**CLEVER
 SLOT
 MACHINE**

**Responded Nobly When Called
 Upon to Say Farewell to
 Its Old Haunts**

Wednesday afternoon after Chief of
 Police Cornelius had notified the sal-
 oons that the slot machines must go,
 the saloon men got busy moving the
 machines out. At one place one of the
 machines had a musical attachment,
 and as it was dragged up to the back
 door, some one gave the spring that
 controls the music box a snap, and was
 astonished to hear it play that very
 appropriate tune, the German words of
 which are:

"O du lieber Augustien,
 Alles ist hin,
 Das geld ist hin,
 Das madel ist hin,
 O du lieber Augustien,
 Alles ist hin."

This fit in so well that the machine
 was given another chance, and warbled
 the air that fits these words:
 "So lebe wohl du stilles haus,
 Ich zieh getruet won dis hinaus,
 So lebe wohl ich muss jetzt foet,
 Und weis noch nicht an welchen oet."

**Beware of Ointments for Catarrh that
 Contain Mercury.**

As mercury will surely destroy the
 sense of smell and completely derange
 the whole system when entering it
 through the mucous surfaces. Such
 articles should never be used except
 on prescriptions from reputable phy-
 sicians, as the damage they will do
 is ten fold to the good you can pos-
 sibly derive from them. Hall's Cat-
 arrh Cure, manufactured by F. J.
 Cheney & Co., Toledo, O., contains no
 mercury, and is taken internally, act-
 ing directly upon the blood and mucous
 surfaces of the system. In buying
 Hall's Catarrh Cure be sure you get
 the genuine. It is taken internally and
 made in Toledo, Ohio, by F. J. Cheney
 & Co. Testimonials free.
 Sold by druggists. Price, 75c per
 bottle.

 stipation.

Slaughter House Burned.

The slaughter house of F. P. Far-
 rington, located on the Turner road,
 just outside of the city limits, was
 razed to the ground by fire yesterday
 at the noon hour. Just how the fire
 started is not known. Sam Enrikau
 was at work about the premises at the
 time of the conflagration, but all his
 efforts to quench the blaze were futile.
 The place is a total wreck, and the loss
 is estimated at about \$600, part of
 which is covered by insurance.

Now's Your Chance.

Manager Healy, of the San Francis-
 co Opera Company, now playing an en-
 gagement in Seattle, is advertising for
 a red-headed girl for his chorus. He
 doesn't want a girl who has bleached
 her hair to the required shade, or one
 who has the brick-dust type or the au-
 burn shade—he wants the real article
 —a fiery red shade. He says that un-
 less such a girl can be secured, his
 show will be a failure.

New Soap.

If you will use Gasene soap you can
 wash the most delicate fabrics without
 having them torn, because Gasene soap
 does away with boiling and excessive
 rubbing. See display in window at

CHAPTER VI.

This is the bookkeeper, smiling content;
 His accounts are correct to the very last cent
 When he adds a column it's always with pride;
 He knows that the balance is on the right side,
 "The balance of power," said he, "you will find,
 Is in the ad columns—the very best kind.
 The Journal want ads form columns of strength,
 From first to the last, throughout the whole length."
 The Journal ad columns gave me the chance
 To obtain a position and then to advance.
 If you're seeking work, to the moral take heed:
 The Journal want ads you should every day read."

New Method of Stealing a Ride.

A husky 200-pound man of the hoba
 type worked a new game upon a
 Southern Pacific passenger conductor
 the other night, says the Houston Post.
 The man boarded the train at San An-
 tonio, and took his seat in the forward
 smoker and apparently sank into a
 deep slumber. His snores resounded
 through the car. At intervals through-
 out the all-night ride to Houston, the
 conductor, aided by the trainmen, tried
 to arouse him so as to get his ticket.
 They pounded him, pulled his ears, lit
 his nose, and jabbed him all over the body
 with their fists. He slept through it
 all, or, at least, he appeared to be
 asleep.

Just as the train was pulling into the
 yards at Houston he cut short a snore,
 roused himself, opened his eyes and sat
 up in his seat. The conductor was en-
 tering the coach, and saw that his
 troublesome passenger was awake at

Electric Lamp Manufacturers Meet.

Long Point, N. Y., June 21.—One of
 the most interesting gatherings ever
 held here is the annual convention of
 the electric lamp manufacturers of the
 United States which opened here to-
 day. A number of tents have been
 erected on the grounds at the Point,
 in which the various offices, the kitchen,
 etc., are located. The attendance
 is quite large and delegates from all
 parts of the United States are present.

They are having fun at our expense.

A Pleasant Way to Travel.

The above is the usual verdict of
 the traveler using the Missouri Pacific
 railway between the Pacific coast and
 the east, and we believe that the ser-
 vice and accommodations given merit
 this statement. From Denver, Colora-
 do Springs and Denver there are two
 through trains daily to Kansas City
 and St. Louis, carrying Pullman's latest
 standard electric-lighted sleeping
 cars, chair cars and up-to-date dining
 cars. The same excellent service is
 operated from Kansas City and St.
 Louis to Memphis, Little Rock and Hot
 Springs. If you are going east or
 south, write for particulars and full in-
 formation.
