BUILD THE STREET.

Suspension of work for a month on the macadamized street south has been felt by the whole city.

WORKMEN LAID OFF, TEAMSTERS IDLE AND GENERAL DEPRESSION OF PUBLIC IMPROVEMENTS HAS HURT THE WHOLE CITY.

Not only are mechanics and laboring people driven to find work elsewhere, but other street improvements are hindered.

There could not possibly be a greater damage to Salem growth and prosperity than the way that street work has been delayed.

The people of North Salem have been waiting to take up street work as soon as this street was completed.

What malevolent power has been at work dragging the South Commercial improvement along for over a year?

The work could have been completed in three months at the outmost, and here is still six months' work ahead at old rates.

WHEN WILL OUR PEOPLE AWAKEN TO THE NECESSITY OF GETTING A MOVE ON AND BUILDING THIS CITY ALONG MODERN LINES?

The purpose of all these dilatory policies is plain. It is to keep the town from getting away from its old moorings of nonbackslam.

There is talk of improving High street south, but that will drag along until winter, and then it will go over for another year.

With a progressive and vigorous policy of public improvements Salem would grow rapidly to a city of fifty thousand, but there are still people here who are opposed to that fate overtaking them.

HOTAIR RAILROAD TALK.

The announcement comes that no work will be done on the Portland end of the Willamette Valley Traction Co.

A FEW CARS OF STEEL HAVE ARRIVED AT SALEM, THE COMPANY THAT ASKS A FRANCHISE ON HIGH STREET, IS TO HAVE TWO YEARS TO BUILD FIFTEEN MILES.

A small bond of \$15,000 is put up to build the fifteen miles in two years, and that bond can easily be extended.

The dilatory policies that seem to prevail do not indicate any immediate electric road to Portland.

There have been enough electric roads built in the newspapers to cover the Willamette valley three-deep with them.

It must be conceded that promotion talk is antecedent to actual construction, but it seems as though we had about enough.

ONE MAN WHO DOES THINGS IS WORTH HALF A DOZEN HOTAIR ARTISTS, AND THE TIME HAS COME FOR ACTION.

Let the people not be discouraged, but let them realize that the hostile influences are at work to head off and to prevent any actual development of the Willamette Valley and Western Oregon.

The real railroad battle between transcontinental lines is again being

IT WOULD

SURPRISE YOU

If you could only know, as we know, how some of the young people and wage earners are getting on in the world since they started a savings account with us. Some who said "I can't lay aside anything, my income will not allow it," are today our most enthusiastic patrons and are looking ahead to those things which can always be secured with a bank account.

There is everything in making a start, no matter how small, and then added regularly to it.

Form the habit and your financial future is secure.

Constipation

You cannot possibly enjoy the best of health if your bowels are constipated. Undigested material, waste products, must be daily removed from the body, or there will be trouble. Indigestion, headaches, nausea, dizziness, loss of appetite, thin blood. Ayer's Pills are gently laxative, all-vegetable.

waged in the state of Washington at the expense of Oregon, as the facts will show a little later.

Northfield Conference Opened.

East Northfield, Mass., June 22.—The season of religious conferences, instituted by the great evangelist, Moody and continued annually ever since, opened here today. The conference which began here today is a students' conference and will last until July 1. It will be devoted to young men from the eastern colleges and cities and more than one thousand of them are in attendance. A highly interesting and instructive program has been prepared and the list of speakers and lecturers contains an unusually large number of distinguished men. Among them are Bishop Anderson of Chicago and Dr. Endicott Peabody, the Head Master of Groton, who will be heard here for the first time; Robert E. Speer and the Rev. J. Ross Stevenson of New York; Principal R. A. Falconer of Halifax; the Rev. Wilton Merle of New York; Dean Bosworth of Oberlin; Henry Sloane Coffin of New York; Dr. Samuel M. Zwemer of Arabia, and the Rev. H. E. Fosdick of Montclair, N. J.

As heretofore, much attention will be given to the discussion of after-college problems. The various callings which especially demand more consideration by Christian students will have their claims and opportunities presented at the evening meetings on Round Top. Classes have been provided under able leaders for the study of certain phases of foreign missions and also such problems as immigration and the needs of cities. These classes will be in charge of the Student Volunteer movement.

