not belong to the better class of women.

No true woman, and there must many such in Colorado, would lend herself to such conditions as this. Her every instinct would shrink from such contaminations. She would, as in reality she has done, leave politics severely alone. The only thing, therefore, for us to believe is that the lower element of women take advantage of the right to vote. These women are encouraged in their nefarious work by unscrupulous politicians who take advantage of this accession to the ranks of men voters that, heretofore, they have been limited to, in their crooked politics.

While Colorado is notoriously the worst politically of the four suffrage states of Colorado, Wyoming, Utah and Idaho, the three others are not so far behind. It has been often said by suffragist orators, that women suffrage would not only purify politics, but it would close the brothels, the saloons and gambling houses. In the four states named it has not done so. On the contrary, this element is in greater strength and more firmly rooted in those states than anywhere else on the American continent. It does seem that if woman suffrage would help the political atmosphere and at least limit the saloon, the brothel and the gambling house, that after 13 years of it the women of Colorado would have made some slight impression for the better. On the other hand, it is well known to all, the Suffrage association included, that politics and the general conditions are gradually growing worse in each of these states. This can only be accounted for from the fact that not only the good women but the better element of men will not mix in the reck and stench of such conditions, but abandon the arena to those who luxuriate in such an atmosphere.

## DEAF MUTE SCHOOL

Visitors Were Given a Hearty Welcome and a Fine Entertainment

The closing exercises at the Oregon Deaf and Mute school were held yesterday afternoon and a large number from Salem were in attendance. The visitors were met at the station by carriages from the Reform and the Deaf and Mute schools. On their arrival the people were taken to the dining hall, where a splendid luncheon was served. Those presiding at the table were: Mrs. Newberry, Miss Taylor and Mrs. Leimie. Before and after the luncheon the Reform school band under the efficient leadership of Director Thomas L. Lloyd furnished some fine music. Many of the visitors took this opportunity to visit the class room where the pupils' work was in evidence. Miss Dobbins has charge of the first year's work and has a particularly bright class of youngsters, among whom is a little Chinese girl, who was the center of attraction. She is believed to be the only child of her race ever in attendance at a school of this sort. She is a bright pupil and is well liked by her school mates.

The second year's work is conducted by Miss Morris and the exhibit of the work done by her pupils reflected great credit upon her ability as a teacher. Miss Brown has charge of the third year students. Her room was artistically decorated for the occasion and a great deal of oral work was given by her pupils for the benefit of the visitors. Mr. Halsey showed that he also is an efficient instructor as was revealed by the examination papers of his pupils. Miss McPhail has charge of the advanced pupils and the work done by her class was particularly fine and attractive.

The room in which the exercises were held was prettily decorated with green and white. The class numerals had been cleverly worked out in roses and the decorations throughout were tasty and appropriate.

The program rendered was the same as presented in the Journal Monday evening. Each number was excellently rendered. Those who have been accustomed to attend the exercises of the school for several years past declare this year's program was exceptionally fine.

The address of welcome was given by Superintendent E. F. Tillagast, who gave a brief historical sketch of the work and progress that had been made in the instruction of the deaf mutes, and how the sign language had been perfected. In the United States 11,000 students are receiving instruction, at a cost of \$2,000,000.

Previous to the address of Superintendent Ackerman, pretty little girls neatly dressed in white presented the graduation class with flowers.

Mr. and Mrs. Lloyd rendered a violin duet that was much appreciated.

The graduates are: Emerson Vinson, Portland; Hazel Hawley, Portland; Ethel Morton, Oregon City; Burga Zumakeller, Ione; Fred Henrizer, Baker City; Grace Smith, Salem; Lotus Valentine, Drain.

The manner in which the guests were received by Superintendent and Mrs. Tillagast was thoroughly charming and warm hearted. The Salem contingent was well pleased with the way in which they had been entertained at the school, and all enjoyed the program immensely.

Thus closed one of the most successful years at the Oregon Deaf and Mute school.

## HOLD CAMP MEETING

Free Methodists Will Hold a Session in North Salem Until June 3

The Free Methodists are conducting a conference campmeeting in the oak grove in North Salem. The session began May 24 and will continue till June 23. The meetings are in charge of two of the district elders, Rev. W. E. Goode and Rev. W. N. Coffee. A number of ministers are in attendance from Washington. Among these are: Revs. T. S. March, C. S. McKinley, and R. F. Smalley. The plan of the convention and the entertainment of the camping visitors and other details of the conference were arranged by Rev. H. W. Haslam, of R. F. D. No. 7. Two large tents have been erected and in one of these are held the devotional meetings and the other is used as a restaurant for the accommodation of the campers. There are now about a dozen ministers in attendance, but more will arrive Wednesday, when the conference proper will meet for its first session.

The conference will be presided over by Rev. Alexander Beers, of Seattle, president of the Seattle Seminary, one of the denomination's strongest schools.

Meetings are to be held daily. A sunrise prayer meeting is at 6 a. m., a love feast at 9:30, followed by preaching service at 10:30 a. m. and 2:30 p. m., and at 8 p. m. The meetings are largely attended and there has been a number of conversions. There are a large number of campers who have pitched their tents on the grounds and the grove presents the appearance of a miniature town of tents.

So far no disturbance of any kind has manifested itself at the meetings. Good order is maintained and the religious services are proving helpful to many. The Free Methodists believe in the old time religion with plenty of fervor thrown in. They respect all denominational bodies, but are also faithful observers of the laws of the country, and are intelligent and good citizens, who endeavor to practice as the golden rule in all their dealings with their fellow men. The camp is a model of neatness. Peace and brotherly love reign supreme.

Yet there are those who delight to play pranks at all religious gatherings and a night or so ago some hoodlums made it a point to perpetrate a 'joke' by cutting a large number of ropes attached to the restaurant tent. It is not likely that another act of that character will manifest itself during the remainder of the session. A special officer will see that no hoodlums are permitted to display their ill-directed energies on the grounds.

There is one thing you can bank on. The present day young men are keener, brighter and better looking and more self reliant and less dependent. They all take Hollister's Rocky Mountain Tea. 35 cents, Tea or Tablets. Dr. Stone's drug store.

### Commencement Exercises.

Great preparations for commencement week are being made at the university. This year's commencement exercises are to be of particular interest, especially those connected with the Jason Lee memorial.

Sunday, June 10, the baccalaureate sermon will be delivered by Rev. J. H. Coleman, D. D., president of the university; in the afternoon will take place the farewell meeting of the Christian associations; in the evening the address to these organizations will be made by Rev. F. Burgette, Short, D. D., of the Portland Taylor street church; June 11, 8 p. m., the graduating exercises of the colleges of music and of oratory will be held. June 12 the annual meeting of the board of trustees will take place at 9 a. m., and in the evening the closing exercises of the normal school and of the Oregon institute will be held, and the address to the class will be delivered by Hon. J. H. Ackerman, superintendent of public instruction. June 13 the Alumni association will hold its business session at 2:30 p. m. and in the evening the "old grads" will present their annual program. June 14 will be class day and special campus program will be given by the class. The art school will make its annual exhibit from 2 to 5 p. m. and the commencement address will be made by Professor Willis C. Hawley, A. M. LL.B. June 15 the Jason Lee memorial exercises will be held.
