RUSSIA BLUFFS BUT THE CZAR MUST GET OUT

Imperial Troops Overawe People, but There Are One Hundred Million Subjects to Hear From

Petersburg, Russia, July 21.—Imperial elements today are completely cowed. The troops poured into the city the last two days show no signs of being disloyal. For the most part the soldiers are kept out of sight, but every sign of pending disorder or an overwhelming force appears instantly from the court-yards. They are quartered in the most unexpected places. Rioters are easily dispelled without resort to ball cartridges. Trepoff dominates the government. Leaders of the Douma admit it is impossible to do anything against the troops, and fear the socialist members will issue a proclamation which will cause the czar to dissolve the Douma, which will bring on a conflict, with the people unprepared to do anything but die.

Prosecution Is Apparently Afraid of What the Trial Will Disclose

New York, July 21.—It is stated that friends of Stanford White will cooperate with Thaw's mother in an effort to suppress the trial, and incarcerate Harry Thaw in an insane asylum. MARY'S EYES BLAZED

Negro Coachman Says That His Testimony Was all False

Pittsburg, Pa., July 21.—The ventilation of the episode of the negro coachman, Hooe, was renewed today, when the respondent, Mrs. Mary Scott Hartje, was called to the stand to deny that she had been intimate with Hooe. Her denial was complete, and her eyes blazed as she scornfully said that the deposition made by Hooe was maliciously false. Mrs. Hartje said that she was present when the Hooe deposition was taken. She was not cross-examined by the attorneys for her husband, they reserving the right to cross-examine her later.

Then Edgar Ray, the detective, who had arrested Hooe at East Liverpool, O., was placed on the stand, and it was realized that all bars were down in the case, and that the libellant will be compelled to go through with his official allegations. The first statement by Hooe, which was the one made in Mrs. Hartje's presence, contained such changes that it was believed they would not be pressed. The second statement recalled what Hooe had said before, and it was regarding this deposition that Detective Ray was called to the stand.

The witness testified that Hooe said he wanted to make a confession. It was the first peaceful day Hooe said he had had for four months. His wife and mother shielded him, the persons who had employed him had not done what was right by him, and every time he came to Pittsburg he was sent away again. He felt, he said, that he should have had his head cut off for talking against the woman. The witness denied that any inducement was offered Hooe to make the statement.

Alderman King, who followed Ray, said that when the deposition was read to Hooe at the hearing he said the statements were correct. In replying to a question as to Hooe's mental condition at the time the statement was read to him, the witness said he seemed sober and sensible.

THAT DIVORCE SUIT

Pittsburg, Pa., July 21.—Great excitement was aroused in the Hartje case this afternoon by some one telephoning to police headquarters that Augustus Hartje had shot himself. Investigation disproved the statement, as Hartje is alive and well, and was in the office of the district attorney at the time the rumor started. It is expected Hartje will place the negro coachman, Clifford, on the stand to show the manner in which his confessions were obtained by counsel for the libellant.