Recreation is always the order for the afternoon at Northfield. The competition in baseball, track athletics and tennis is usually strenuous even for college men. Besides that there is ample opportunity for swimming and golf.

Sure Cure for Piles.

Itching piles produce moisture and cause itching, this form, as well as blind, bleeding or protruding piles, are cured by Dr. Bo-sank-ko's Pile Remedy. Stops itching and bleeding, absorbs tumors. 50c a jar at druggists, or sent by mail. Treatise free. Write me about your case. Dr. Bosanko, Phila., Pa.

Unveiling Red Bank Monument.

Woodbury, N. J., June 21.—Never before in its history has Woodbury seen as large crowds of visitors and such an array of distinguished men from all parts of the state and from Rhode Island and Pennsylvania, as today. The occasion which was responsible for this unusual influx of strangers was the unveiling and dedication of the monument erected on the Red Bank battlefield near this town.

State militia began to arrive at an early hour this morning and by 9 o'clock Woodbury resembled a military camp more than a peaceful town. Every house was decorated with flags, military bands played martial tunes, and soldiers in dress uniforms marched through the streets. At half past 9 o'clock the signal was given and the soldiers started on their march to Red Bank. They followed Broad street to Hessian avenue, and thence to the old battlefield, where a sham battle was fought.

Upon their arrival the soldiers took a short rest, and at half past 11 the drill and sham battle began. Governor Stokes of New Jersey, Governor Pennypacker of Pennsylvania, Governor Utter of Rhode Island and their respective staffs viewed the manoeuvres with great interest. There were also several thousand spectators of less prominence scattered along the edge of the battlefield, where the sham battle was fought.

At noon there was an intermission for luncheon and the accommodations of Red Bank were severely taxed by the demands of the thousands who wanted to be fed. During luncheon time the Clayton band gave a concert. Half an hour later a reception was given at the National Park hotel in honor of Governors Stokes, Pennypacker and Utter, Admiral Evans and their respective staffs.

The dedication ceremonies on the battlefield began at 2 o'clock and will last the greater part of this afternoon. Jennings' Third Regiment band will furnish the music. Governor George H. Utter of Rhode Island will deliver an address on "Rhode Island and Red Bank." Governor Pennypacker of Pennsylvania will speak on "Pennsylvania and Red Bank." Governor Stokes of New Jersey will take as his subject "New Jersey in the Revolution." He will present the monument to Gloucester county and Miss Virginia

Andrews of Woodbury will unveil the shaft. The address of acceptance will be made by D. O. Watkins, the state banking commissioner.

Every preparation has been made to insure the success of the celebration. It is a general holiday in south Jersey. Eight boats brought people from Philadelphia to the pier of the Red Bank sanitarium and many extra trolleys have been put into service to National Park.

It Is Up to the Doctor.

A lady wrote us from Winchester, Va., that she had been under a doctor's care for four years for dyspepsia, the pain appeared to center under the left shoulder blade, and was so severe at times that she could neither eat nor sleep. She had lost faith in her home doctor, and asked us to send her sample of Dr. Gunn's Improved Liver Pills which had been recommended to her. We sent her two pills, and in a few days she sent for a box. Now she writes that the pain under her shoulder blade has left her entirely, she enjoys her meals and never sleeps less than eight hours every night, and this has all come about in two weeks, and cost her 50 cents for two boxes of pills. Says the doctor charged her \$50, and that she told him he had better take the \$50 and invest it all in Dr. Gunn's Improved Liver Pills and build up his practice. Sold by druggists for \$25c per box. Any one having dyspepsia, bilious spells or sick headache can get a speedy cure by the use of these pills.

TO PURIFY SALOONS.

Brewers Take a Vigorous and Interesting Stand.

The United States Brewers' association, which has just closed its annual convention at Indianapolis, has reiterated its determination to put the brewing industry upon a high plane and make the products of the industry more of a national drink than at present. Many favorable newspaper comments have been created by the following resolutions, adopted by the convention: "Resolved, That this convention heartily congratulates the many brewing associations in states and cities that have taken the lead in eradicating low and vile resorts and in refusing to supply beer to saloons that were not approved by the public sentiment of their respective communities.

"Resolved, That it is the sense of this convention that all our members continue in this wise policy, so that the American public may be the more quickly taught that American beer is a promoter of genuine temperance, a beverage for the home and fireside.

