**McCormick**  
Mowers

Combine more points of merit, more  
real goodness, than any other mower.  
If you'll carefully study every ma-  
chine on the market then come in and  
look over the McCormick, you'll say  
so, too.

In the combination of width of  
frame, height of wheels and weight of  
frame, we surpass them all, and this  
slightly means a better cutter, an easier  
draft and an elimination of side-draft  
and neck-weight.

We hitch UNDER THE TONGUE  
and DRAW the MAIN SHOE, which  
makes the most perfect type of draft.  
Drop the neck yoke and drive down  
the swath and you'll find the tongue  
floats freely between the horses.

Longest pitman on the market, with  
rapid stroke, cuts the toughest grass  
with less friction than any other.

Call and see the mower and the rake  
at any time.

**THE RISE OF THE CITY.**

Substantial Evidence of Quick Re-  
building.

Any one who from now on under-  
takes to erect any kind of a structure  
in this city will have unsatisfactory  
evidence that business is lively, at  
least in the building trades. It is al-  
ready becoming difficult to find con-  
tractors willing to accept contracts  
for buildings for immediate occupation  
and guarantee prompt execution with  
satisfactory material. There is still  
unemployed labor even in the build-  
ing trades, and there are contractors  
ready to undertake work, but it would  
be a streak of real luck to be able to  
strike a bargain with the first one ap-  
plied to. Now that financial conditions  
are assuming a normal basis, and in-  
surance is in a fair way to a satisfac-  
tory settlement, everybody is prepar-  
ing to get to work. Except for those  
permanently unable to support them-  
selves—whose numbers have doubtless  
been greatly increased—the necessity  
for relief work will rapidly decrease.

In what we are doing we are but  
repeating the experience of Chicago in  
1871 but under far more favorable cir-  
cumstances. The Chicago fire occur-  
red near the middle of October, on the  
verge of the beginning of an Eastern  
winter. While temporary wooden  
sheds went up like magic, property  
owners there, as now here, were ex-  
ceedingly anxious to begin permanent  
work. The age of steel construction  
had not arrived. All buildings must  
have brick walls, whatever the in-  
terior construction. Bricks were scarce  
and bricklayers were scarce; but  
brick construction of five and six story  
buildings were rushed with feverish  
haste all through the burned district.  
Naturally the work was not well done.  
Freezing weather came on with the  
morning of many buildings still wet,  
with most unfortunate results. Some  
buildings collapsed. Many had to be  
strengthened in such ways as were  
possible. Many others which were fin-  
ished and occupied subsequently had  
to be taken down.

In this city we have none of these  
things to fear. Our homeles have a  
rainless summer and autumn before  
them in which to provide themselves  
permanent homes, meanwhile living  
under the most sanitary conditions.  
When winter comes it will only be  
during the days when it is actually  
raining that even outdoor work need  
stop. Confidence exists everywhere.  
The losses are becoming merely an un-  
pleasant memory. Every man's face  
is now resolutely set toward the fu-  
ture, in the confident assurance that  
the new San Francisco will be more  
prosperous than the old.

There's little room in this great  
world of ours for the "Fat Woman."  
She's a hindrance to herself in street  
cars, flats, elevators; but what can she  
do, poor thing—take Hollister's Rocky  
Mountain Tea. 35 cents, Tea or Table-  
ts. Dr. Stone's drug store.

**SMELLS BAD AND BURNS BAD.**

Albina Women Complain About Coal  
Oil Furnished Them.

Housewives patronizing Albina gro-  
cery stores complain that recent deliv-  
eries of coal oil contain some strange  
chemical that makes the oil consid-  
erably worse than useless.

The oil, it is said, is of a dark brown  
color, burns feebly, or not at all, when  
used in lamps chars the wick as though  
water were the chief ingredient, and  
in the few instances where it does burn  
gives out a sickly, yellow, ill-smelling  
flame that now and then ominously  
shoots up the chimney.

After an evening with a lamp of this  
sort, the average Albina family takes  
something for its nerves, something  
more for its eyes, and empties out the  
ill-smelling stuff, while the head of the  
house plans a letter to Lawson, thank-  
ing him for his exposure of the "Sys-  
tem."

