RACE ACROSS PACIFIC

Yachts Left Los Angeles at Noon Today for a Long Contest

Los Angeles, Cal., June 11.—Every-
thing is ready for the first trans-
pacific yacht race, which starts from
San Pedro at noon. Thousands have
gathered to witness the three starters.
The Anemone is largest, Charles L.
Tutt, owned, Captain Lindeberg, chief
navigation officer, and she is flying
the colors of the New York Yacht
club. The Benline, with Commodore
H. H. Sinclair, and a crew of seven
from coast yacht clubs; LaPaloma,
with Commodore Clarence Macfarlane,
captain Mosher and a crew of three,
representing the Hawaiian
Yacht club. The Lataloma is the
smallest, as the time allowance is
11 hours. The allowance is based
on a half hour for each foot. With
favorable winds, it is estimated, the
race will take at least two weeks.

Los Angeles, June 11.—When the
starting gun fired, at 12, La Paloma
was in the best position, and crossed the
line at 12:05. The Lurline followed
a few minutes later. Anemone got over
the line at 12:15. The wind was very light,
blowing from the east to the west, and was
not favorable to the Lurline.

The Russian Farce.
St. Petersburg, June 11.—The session
of the Douma today opened amid the
greatest excitement. Paveloff, the mili-
tary procurator, who, unannounced,
appeared, demanding a hearing on mili-
tary affairs.

REPORT AGAINST SMOOT

Senate Committee Says He Is Not Entitled to Seat in the Senate

Washington, June 11.—"In the
judgment of the committee Smoot is
no more entitled to a seat in the senate
than if he was associating in polyg-
amous cohabitation with a plurality of
wives." This statement was made in
the course of the report of the major-
ity of the senate committee on privi-
leges this morning.
The report of the election was pre-
sented to the senate today by Senator
Burrows, after an investigation last-
ing over two years. The committee
says: "The more deliberately the tes-
timony taken in the case is studied,
the more certain is the conclusion that
the facts are true as stated in the re-
port."

Indicted the Vice Presidents.

(Four O'Clock Edition.)
New York, June 11.—A special grand
jury investigating insurance today in-
dicted Vice Presidents Walter B. Gil-
lett and Robert B. Grannis, of the
Mutual Life Insurance company, for
forgery and false entries charges.

Appropriation Half a Million.

(Four O'Clock Edition.)
Sacramento, Cal., June 11.—The as-
sembly this morning by a vote of 59
to 6 passed the bill appropriating \$500,-
000 for state buildings in San Fran-
cisco. The expected opposition failed
to develop.

Teddy Can Ride.

Washington, June 11.—A bill has
been introduced in the house provid-
ing for \$25,000 for the president's travel-
ing expenses.

THINGS DOING IN CONGRESS

Certain That Reed Smoot Will Be Ejected From the Senate

Washington, June 11.—Two officials
of the Baltimore & Ohio this morning
testified before the interstate com-
merce commission as to their owner-
ship of coal stock, and said they paid
full value for it. Charles E. Ways,
assistant freight traffic manager; L. R.
Rockenbrough, general freight agent
agent at Pittsburg.

White, new Maryland senator,
took oath this morning.

When the Smoot case was presented,
Burrows gave notice that he would
soon call up a resolution declaring
Smoot was not entitled to his seat in
the senate. Bailey said although he
agreed with the committee, he thought
it necessary to pass a resolution of
expulsion.
The rate bill comes up in the house
tomorrow.

BRYAN HAS A BOOM

Presidential Bee Still Finds Nebraskan's Hat Com- fortable Hive

Berlin, June 11.—Bryan first learned
today of his boom for president. He
declined to discuss it, saying the time
for nomination is far away. He said
the difference between democracy and
socialism was that democracy recog-
nizes competition as legitimate and
tries to protect the principle. Social-
ism sees competition as an evil to be
eliminated by public ownership and
its operation means of production and
distribution.

Will Not Interfere.

Boston, June 11.—President Roose-
velt has telegraphed Governor Guild
that the latter's decision will not inter-
fere with the execution of Charles
Tucker, which meets Roosevelt's ap-
proval. Roosevelt had been requested
to interfere.