"Resolved, That we urge every brewer to so work that the time may speedily arrive when a fair public will fully understand and appreciate the true value of our product, both as a food and as a beverage, and we recommend that each brewer frequently call attention to the fact that there is so little alcohol in our beer as not to produce drunkenness when drunk unmixed with ardent stimulants.

"Resolved, That the immense increase in the consumption of American beer has done more to establish sobriety than all the prohibitory laws in existence and will, we believe, be the means of a true solution of the drink problem and the establishment of ideal temperance, besides showing the confidence the American public has in the purity and value of the national drink."

During the convention the interesting fact was brought out that the Texas brewers have for two years spent \$10,000 each month in closing vile saloons and low dives. The association has the best legal talent to be found, a corps of trained detectives and secures its own evidence against saloon-keepers who do not run orderly places. The Texas brewers have received the praise of the leading prohibition papers and of the best citizens generally. It is stated that the detectives of the Texas brewers close three times as many saloons as the police officials of the various cities.

The intention of the brewers of the country is, it is announced, to make beer a drink that can be taken in a soda water fountain or anywhere else without subjecting anyone to criticism. The New York Herald, in a leading editorial as to safe and healthy summer drinks, classed beer as the foremost and least calculated to do harm in warm weather.

Murder's Den Discovered.

Zuerich, Switzerland, June 21.—Near Ratti, a village in the Zurich oberland, the police have made a highly sensational discovery. For a long time a remote farm house was occupied by a

family named Oberholzer, consisting of two brothers and a sister. For some time evil rumors concerning the Oberholzers had been floating about and they had been accordingly shunned and feared by the other villagers.

A number of robberies had been committed in the neighborhood, but, although grave suspicions rested upon the reclusive brothers, their guilt could not be brought home to them. Unwelcome visitors to the farm were received with gunshots, and so they were left unmolested until a few days ago, when the authorities found cause to search the house. An immense amount of stolen goods was found, but worse things were discovered later. A wall excited suspicion owing to its peculiar shape, and when an opening was made a rough coffin was found containing a female skeleton with clothes still adhering to it. Its identity has not yet been established, but that some awful crimes have been committed in the house appears to be now practically certain.

College Band Goes to Norway.

New York, June 21.—The college band of St. Olaf College, in Northfield, Minn., composed of students of that institution, sailed today on board the Scandinavian-American line steamer Oscar II, for Norway, under the personal supervision of Professor Kildahl. The band consists of sixty young men and Professor Melius Christianson, formerly of Minneapolis, is the conductor. It is expected that the band will give its first concert in Christiania on July 4. From there the band will continue its tour by rail to Thronhjelm via Elidsfold and Hamar. At Thronhjelm a chartered steamer will await the boys to take them on a tour around the coast, visiting Christiansund, Aalesund, Molde, Bergen, Stavanger, Arendal, Skien, Laurvik, Frederikshald, Frederikstad, Horton, Drammen, and back to Christiania. There is a possibility that the boys will also visit Copenhagen before they return to the United States. They expect to sail for New York on July 26 on board the Hellig Olav, also of the Scandinavian-American line.

INSOMNIA CURED

RESTFUL SLEEP SECURED BY DR. WILLIAMS' PINK PILLS.

Nerves Wrecked by Apoplexy Restored to Normal Condition and Good Health Followed.

The sufferer from sleeplessness too often resorts to habit-forming drugs in order to obtain the coveted rest. But sleep obtained by the use of opiates is not refreshing and the benefit is but temporary at best. To obtain sleep that renews the mental and physical vigor, clears the brain and fits the body for the work of the day, the nerves must be in normal condition. Healthy nerves are not to be obtained by drugging them, but by toning up the nervous system. The best nerve tonic and therefore the safest remedy for insomnia is Dr. Williams' Pink Pills.

Mrs. H. A. Fletcher, of 59 Blodgett street, Manchester, N.H., is living evidence of the truth of this statement. She says: "I received a shock of an apopleptic character. It was so severe that the sight of my right eye was affected, causing me to see objects double. I was confined to my bed about four weeks, at one time being told by the doctor that I could not get well. When I could leave my bed I was in such a nervous state that I could not sleep at night. I would get up and sit on a chair until completely tired out and then go back to bed and sleep from exhaustion.

