SHALL WE SEE THE DELUGE?

Russia Will Have the Greatest Struggle for Liberty in Recent History

Viborg, Finland, July 23.—After sitting almost continuously since the arrival of its members the Finland Douma today decided upon a policy of passive resistance. They will endeavor to cripple the power of the government in every way possible. It will issue a manifesto to refuse to pay taxes or serve in the army. There was a fiery debate, and many urged the immediate resort to arms, and proposed to organize a constitutional assembly and proceed with the elections. This plan was discussed soberly for some time, but it was finally decided to proceed cautiously.

The governor of Viborg called at the Hotel Belvidere this afternoon and announced that he was ordered by the governor-general of Finland to close the meeting of the Douma, even if it was necessary to use force. He stated that the deputies would not be allowed to meet anywhere in Finland. The order came as the deputies were formulating their manifesto to the people.

St. Petersburg, July 23.—The government today forbade all processions or street gatherings. The troops are in control. However, it is clear that resistance will be made to the government in an effective manner. The dis-

solution of parliament had the effect of uniting all the discordant elements. Liberal and revolutionary alike will support the most desperate measures, but inflammable leaders are in charge at present. If the patient heads control until the people's forces are prepared, the Czar will face a tremendous power.

St. Petersburg, July 23.—It is reported a flotilla of German gunboats is remaining within easy wireless communication of Peterhof, to render assistance to the Czar, should he need such assistance hastily.

Washington, July 23.—Meyer cables a complete report of the situation in Russia. The report is withheld, except the announcement that all is quiet at St. Petersburg.

London, July 23.—Delegates at the opening of the inter-parliamentary union indulged in a demonstration showing their sympathy with the Russian Douma. Campbell-Bannerman declared in favor of the submission of all questions to The Hague tribunal for settlement as a substitute for war. Bannerman in his address of welcome addressed some special remarks to the Douma member present. He said:

CHICAGO BUTCHER'S DAUGHTER

Buried in Solemn State Because She Married a Titled Duke

London, July 23.—Lady Curson was buried at Kedgeston today. Simultaneously with that memorial service was held at Westminster in St. Margaret's. Reid attended, accompanying Mr. White, the American ambassador to Rome, who happened to be in the city.

"The people of this country expressed confidence in parliamentary regime, and felt certain the Douma will meet again. 'The Douma is dead, long live the Douma,'" was Bannerman's climax, all the delegates greeting it by rising, cheering and waving of hats, and crying: "Vive la Douma."

The Russian delegates withdrew and prepared for a hurried return to Russia on account of events at home.

OIL CAN EXPLODED.

House Set on Fire and Girl Burned Within a Few Minutes.

McMINNVILLE, July 23.—Helena Miller, aged 10 years, daughter of Henry Hiller, of Whiteson, was burned to death by explosion of a coal oil can, which she was using to start a fire. The house and contents were a total loss.

The Southern Pacific bridge gang, working near, tried in vain to rescue the girl, but were driven away by the flames. The mother was working in the postoffice and the girl and sister, 8 years of age, had gone home. The younger girl was in the yard and escaped the accident. The body of Helena Miller was reduced to ashes.

Postal Clerks' Salaries Raised.

WASHINGTON, July 23.—The Post-office Department today authorized the promotion of postal clerks at the following Oregon offices, each getting a rise of \$100. The new salary is given below:

Albany, one, \$700; Oregon City, one, \$700; Pendleton, one, \$600; Roseburg, one, \$500; Salem, one, \$700; The Dalles, one, \$800.

Mah Got Elevated.

Ogden, Utah, July 23.—Horace Mann the leading man in the Zinn Travesty Company, walked into the elevator shaft at the Grand Opera house last evening, and was seriously injured. Mann has been connected with theatrical enterprises in Washington and Oregon for several years past.

Some Kids Left.

San Francisco, July 23.—Seventy schools were opened this morning for the first time since the fire. The reports of attendance show the capacity of the schools will be tested to their utmost. The total attendance, however, is not nearly so large as last year. It is estimated that 25,000 children have left the city, since the quake.

Bryan Was There.

London, July 23.—The Interparliamentary Union opened this morning, and will continue three days, to discuss the enlargement of functions at The Hague. Six members of the Russian Douma were present. Bryan and Bartholdt were the leaders of the American delegation.

Ask a Good Raise.

Berkeley, Cal., July 23.—The police force, consisting of eight patrolmen, will ask the town trustees for \$100 a month at tonight's meeting and unless the raise is granted all will resign. The present salary is \$70 per month.

By Law or by Force.

Cheyenne, Wyo., July 23.—The Shoshone vigilante committee caught 11 outlaws this morning, all charged with larceny. If quick punishment does not clear the atmosphere, the vigilante may use ropes.

