EDISON THEATRE COMMENCING NEXT THURSDAY. THE BRIGHAM-COOPER CO. Presents the sensational Comedy drama entitled

'THE WORLD AGAINST HIM' Four nights only, Thursday, Friday, Saturday and Sunday nights. Special matinee Saturday afternoon at 2:30. Admission prices, 15 and 25 cents.

Celebrated His Majority. A pleasant method of celebrating a man's majority was observed at the home of Mr. and Mrs. L. E. McNeill last Sunday, July 8th, when a large number of neighbors and friends were invited to a beautiful grove on the farm to celebrate George McNeill's birthday. Under the wide spreading trees a bountifully spread table was placed, around which the merry party gathered. Ice cream was served throughout the afternoon. Hammocks and swings were provided, and a short program of recitations and songs was given. Those present were: Mrs. L. E. McNeill, George McNeill, Miss Iva McNeill of California, Mrs. Chambers, Mr. and Mrs. John Lewis, Mr. and Mrs. F. M. Neal, Mrs. H. E. Roberts, Mrs. Alberta Roberts, the Misses McNeill, Mr. and Mrs. Herman Lewis, Messrs. Claud Baynard, Roy Baynard, Frank Neal, Claud Lewis, Marion Porter, Fairy L. Neal, Hilda Neal, Ethel McNeill, and Sarah McNeill, Forest McNeill and Lorin Porter.

At the Edison. Commencing this week the Brigham Cooper Stock Company, which has been operating continuously at the Edison theatre for the last six weeks, will alternate between this city and Eugene. The company will play in Eugene every Monday, Tuesday and Wednesday. When returning will play here every Thursday, Friday, Saturday and Sunday nights, with a special matinee Saturday afternoon at 2:30 o'clock. The new play which this company will present on its return from Eugene next Thursday night is entitled 'The World Against Him.' It is a sensational comedy drama in four acts, and never fails to please. Beginning this week the price of admission will be raised to 15 and 25 cents, as it is impossible to maintain its popular stock company at the old prices, owing to the expensive talent engaged, and the small seating capacity of the theatre. However, this change is sure to become popular, as the Brigham-Cooper Company has many agreeable surprises for the patrons of the Edison in the future.

When You Want Harness. Call on F. E. Shafe, at his new store, 187 Commercial street, near Ferry. The finest stock of harness in Salem. Goes to the Asylum. Red Pearl, of Harrisburg, was brought to the asylum Monday from Albany by Sheriff Smith, of Lyon county, it being too late to secure an attendant from the asylum. Pearl is a young man of 25 years of age, and a native of Oregon. He walks with crutches, having been operated on for a disease of the hips. He has studied hypnotism a great deal, and has become deranged on that subject. He was in the asylum for awhile three years ago.

Blaze at the Woolen Mills. The efficient automatic sprinkling system at the woolen mills saved that institution last evening from what might have resulted in a very serious conflagration. The fire was started in the spinning room about 11:30 last evening. It seems that one of the bands got in between the rollers of one of the spinning machines, causing friction that generated a blaze, which gradually spread to the lint on the machine and then to the floor. The fire was assuming large proportions when the automatic sprinkler turned loose, and in a few minutes the critical situation was entirely relieved. A fire alarm was given, but when the city fire department arrived at the scene the blaze was under control. The machine will be repaired and the pieces will have to be procured in the East. Fortunately the damages, beyond those to the machine, were comparatively light. Some yarn on the bobbins was damaged by the water, and the machines in the weaving room and some material there had to be thoroughly dried out before work was resumed. This is the first fire that has occurred there since 1898, and the manner in which the conflagration started is entirely new to the most experienced hands in the mill. The loss is probably \$1000, and it is fortunate that Mr. Kay had installed the automatic sprinkling system all over the mill, until there is a sprinkler every 12 feet, ready to spray at any time.

To Test the Law. The argument in the supreme court of Wallace against the board of equalization of Josephine county to test the constitutionality of the law passed by the legislature of 1903, is being argued today. W. C. Hale, of Grants Pass appears for the appellants and I. H. Van Winkle, assistant attorney general will make the argument for the respondents. Messrs. Reams & Reams, of Josephine, were employed by the board of equalization to defend the case, but they turned the matter over to the attorney general. The act is claimed by the plaintiff in the suit, who is the appellant, to be in violation of the clause of the constitution, which says all taxation shall be uniform. The respondents will attempt to show to the court that the clause which says property maintained for charitable purposes covers this act of 1903, inasmuch as the \$300 exemption is an act of charity, extended to persons too poor to pay taxes on personal property. The Messrs. Wallace, who instituted this suit, are non-residents of Oregon, and it is understood that other taxpayers in the state are interested in the suit. The decision will be far reaching, as it will effect every taxpayer in the state.

Boats Pulled Off. Until the fall rains come, none of the large boats will ply the waters of the upper river. The Oregon City Transportation Company has taken the Pomona and the Altona off the run from Salem to the upper points, and from Salem south the only boat running is the gasoline launch Coloma. This runs daily between Salem and Independence. Always a Van Winkle. For over 20 years one of the sons of Rev. Merchants Beat Spinners. The Merchants won from the Woolen Mills team last evening in a lively game. The final score stood 6 to 4. In the first innings the factory men had things their own way, but in the fifth inning a number of errors allowed the Merchants to tie the score, and in the sixth two of the Merchants came promonting over the home plate, and the game was over. A Rednecking the Bridge. Work on the redecking of the steel bridge that spans the Willamette and unites Marion and Polk counties is progressing as fast as possible. Some annoyance was caused among the farmers yesterday, because they could not get to the city with their wares. It has been decided to close the bridge to teams from 6 a. m. until 11:30 a. m. and from 1 p. m. to 6 p. m. The Emerson Milling Company is doing the work, and George C. Griswold oversees the job on the part of the counties and the city of Salem. Going Camping. Bert Jemman, of the Red Cross pharmacy, accompanied by his brother, Archie, the baseball player, left yesterday afternoon for a two months' vacation. They will first go to Mt. Jefferson, and will camp there for some time, and then will continue their journey southward to the Oregon line. They will walk most of the way, and expect to visit the lakes in the Cascade range. They started out with two pack horses, and are prepared to enjoy camp life to the uttermost.
