TWO BEAUTIFUL WOMEN WHO ESCAPED SPRING CATARRH BY TAKING PE-RU-NA

Spring Fever Is Spring Catarrh—Nothing Robs One of Strength Like Spring Catarrh.

Miss Nellie Condon.

Gained Eighteen Pounds.

Mrs. Hattie Hamilton, R. F. D. 2, Sparta, Ky., writes: "I have taken two bottles of Peruna and commenced on the third. "I did not really need the third one, but thought it best to take another bottle. "I have always weighed 102 pounds, but since I began taking Peruna I weigh 120 pounds for the first time in all my life, and I am now 33 years old. "Your medicine has surely done me a great deal of good and I have recommended it to several others who have begun taking it. "My mother, who is 76 years old, had grown so weak she could scarcely walk. "She took two bottles of Peruna and is fleshier and is looking well."

A Spring Tonic.

ALMOST everybody needs a tonic in the spring. Something to brace the nerves, invigorate the brain, and cleanse the blood. That Peruna possesses such qualities is beyond all question.

We have on file thousands of letters which testify to the curative value of Peruna in cases of nervous depression and run down conditions of the system.

A Typical Letter.

Mrs. Rhoda Stufflebeam, Bunch, Iowa, writes: "For years I suffered with catarrh of the throat and bronchial tubes. "I doctored with different physicians, but kept getting worse all the time.

Hawkeyes Get a Fortune.

(Four O'Clock Edition.)
 Des Moines, Ia., June 9.—Four heirs here, with four sisters and a brother in Los Angeles, have been notified that they are the heirs to the Childress estate in Childress county, Texas, worth \$1,500,000. The local heirs are poor.

Uncle Sam Gets Yosemite.

(Four O'Clock Edition.)
 Washington, June 9.—The senate passed a joint resolution accepting the recession by California of the Yosemite valley grant. The Mariposa big tree grove has already passed the house.

Company Is Not Afraid.

The Salem Nursery Company has bought 800 acres of land three miles northeast of Hillsboro, and will establish a great nursery and walnut orchard there. The land is two or three miles from railroad at present, which would make it very inconvenient for shipping purposes, but it is significant that it is located where the new electric road is expected to run, and they will no doubt use their influence to have it run there, and to have it come soon.—Forest Grove Times.

Defeated, But Not Discouraged.

Miss Mary Oeborn Douthit, sister of J. A. Douthit, spent yesterday with her brother's family, leaving this morning for Portland. Miss Douthit has been campaigning in Harney and Malheur counties in the interest of the equal suffrage amendment, and traveled about 500 miles by stage in the interior of the state. Like all her sisters in the campaign for suffrage, Miss Douthit is ready to give up the struggle, but will renew it at the next election.—The Dalles Chronicle.

Mormons in Oregon.

The Dalles Chronicle of the 30th says: "Elder John Kohler, of Portland, who spent nine years in Australia as a missionary, has been holding meetings at Boyd Elder N. T. Chapman, of Hood River, is conducting a series of meetings at Center Bridge this week. These men represent the reorganized church of Jesus Christ of the Latter Day Saints."

The reorganized church of the Latter Day Saints is Mormonism, and that is all.

Pe-ru-na Is a Fine Tonic For Weary Woman.

A Letter of Praise.

Miss Nellie Condon, 450 7th Avenue, Brooklyn, N. Y., writes:

"I consider Peruna the ideal spring tonic. "For the past five years I have taken it at this time of the year and find that it enables me to endure the variable weather of the spring and the trying heat of the summer."

Peruna affords the most prompt and permanent relief in all cases of nervous prostration, caused by spring catarrh, as verified by many cures on our records.

Mrs. Hattie Hamilton.

"This spring I took a cold which settled on my lungs. I had such a cough I could not rest at night. My friends, and I myself thought I had consumption.

"A friend advised me to try Peruna. I bought a bottle and wrote to you for advice. Before I had taken one bottle, my cough was better so I concluded to give it further trial.

"I followed your directions as closely as possible, and thanks to you and Peruna, I am a well woman to-day."

Peruna never fails to prevent spring catarrh or nervous prostration, if taken in time.

Pe-ru-na Contains No Narcotics. One reason why Peruna has found permanent use in so many homes is that it contains no narcotics of any kind.

Peruna is perfectly harmless, and according to the directions on each bottle. So used, it can be taken any length of time without acquiring a drug habit.

It has no bad effect upon the system and gradually eliminates catarrh by moving the cause of it.

There are a multitude of homes where Peruna has been used off and on for twenty years.

Such a thing could not be paid if Peruna contained any drugs of harmful nature.

Address Dr. H. H. Hartman, President of the Hartman Sanitarium, Columbus, Ohio.

No Chemical Engine.

Chairman Low, of the committee on fire and water, has decided to further press his demand for a chemical engine. He says the department needs the engine, needs a better equipment to fight fire, but there are some who he thinks it best not to purchase the chemical engine. He has made his fight for the engine, and is satisfied it is best for the city to let it go over until after fall election.

Chemawaw Just Quit.

The game between Chemawaw and Willamette University ended abruptly at the end of the first inning, when score was 3 to 0 in favor of the legionians. A decision of the umpire is reported, was displeasing to the Chemawaws, and they left the diamond.

Corporations Begin To Kick

(Continued from first page.)

investment will now dodge this state.

The corporations made no effort to beat the bills at the polls. Public opinion, they saw, could not be thwarted in its demand for such legislation. Before the election conferences were held by their representatives, to consider what was the advisable course to pursue. It was then decided that powder fired would be wasted, and that the safe and sane method was to take to the cellar until after the cyclone had swept by, and then see if the courts would not help make repairs.

Go Into Effect in July.

The two tax laws, together with the six other acts passed at the polls, are to go into effect next month, after the official canvass of the county returns shall have been made by the secretary of state, and they shall have been proclaimed by the secretary of state.

PORTLAND'S SPECTACULAR PREACHER

Dr. Brougher is now Working the Women to Build up the Church

For the coming six weeks, beginning next Sunday evening, mere man is going to be gently but firmly backed off the board at the White Temple. He will be allowed to sit in a pew, drop money into the contribution box and sing, if he knows how. He will also be permitted to keep awake while Dr. Brougher regales his jaded mind with "feasts of reason and flow of soul." That is, all this is going to happen unless present plans miscarry, for the eminent Baptist divine has appointed 50 women ushers, who will have charge of the handling of the Sunday night crowds, while the men ushers are given a vacation, with an opportunity to watch their sisters do it right.

This innovation has never been tried in any of the local churches, but Dr. Brougher found that it was an eminently satisfactory change in New Jersey and Chataanooga, where he once held pastorates.

The scheme was outlined to the women of the congregation immediately following the regular weekly prayer meeting, and, after the first murmur of surprise, they were enthusiastic over it. But Dr. Brougher gave them some rigorous instructions.

For instance, they are enjoined not to separate, under any circumstances, a "fellow and his sweetheart," while they are cautioned with equal firmness to tolerate no spooning.

He said: "If you see a couple looking at each other too much, or holding hands, or doing anything that will interfere with their listening to the sermon, go up to them and tell them to postpone the spooning until they get out in the moonlight or home in the parlor. Do it in a pleasant way, though."

The case of Marion county vs. John Krell will come before the circuit court of Multnomah county, June 14th. At a recent trial the jury disagreed. Eleven jurors were in favor of giving the damages, but one held out and refused to be convinced.