Hot Name for a Car.

When the car wheels squeaked rather diabolically all the way from the train to the Willamette hotel, a facetious motorman suggested that No. 2 be called the "Holy Roller."

Supreme Judge Dead.

Taylorville, Ill., July 23.—Justice J. B. Hicks, of the state supreme court, died this morning of cancer of the stomach.

HISTORY REPEATS ITSELF

Another Woman Dances the Head off a Shining Mark, or Mining Shark

Reno, Nev., July 23.—D. A. McIntosh, a mining promoter, of Oakland, Cal., and agent of the Pacific Coast Wireless Telegraph Company, suicided here yesterday, by wading into the Truckee river, and allowing the swift waters to carry him off his feet. McIntosh was once one of the wealthiest men in Spokane, Wash. His wife ran away a few years ago with a dancing master, and since then McIntosh has attempted several times to kill himself. Once he jumped into San Francisco bay. He was considered a wealthy man.

Teddy Is Impressed.

Oyster Bay, July 23.—Speaker Cannon and Representatives Sherman, McKinley, Louden, Ager and Cocks, members of the congressional Republican committee on conference with the president in the congressional elections, Cocks represents the president's district. Cannon and his colleagues went home with him. Penrose arrived, took luncheon with the president, and talked Pennsylvania politics.

DARK TOWN HURT

Charlotte, N. C., July 23.—The Seaboard Air Line officials say two white men and 18 negroes were killed in a collision last night.

Doubt His Suicide.

Buffalo, O., July 23.—Relatives of Dr. A. C. Ridout, of Ravenna, Ohio, husband of the woman who, when she was Mrs. Anna George, was acquitted of the charge of murdering George Saxton, brother of Mrs. McKinley, believe Ridout did not commit suicide. Ridout is said to have hanged himself and his brothers have gone to investigate.

All Afraid.

London, July 23.—European bourses are all weak. Disquieting news comes from Russia, and in Paris Russian 1906 bonds dropped six points at the start and kept falling.

Tarpley-Pike Wedding.

The Sunday Oregonian contained an account of a wedding of interest to Salem friend:

At Vancouver, Wash., yesterday afternoon, Dan W. Tarpley, one of the defendants in the land fraud cases, and who was convicted December 6, 1904, with S. A. D. Puter, Horace McKinley, Frank H. Walgamot and Emma L. Watson for conspiracy to defraud the government in connection with the famous township "11-7," was united in marriage to Miss Mabel Pike, of this city. Justice of the Peace John E. Harris, of the barracks city, performing the ceremony, which was attended only by a few friends of the contracting parties.

Mrs. Marie Ware-McKinley was matron of honor, and George Sorenson, also of reputation in connection with land fraud affairs, was best man. After the ceremony an impromptu banquet was indulged in at the justice's chambers, in the course of which it is said that champagne cut an important figure. It is reported that the whole land fraud crowd was present except S. A. D. Puter and Emma Watson, who sent their regrets.

Circus Coming to Town.

The advance man for the Forepaugh & Sells Bros.' circus was in the city this morning and made the preliminary arrangements to show here August 22. The circus is now doing Wyoming towns.

C. D. McIntyre, the agent, states that aggregation is one of the largest on the road, and will give Salem a great exhibition.

Chicago Markets.

Chicago, July 23.—Wheat, 77¢/76½¢, corn 49½¢/50¼¢, oats 32¼¢/32½¢.

TROUBLE DOWN IN MEXICO

Uncle Sam Is Liable to Have Some More Territory to the South

New Orleans, July 23.—E. J. Mathes, one of the party of 52 American men, women and children who left Mexico because of anti-foreign threats and passed through New Orleans, en route to Cincinnati, said:

"One of the most alarming features of the situation is the fact that the Mexican servants have joined in the anti-foreign movement, and the wives of foreigners are in mortal terror of their families being poisoned. I was reluctant to leave the country, but I simply could not resist the pleadings of my family."

"The anti-foreign movement is strongest in the northern and central portions of Mexico, where the natives have been wrought up to a high pitch of excitement by agitators and agents of revolutionary societies. Along the Rio Grande border the movement is not so strong, because the Mexicans fear the Texans, who know how to shoot."

"The educated class of Mexicans is not in sympathy with the anti-foreign movement, but is in a hopeless minority. The army is recruited from the lower classes and cannot be relied upon. The uprising is scheduled to occur in September, and it will probably be necessary for the United States to throw army across the border in order to protect American citizens. The anti-foreign sentiment has grown to such an extent that I do not believe the Mexican government can cope with it successfully."