"I had been under the doctor's care for six weeks when my sister, Mrs. Loveland, of Everett, persuaded me to try Dr. Williams' Pink Pills for Pale People. I began taking the pills with the result that I soon experienced relief. One night soon after taking them I lay awake only a short time and the next night I rested well. From that time I slept well every night and soon got well and strong. I have recommended Pink Pills for Pale People a number of times, and my niece has taken them for weak nerves and poor blood and found them very beneficial."

Dr. Williams' Pink Pills are not a cure-all, but a blood builder. They do one thing and they do it well—they actually make new blood. They cure nervous disorders because the condition of the nerves depends upon the number of red corpuscles in the blood, and Dr. Williams' Pink Pills increase the number of these red corpuscles. By this action on the nerves, through the blood they have cured many severe nervous troubles, headache, neuralgia and sciatica as well as diseases of the blood such as anaemia, rheumatism, pale and sallow complexions and many forms of weakness. All druggists sell Dr. Williams' Pink Pills or they will be sent by mail, postpaid, on receipt of price, 50 cents per box, six boxes for \$2.50, by the Dr. Williams' Medicine Co., Schenectady, N. Y.

A Valuable Agent.

The glycerine employed in Dr. Pierce's medicines greatly enhances the medicinal properties which it extracts and holds in solution much better than alcohol would. It also possesses medicinal properties of its own, being a valuable demulcent, nutritive, antiseptic and antiferment. It adds greatly to the efficacy of the Black Cherrybark, Golden Seal root, Stone root and Queen's root, contained in "Golden Medical Discovery" in subduing chronic, or lingering coughs, bronchial, throat and lung affections, for all of which these agents are recommended by standard medical authorities. In all cases where there is a wasting away of flesh, loss of appetite, with weak stomach, as in the early stages of consumption, there can be no doubt that glycerine acts as a valuable nutritive and aids the Golden Seal root, Stone root, Queen's root and Black Cherrybark in promoting digestion and building up the flesh and strength, controlling the cough and bringing about a healthy condition of the whole system. Of course, it must not be expected to work miracles. It will not cure consumption except in its earlier stages. It will cure very severe, obstinate, chronic coughs, bronchial and laryngeal troubles, and chronic sore throat with hoarseness. In acute coughs it is not so effective. It is in the lingering coughs, or those of long standing, even when accompanied by bleeding from lungs, that it has performed its most marvelous cures. Send for and read the little book of extracts, treating of the properties and uses of the several medicinal roots that enter into Dr. Pierce's Golden Medical Discovery and learn why this medicine has such a wide range of application in the cure of diseases. It is sent free. Address Dr. R. V. Pierce, Buffalo, N. Y. The "Discovery" contains no alcohol or harmful, habit-forming drug. Ingredients all printed on each bottle wrapper in plain English. Sick people, especially those suffering from diseases of long standing, are invited to consult Dr. Pierce by letter, free. All correspondence is held as strictly private and sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y. Dr. Pierce's Medical Adviser is sent free on receipt of stamps to pay expense of mailing only. Send 21 one-cent stamps for paper-covered, or 31 stamps for cloth-bound copy.

The Fashion Stables

Formerly Simpson's Stables. Up-to-date livery and cab line. Funeral turnouts a specialty. Tallyho for picnics and excursions. Phone 44. CHAS. W. YANKEE, Prop. 247 and 249 High Street.

\$105.00 to be Given Away.

Who Wants the Money? Who will write us the best story of personal experience in using ALLEN'S SELF-RISEING B. B. B. FLOUR? We want 100 testimonials, not to exceed 200 words each, and we will pay for them.

Write and tell us why and where you first bought 3 B. FLOUR and how long you have used it. Tell us how you like it and whether you have found it an agreeable and wholesome addition to the family menu. Tell us about the PAN CAKES, the BOSTON MUFFINS, the FRUIT PUDDING and the FAMOUS BOSTON BROWN BREAD.

Now, to the person sending us the best recommendation and the most artistic letter, we will pay \$5.00 in gold; and we will pay \$1.00 each for 100 other letters that we use. We wish to use these letters in our advertising, but no name will be published without the written consent of the writer.

If you have not used self-rising B. B. B. Flour get a package and begin now; we will give you sufficient time to take advantage of this offer.

Every good grocer sells it and you will find directions in every package. Use the four principal recipes and write us about it. We are interested in your experience.
