MOUNTAIN VIEW SCHOOL

Has a Flag Raising and Picnic With Exercises

There was a large attendance of parents and friends at the exercises conducted by Miss Vercler's pupils, a fine piano having been brought to the speaking booth by Mr. A. Vercler. There has been a beautiful picnic grove cleared out on the Mrs. Ruble land opposite the school house by the school children, assisted by a few public spirited neighbors. This is a great mark of enterprise and is a beautiful assembly place.

Miss Vercler is a very successful teacher and has the hearty support of the people of the district. The whole affair was very enjoyable, and when Jake Wenger began to sing the audience never seemed to get enough.

Hal Patton told all the ladies who had little ones "that is a very, very pretty child." The refreshment stand was run by Newton Smith of the Golden Belle confectionary of Salem. The exercises were conducted under a beautiful bower of evergreens, decorated with national colors and set with palms and potted plants. All the children wore miniature American flags. The program on the part of the children in the forenoon was as follows:

Song by school, "Kind Words;" recitation, Bernice Adams; recitation, Chester Kubin; vocal solo, Jennie Moll; exercise, eleven small boys; recitation, Gordon Moll; music, Winnie and Pearl Vercler; recitation, Wilmet Moll; vocal solo, Mr. Wenger; recitation, Seth Massey; vocal solo, Myrtle Evans; recitation, Ethel Finley; song, five girls; flag drill, sixteen little folks; recitation, Gretta Schindler; piano, duet, Vesta Gardner and Jennie Moll; music, band; recitation, Otto Kubin; song, Rita Finley; recitation, Jennie Kubin; recitation, Sam Chapman; music, Mr. St. Helens and Viola Vercler.

There were a number of small flag drills which the children executed to excellent time.

There was a game of baseball announced for 2 o'clock between the Brush college and Popcorn clubs. At noon all partook of a basket dinner under the trees, or at a long table which was set for the visitors, and where a rich spread of the best things on earth, and found only in Oregon.

At 1:30 p. m. the flag presentation took place, and it was voted by all a great treat, and one of the most complete successes ever achieved.

Hal Patton gave one of his delightful talks to the children, giving an interesting history of its adoption, which pleased old and young. He was heartily cheered as he closed and presented the beautiful banner to the school.

In accepting the flag for the district J. R. Chapman gave an eloquent address, setting forth its history, advising the children to study that history. He said the flag represented three great principles—loyalty, liberty, and the right to worship God according to the dictates of conscience.

Miss Southwick was introduced by Col. Hofer as the nightingale of Polk county, and got a recall for her sweet songs. County Superintendent Star closed the speaking with some appropriate remarks.

Addresses were made by Hon. Frank Davey, Col. McDaniel and E. Hofer, newspaper men present representing Salem and Portland dailies.

Miss Jeffrey, of the West Salem school, announced closing exercises there on Friday evening at 8 o'clock. All then adjourned to the new school house, where the fine new sixteen foot flag was raised by the teacher, Miss Vercler, while the band played and all sang "America." The whole crowd then inspected the new school house, and then the baseball game closed the day's program.

The Mountain View school house is a tasteful modern structure. It was completed about seven months ago, costing about \$1500. It is located on an acre of the Manuel Schindler place, directly opposite C. F. Anderson's residence, and commands a fine view of the valley. The board of directors are J. R. Chapman, chairman, Miss Helen Taylor and Daniel Finley. Miss May Vercler has taught the school the past year and had a total enrollment of about fifty.

The Summit band played for the occasion. It was organized about a year ago and there are in all fourteen players. Herbert Winslow is the leader, but was organized by J. A. Krennis, now in New Mexico. Ivan Martin, of Salem has been instructing the band the past two months, and they are do-

ing very well for amateurs, playing well enough to appear on almost any public occasion. They will appear as the Hayseed band at the Salem celebration of the Fourth of July. The Summit band belongs in the Popcorn school district, and furnished their services almost free gratis.

The young men in the band, James and Will Best, Roy McDowell, R. E. Pearce, John Cavette, Will Noar, Fred Gibson, Herbert and George Winslow, Lou and Ellis Canoy, John Bewley. This band plays next Saturday at the Oak Grove Sunday school picnic.

League of American Sportsmen Meets.
Buffalo, N. Y., June 8.—The eighth annual convention of the League of American Sportsmen opened here at the Iroquois Hotel, and will last two days. About 50 delegates, representing sportsmen's organizations in various parts of the country, are in attendance. Mr. G. O. Shields, of New York, is president of the league, and will preside at the meetings.

The object of the league is to provide protection for game. One of the questions to be discussed will be the matter of having legislation for the prohibition of spring shooting, and also to prohibit the sale of game throughout the year. An endeavor will also be made to induce the Southern states to shorten their open seasons for game, and to have a national law which will protect game.

The local members of the league have made elaborate preparations for the entertainment of the visiting sportsmen, and will entertain them this evening at a banquet at the Iroquois Hotel, to which all local sportsmen have been invited.

Beware of Ointments for Catarrh that Contain Mercury.

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

Sold by druggists. Price, 75c per bottle.

The Need of Hotels.

There has been some criticism of the permit granted by the board of supervisors to the St. Francis Hotel company to erect a temporary structure on Union square in which to house the guests of the establishment. Some of it seems ludicrous under existing circumstances. To talk about the need of breaching places in the downtown district at the present moment is rank absurdity. The great trouble in that section just now is a superfluity of fresh air, and to speak of the danger of private encroachment on public property in this connection implied a suspiciousness entirely uncalled for, because the permit granted is limited in point of time. It would be far more to the purpose if the critics would devote themselves to putting a time clause in the permits to build wooden shacks within the fire limits. There is a chance for abuse there which may have a serious effect on the future of the city, but there is not the remotest probability that the occupants of public property will be able to maintain

themselves upon it after their permits expire.

There is no more pressing need at the present moment than the one which the erection of a temporary adjunct to the St. Francis will supply. All the first-class hostleries were swept away by the fire, and the city is now in the position of driving away guests. Every steamer which arrives from the Orient sends a contingent of tourists direct to the transcontinental railroads, who would probably be good to spend a few days with us if they had a chance. Outside investors would be attracted to the city if they knew a place where they could put up in comfort, and buyers from the country are also seeking lodgings and other entertainment. The sensible thing is to help those who wish to provide it to accomplish their aims and not find fault with their efforts.—San Francisco Chronicle.
