WHY SOCIALISM?

Bryan cries out, beware of Socialism. But what causes Socialism?

IS SOCIALISM MERELY A DOCTRINE OF DISTURBANCE, A SLOGAN OF DISCONTENT?

Or is it a new system, a political revolution, a regeneration of society? Theodore P. Shonts, who is digging at the isthmus canal, calls Socialism an effect of injustice.

He says the belief that representatives of wealth and power have escaped punishment for refractions of law has caused many to become Socialists.

Chairman Shonts of the Isthmian canal commission has this to say:

"In a time like the present, WHEN A SPIRIT OF DISCONTENT AND OF REVOLT AGAINST EXISTING CONDITIONS IS ABROAD IN THE LAND, the harm which an ignorant mind, no matter how sincere and well meaning, may do, is incalculable.

"Calm reasoning is necessary to meet and direct into safe channels this spirit of discontent and revolt. That there are grave causes for it cannot be denied. The demands for reform, hysterical and unreasoning as many of them are, are well grounded and must be heeded. The evils complained of have come about because, as a people, we have DRIFTED FROM THE OLD STANDARD OF HONESTY AND PATIENT ACCUMULATION, into a mad rush for wealth, for the pilling up of enormous fortunes in the shortest possible period of time. We must be brought back to the old moorings, not by violence and unlawful methods, but by calm and inflexible application of law.

"That the country will right itself, that it will pass safely through this crisis, as it has passed through all those that have preceded it, no one familiar with its history can doubt.

"Nothing so stimulates the growth of Socialistic ideas as THE BELIEF THAT RICH AND POWERFUL MEN HAVE BEEN VIOLATING THE LAW AND ESCAPING THE CONSEQUENCES OF THEIR OFFENSES. By far the larger part of the Socialistic feeling that exists in this country today is due to a conviction of this kind in the minds of thousands of people. The evil consequences of this state of mind can only be avoided by a convincing demonstration that there is the same law for the rich as for the poor, the same justice for the trust magnate as for the penniless man. That is what the plain people want—impartial justice. They are not vindictive and they have unshakable faith in the supremacy of the law."

Is there a revolutionary spirit abroad in the land, due to ignorant minds? Have we drifted from the old standards of honesty?

THE FINAL CHARGE THAT THE RICH AND POWERFUL HAVE VIOLATED LAWS AND ESCAPED THE PENALTY, is a more serious accusation.

How do we know when we associate with a man of wealth, we are not associating with a man who should be in the penitentiary?

Well, you are taking some chances.

THRIFT!

WHAT IS THRIFT?

It is living within one's income and making provision by wise anticipation for the future.

Thrift is not an instinct. It is an acquired habit.

No matter into what condition of life a man is born, the acquisition of a habit of thrift will make him a better man and a better citizen.

One of the best ways to acquire the habit is to open a savings account. Our savings department pays three per cent interest on deposits of one dollar or more.

Thin Blood

Experience count anything with you? Then what do you think of 60 years' experience with Ayer's Sarsaparilla! Sixty years of curing thin blood, weak nerves, general debility! We wish you would ask your own doctor about this. Ask him to tell you honestly what he thinks it will do for your case. Then do precisely as he says.

We have no secrets! We publish the formulae of all our medicines! J. C. Ayer & Co., Lowell, Mass.

rich or poor, for not all get their just dues in this world.

POOR, HALTING, LAME, WEAK AND INADEQUATE IS HUMAN JUSTICE. Who of us gets his just deserts or punishment?

It is perfectly natural that those who amass great wealth should want the special protection of law, the immunity of courts, the constantly increasing advantage of their fellow-man.

THE NATURAL TENDENCY OF THOSE WHO HAVE NOT GREAT WEALTH IS IN THE OPPOSITE DIRECTION—to resist the inevitable propensity of wealth to want to monopolize things; make law subservient, and wrench power to itself.

HENCE SOCIALISM.

HOW TO DRESS THIS SUMMER.

The Capital Journal sympathizes with the summer girls who want to wear white dresses and pretty gauzy waists and things. The 1906 summer girls will be frocked in frills and fur-belows delightfully feminine, if they have a chance in Oregon. From parasol to boot tip, curves, dainty touches, and artistic color effects will distinguish everything they wear. Their elders, too, make a generous use of color. They are permitting it to appear in their tweed trotteurs and motor coats, and their afternoon and dinner gowns of light, silken fabrics, are as often of the new mauve-blue and the warm American Beauty shades as of white or the always charming pastel tints.

The semi-tailored gowns, man-made though they are, emphasize feminine curves in a marked degree, and show the most graceful effects. The bolero is seen on a great many of these gowns, the shorter ones having a ceinture attached that is entirely new.