SHOOT OR GIVE UP THE GUN

Portland, Or., July 23.—In the land fraud cases the defendant Martin Hoge failed to appear in court for trial, which on that account was postponed until tomorrow. He claims illness, but a physician, appointed by the court, states he is well enough to appear. Unless Hoge puts himself under the care of a physician, appointed by the government, in a hospital, or appears at the trial tomorrow, his bond will be declared forfeited.

WORKING ON BUILDINGS.

Painting and Renovating the Outer of the Day at the State Fair Grounds.

The work of renovating the buildings and cleaning up the lawns, walks and roads at the state fair grounds, is moving on with considerable rapidity. A large gang of convicts from the penitentiary is doing the heavy labor and painters are at work on the pavilion and the fences.

The interior of the pavilion has been handsomely painted, and all the other buildings will be treated in the same manner.

The clerical work of the board has increased to such an extent that it was necessary to elect an assistant secretary. Frank Welch, of Salem was appointed to this place, and he has already begun his duties.

The race track has been put in splendid condition, and will be kept that way until after the fair.

To Hold Campmeeting.

The Evangelical Association is preparing for its annual campmeeting convention, which will be held at Jennings Lodge, near Oregon City, from July 31st to August 9th, inclusive. Many from this city are making preparations to go and camp throughout the session. At present there appears to be a scarcity of tents, but the committee in charge believes no trouble will be experienced in that respect. The camp grounds are well sheltered and are ideal for the holding of such a gathering.

Fred R. Moir, aged 28, of this city, was adjudged insane by County Judge Scott, on affidavit of Dr. Cusick, and ordered committed to the state insane asylum.

MUSIC ON THE WATERS

Summer Night Concerts Are Given at New Park on the Willamette

Salem has now a summer night resort that bids fair to rival Coney Island or The Oaks. A number of Salem boys have chartered all the launches and row boats in town, have secured a lease on Willamette Park, on the Polk county side of the river, and are giving a series of summer night concerts, which will be kept up during the entire silly season. The Salem Military Band furnished the music last night, and hundreds of young people, and older folks, too, visited the pretty park. It is a fine place for phylandering, and the natural romantic beauty of the spot, was enhanced by a large number of Japanese lanterns. Good seats were provided.

All kinds of ices, ice cream and summer night drinks were served, and the liberal patronage showed the people of Salem appreciate this excellent effort at catering to their enjoyment.

COMPANIES ORGANIZE.

Articles of Incorporation Filed by Oregon Capitalists.

The Umatilla Ditch Company, of Portland, filed its articles of incorporation in the office of the secretary of state this morning. The main office of the company is to be at Pendleton, and the stock is placed at \$100,000. The incorporators are W. P. Groesbeck, B. J. Wall and J. T. Hinkle.

The Oregon College of Optometry was incorporated today by B. J. Mills, Stella M. Mills and J. N. Pearty. The college will be maintained at Portland. The capital stock is \$500.

Articles of incorporation were filed this morning by the Evangelical Lutheran Zion Congregation, of Corvallis. John Gertmaker, Adolph Leder and John Goos are trustees. It is the purpose of this organization to provide and maintain a new church building at Corvallis.

A Local Burglary.

The home of William Hilleary, who lives three miles southeast of Turner, was robbed Sunday afternoon. Among the things that were carried away by the intruders are a 25-30 Winchester rifle, a pair of shoes, some garments and other articles. Mr. Hilleary reported the theft to Sheriff Culver this morning. A clue to the robbery was given to the authorities by a gun expressed from the Marion office to Frank Smith, of Portland, by a young fellow named O'Bryan. There were two boys at the office, aged about 16 and 18, respectively, O'Bryan being the younger, and both took the northbound train. The rifle has been identified as that of Mr. Hilleary. As soon as the sheriff was notified that the boys were northbound he sent word to Oregon City for the officers there to watch for them.

Sheriff Culver has received word that two boys answering the description of those who forwarded the gun from the Marion express office were taken off the train and placed under arrest. The sheriff went down this afternoon to bring them here for examination.

Voted Dry, But Is Wet.

At the last election local option carried in Hardman but owing to the fact that the ballots were fatally defective, which made the local option election in Morrow county void, no action was taken in the matter at the last session of the county court. Under the conditions existing, an order by the court could not have been enforced, thus making expense without results, and the matter was ignored.—Heppner Gazette.

Going to Canada.

Governor Chamberlain has accepted the invitation of the governor-general of Canada to attend the annual meeting of the Canadian Forestry Association, which will be held at Vancouver, B. C., early in September.

Dr. J. F. Cook Moved to 340 Liberty street, where he will meet all old and new patients. For any disease, call on Dr. Cook. Consultation free.