SAN PEDRO YACHTING CONTEST

Great Program of Aquatic Sports on Pacific Coast

San Pedro, Cal., June 11.—Thousands
of yachting enthusiasts have their in-
terest centered upon the greatest event
which has ever occurred in the history
of Pacific coast yachting—a trans-
pacific race from this port to Hono-
lulu, which started today. For months
yachting people the world over have
looked forward to this event, which
promises to rival the famous trans-
Atlantic races and the cruises for the
America's cup.

It was the original intention to make
the start from Sausalita, in San Fran-
cisco bay, but the recent calamity
which overtook the metropolis caused
a change in the program, and San Pe-
dro was selected as the point of start-
ing.

Two cups, valued at \$500 and \$300,
respectively, are offered as first and
second prizes. These prizes were made
in San Francisco and passed safely
through the fire. The four boats which
made the start today under the most
favorable auspices are the Anemone,
owned by C. L. Tutt, formerly of the
New York Yacht club, but now sail-
ing under the colors of the South Coast
Yacht club; the Lurline, Commodore
H. H. Sinclair of the same club; the
Maple Leaf, Alexander Lauren of the
Victoria Yacht club, and the La Pa-
loma, entered by the Hawaiian Yacht
club.

The Anemone made the 16,000 mile
trip around the Horn from New York
to participate in today's event, a trip
in which much bad weather was en-
countered, entailing some damage to
the racing craft.

The combined Hawaiian yacht clubs
are the originators and sponsors for
the great race and nothing is being
left undone to make the race not only
a successful one from a yachting stand-
point, but a pleasant experience for the
sailors who participate. Plans have
been made for a royal entertainment
at the Hawaiian end of the course, and
the initial race will be something to re-
member by all who are permitted to
take part.

It is probable that the starts in fu-
ture races, for it is hoped that there
will be many, will be alternated, the
next being from Honolulu, the finish-
ing point being either San Pedro or
San Diego.

Today is to Hawaii what Independ-
ence day is to the United States, and
this fact has helped to kindle the in-
terest of the islanders in the big event.
Hundreds of crafts of all sorts dotted
the bay today, and their decks were
crowded with yachtsmen and others
eager to see the graceful racers
cross the line and make the start on
their long contest.

PLOT TO KILL THE POPE

All the Available Police in Rome Present at Services at St. Peter's

Rome, June 11.—Never before in the
history of the Vatican has a service at
historic St. Peter's been conducted un-
der so strict a guard as was that of
yesterday, when the pope officiated at
the beatification services for the Span-
ish martyrs, with a guard of 400 police
officers in and about the edifice. Re-
ceipt of information from Paris that
a plot against the life of the pontiff
had been discovered caused the Roman
police to use the strictest of precau-
tions, and nearly every member of the
secret service was on duty.

It developed yesterday that, al-
though the plot was perfected in
France, it had its inception in America,
and, according to the police, the plan
was to kill the pontiff as soon as he ap-
peared in the cathedral. All the offi-
cials of the Vatican are greatly worked
up over the reported plot against the
pontiff.

During the last week a number of
mysterious warnings have been re-
ceived by Cardinal Merry del Val and
other high church dignitaries, all of
them couched in the same terms, and
stating that the pontiff had been mark-
ed to die. Prior to the opening of the
services in St. Peter's many suspects
who could not give a good account of
themselves were arrested, among them
being two men and a woman who
answered the description sent here
from Paris of three persons who had
been selected to kill the pope. This
trio, however, later proved that they
had no connection with any plot, and
were released.

The activity of the police is unprece-
dented, and a number of higher offi-
cials were on duty all Sunday night,
directing the search for the suspects. It
is now stated that, according to French
advice, the woman suspect was to pre-
tend to faint in the church, so as to
attract attention and give her accom-
plices an opportunity to attack the
pontiff.

It is announced that nearly one
hundred known anarchists have been ar-
rested in various parts of Italy since
the order was issued Saturday to gar-
ther them in, preparatory to the visit of
the king to Ancona. The police will
not relax their vigilance, but will con-
tinue to arrest all anarchists, no matter
of what nationality. Italian "Reds"
are being sent to jail and foreigners
banished.