The sleeves, as a rule, are puffs to the elbow, or half-way to the wrist, according to the shape of the arm. They are finished with a velvet-inlaid cuff that is entirely new.

Among the little accessories that the summer girl is wearing, are bracelets of black velvet held with jeweled buckles, and whisks of tulle twisted about the upper arm and the wrist, tied in fluffy bows. Arm or glove garters of satin ribbon, shirred over elastic and edged with frills of lace and ribbon are quite new, and as practical as they are ornamental.

The summer girl has her pretty gowns well provided for. Give her weather to show them.

LATEST LITERATURE.

Mrs. Frances Hodgson Burnett, perhaps the best known writer of the day of stories for children, has written a series of fairy tales, which will begin in the October St. Nicholas and continue through several numbers. The stories are based on a quaint and humorous conceit, carried out, it is said, in Mrs. Burnett's happiest vein; and are to have a number of illustrations in colors by Harrison Cady.

The Ten-Story Magazine is not exactly shocking. It is awakening. Not designed primarily to put people to sleep, it is wrapped up like live crickets in a trout stream at the news stands in this day of soporific periodicals. The favorite poem for this month is selected from Robert Browning, entitled "The Confessional." Few even of the students of Browning would believe that the poem was written by him, so full is it of dramatic power and human passion.

In the July Delineator is begun a new novel by C. N. and A. M. Williamson, authors of "The Lightning Conductor." "The Chauffeur and the Chaperon," which is the title of the new story, promises to be the brightest, cleverest piece of fiction that the two famous authors of motor stories have yet written. Before their marriage Mr. Williamson was an editor of renown. Mrs. Williamson employed her time in devising countless romances for the better class of English papers. It is said that he could turn out a story of any length, built around any given plot, in a stated number of hours. Their methods of work are interesting. Between them, it is understood, they devise the plots of their stories, while Mrs. Williamson supplies the dialogue, which is their brightest feature, and Mr. Williamson the facts and data. It is one of their literary traits to write their experiences into their books, and their story is the direct result of a tour of Holland that the authors recently made in a motor boat.

EXTENDING LOGGING ROAD.

The Curtiss Company Is Pushing Operations in Linn County.

The logging railroad built by the Curtiss Lumber Company into the mountains on the Linn county side of the Santiam river at Mill City is being extended into the woods, and several miles of road will be built during the coming summer months. The road has been completed for a distance of over eight miles into the finest timber in the Cascade mountains, and it is found to be one of the best investments ever made by the company. The finest logs ever brought to the Mill City sawmills have been brought in over that road, and as the line is extended farther into the woods and mountains the timber wealth is getting greater and better. A large force of men is now at the end of the road on the extension work.

HARVEY BURNS KILLED.

Former Independence Man Struck by Train in California.

Archie Burns, of Corvallis, valedictorian of the Agricultural College class of '06, which graduated Wednesday, has received the sad news of the tragic death of his father, Harvey Burns, near Dolgeville, California. Mr. Burns was struck by a passenger train and instantly killed. At the time of his death he was working as a telegraph operator at Dolgeville. He was for a long time in the railroad service in the Willamette valley, the most of the time at Independence, where he was well known, but for several years has been in the employ of the Southern Pacific in California.

Polk County School Fair.

The date has been set for Friday and Saturday, September 28 and 29. The committee in charge of the girls' department are Mrs. J. E. Smith, Mrs. H. L. Toney, Mrs. O. D. Butler, Mrs. J. S. Cooper, Mrs. G. T. Gerlinger, Mrs. O. E. Pocht, Mrs. Vie Hopkins, Miss Maggie Butler and Miss Josephine Burch. They have outlined the following work to be done by girls: One sample of plain sewing, seaming, hemming, gathering and putting on band and one of plain hosiery darning, two samples of jelly from any kind of fruit and two sample pints of berries or cherries, best collection of flowers and best light bread made without help. First and second prizes for each exhibit and the exhibits will be in two classes: Those made by girls under 12 and those made by girls over 12 years of age. Parents and school officers should encourage the children's work during vacation. Desired information can be had from any member of the committee or from the county school superintendent.

Polk County Pioneer Reunion.

The next annual reunion of the Polk County Pioneers will be held in Dallas on Saturday, June 23. The following committees are now arranging for it: Soliciting committee, J. C. Shultz and Frank Kerslake; committee on music, R. E. Williams, J. C. Hayter and Mrs. C. G. Coad; committee on sports, Joe Craven, Lee Peuton and Dr. Toney; decorative committee, U. S. Grant, Mrs. E. W. Fuller and Mrs. Dr. Hayter. The Indian war veterans will take part. Glen O. Holman will be the orator of the day and there will be several other addresses. After a good basket dinner the old folks will remain on the ground for a visit while the younger ones will repair to the campus to see a variety of sports. It may be the last reunion that many of the old folks may ever attend. The normal band has been engaged for the occasion and a large crowd is expected.