**A Pleasant Way to Travel.**

The above is the usual verdict of  
the traveler using the Missouri Pacific  
railway between the Pacific coast and  
the east, and we believe that the ser-  
vice and accommodations given merit  
this statement. From Denver, Color-  
ado Springs and Denver there are two  
through trains daily to Kansas City  
and St. Louis, carrying Pullman's lat-  
est standard electric-lighted sleeping  
cars, chair cars and up-to-date dining  
cars. The same excellent service is  
operated from Kansas City and St.  
Louis to Memphis, Little Rock and Hot  
Springs. If you are going east or  
south, write for particulars and full in-  
formation.

**A Wonderful Record.**

As made up by improved and exact  
processes Dr. Pierce's Favorite Prescrip-  
tion is a most efficient remedy for regu-  
lating all the woman's functions, correct-  
ing displacements, as prolapsus, ante-  
version and retroversion, overcoming painful  
periods, toning up the nerves and bring-  
ing about a perfect state of health. It  
cures the backache, periodical headaches,  
the dragging-down distress in the pelvic  
region, the pain and tenderness over  
lower abdominal region, dries up the  
pelvic catarrhal drain, so disagreeable  
and weakening, and overcomes every  
form of weakness incident to the organs  
distinctly feminine.

"Favorite Prescription" is the only  
medicine for women that makes no  
claim to be a "miraculous" remedy, but  
which are not afraid to print their  
formula on the bottle wrapper, thus  
taking their patrons into their full con-  
fidence. It is the only medicine for  
women, every ingredient of which has  
the strongest possible endorsement of  
and writers of our day, recommending  
it for the diseases for which "Favorite  
Prescription" is used. It is the only  
put-up medicine for women, sold  
through druggists, which does not con-  
tain a large percentage of alcohol, so  
harmful in the long run, especially to  
delicate women. It has more genuine  
cures to its credit than all other medi-  
cines for women combined, having  
saved thousands of sufferers from the  
operating table and the surgeon's knife.  
It has restored delicate, weak women to  
strong and vigorous health and virility,  
making motherhood possible, where there  
was barrenness before, thereby brighten-  
ing and making happy many thousands  
of homes by the advent of little ones to  
strengthen the marital bonds and add  
sunshine where gloom and despondency  
had reigned before.

**Salem High School Beaten.**

Salem high school was defeated by  
the Woodburn baseball players yester-  
day afternoon by the score of 4 to 5.  
The diamond was a sea of mud. Wood-  
burn scored 6 tally in the first inning  
and one in the second chapter. Salem  
made two runs in the third. Woodburn  
got three more in the seventh and Sa-  
lem was able to score twice in the  
seventh, and here the scoring stopped.  
Quite a crowd was present, consider-  
ing the inclemency of the weather.  
The high school team showed decided  
improvement in its team work, but the  
Woodburn baseball tossers were too  
much for the locals.

**Following the Flag.**

When our soldiers went to Cuba and  
the Philippines, health was the most  
important consideration. Willis T.  
Morgan, retired commissary sergeant,  
U. S. A., of Rural Route 1, Concord,  
N. H., says: "I was two years in the  
Cuba and two years in the Philippines,  
and being subject to colds, I took Dr.  
King's New Discovery for Consumption,  
which kept me in perfect health. And  
now, in New Hampshire, we find it  
the best medicine in the world for  
coughs, colds, bronchial troubles and  
all lung diseases. Guaranteed at J. C.  
Perry's drug store. Price, 50c and

**Broke Her Arm.**

Mabel, the 10-year-old daughter of  
Noah Rosenbaum, of South Salem, had  
the misfortune of breaking her left  
arm yesterday afternoon. She was ac-  
companied by her sister-in-law, Mrs. G.  
Rosenbaum, and were walking near  
some horses that were staked out. The  
animals became frightened, and, in the  
attempt to escape, the little girl, who  
is blind, fell in a hole with such vio-  
lence as to sustain a serious fracture  
of her left arm above the elbow. The  
injured member was set by Dr.  
Morse.

**Our Salem Band.**

Another concert was given last even-  
ing by the Salem Military Band. The  
boys are improving constantly under  
Director Stoudenmeyer and the town  
people are realizing that the band is  
one of the best Salem ever had. The  
selections rendered last evening were  
particularly fine, and generous applaus-  
e was given the boys by the crowd of  
bystanders.

**Sure Cure for Piles.**

**The Grass Machine.**

The grass machine and a skimming  
machine will yield a steady income.  
What are grass machines? Cows, of  
course. The cows convert grass into  
milk, the skimming machine converts  
milk into cream, and once every month  
comes the check from the creamery.—