Beware of Ointments for Catarrh that Contain Mercury.

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free. Sold by druggists. Price, 75c per bottle. Take Hall's Family Pills for constipation.

COAST LINE IN LINCOLN COUNTY

(Toledo Leader.)

Last Thursday a party of surveyors, chainmen and axmen in charge of J. B. Eddy of Eugene, arrived in Toledo. The next day M. Wygant and son, Fred Stanton, Ed Stanton and J. C. Young were added to the force which was divided in two parties, one under Eddy to work north, and one under Civil Engineer Campbell, to work south.

They established a base stake on the west bank of Depoe slough at the end of the railroad bridge. From this stake the line runs northerly up the Depoe and Beaver valleys. From this stake south it crosses the tideland and river to Mackey's Point and follows the river down to the Pool Slough valley, from which it will run south to the Alsea river. The engineers say there will be no short curves.

BANKERS ELECT OFFICERS.

E. V. Carter of Ashland Was Elected President of the Association.

Officers of the Oregon State Bankers' association were elected Saturday as follows:

President—E. V. Carter, Ashland. Vice-President—E. W. Haines, Forest Grove. Treasurer—William Pollman, Baker City.

Secretary—J. L. Hartman, re-elected. Executive committee—W. H. Dunckley, Portland, chairman; M. S. Woodcock, Corvallis; Joseph Albert, Salem; Leslie Butler, Hood River; W. J. Furnish, Pendleton.

Lucky Runaway.

A team driven by young Mr. Manning took fright at the steam road roller this morning over in South Salem, and got tangled up in the harness. About the time they were under control the street car gave them another surprise, and they landed up against a fence. No one hurt.

A FAMILY SAFEGUARD

Dr. Green arranges with the niece of Dr. Boschee to handle her famous Uncle's Great Throat and Lung Cure.

The best family safeguard is a reliable household medicine that will cure croup, coughs, colds, chilly sensations, running eyes and nose, sore throat and bronchial affections—that will keep the children proof against all contagious diseases.

Such a medicine is Boschee's German Syrup, which has a record of 35 years in the cure of consumption, catarrh and all lung and bronchial troubles.

The fame of German Syrup as a consumptive cure, since its purchase by Dr. Green from the niece of the famous Dr. Boschee, has extended to all parts of the earth. It has big sales everywhere.

A Trite Saying.

It is a trite saying that no man is stronger than his stomach. Dr. Pierce's Golden Medical Discovery strengthens the stomach—puts it in shape to make pure, rich blood—helps the liver and kidneys to expel the poisons from the body and thus cures both liver and kidney troubles. If you take this natural blood purifier and tonic, you will assist your system in manufacturing each day a pint of rich, red blood, that is invigorating to the brain and nerves. The weak nervous, run-down, debilitated condition which so many people suffer from, is usually the effect of poisons in the blood; it is often indicated by pimples or boils appearing on the skin, the face becomes thin and the feelings "blue." Dr. Pierce's "Discovery" cures all blood humors as well as being a tonic that makes one vigorous, strong and forceful. It is the only medicine put up for sale through druggists for like purposes that contains neither alcohol nor harmful habit-forming drugs, and the only one, every ingredient of which has the professional endorsement of the leading medical writers of this country. Some of these endorsements are published in a little book of extracts from standard medical works and will be sent to any address free, on receipt of request therefor by letter or postal card, addressed to Dr. E. V. Pierce, Buffalo, N. Y. It tells just what Dr. Pierce's medicines are made of. The "Words of Praise" for the several ingredients of which Dr. Pierce's medicines are composed, by leaders in all the several schools of medical practice, and recommending them for the cure of the diseases for which the "Golden Medical Discovery" is advised, should have far more weight with the sick and afflicted than any amount of the so-called "testimonials" so conspicuously flaunted before the public by those who are afraid to let the ingredients of which their medicines are composed be known. Bear in mind that the "Golden Medical Discovery" has THE BADGE OF HONESTY on every bottle wrapper, in a full list of its ingredients. Dr. Pierce's Pleasant Pellets cure constipation, invigorate the liver and regulate stomach and bowels. Dr. Pierce's great thousand-page Illustrated Common Sense Medical Adviser will be sent free, paper-bound, for 21 one-cent stamps or a check for 31 stamps. Address Dr. Pierce as above.
