Ave., Denver, Col., to Mrs. Pinkham. Lynn, Mass.: Dear Mrs. Pinkham.: "For five years I was troubled with a tumor, which kept growing, causing me intense agony and great mental depression. I was unable to attend to my house work, and life became a burden to me. I was confined for days to my bed, lost my appetite, my courage and all hope.

"I could not bear to think of an operation, and in my distress I tried every remedy which I thought would be of any use to me, and reading of the value of Lydia E. Pinkham's Vegetable Compound to sick women decided to give it a trial. I felt so discouraged that I had little hope of recovery, and when I began to feel better, after the second week, thought it only meant temporary relief; but to my great surprise I found that I kept gaining, while the tumor lessened in size.

"The Compound continued to build up my general health and the tumor seemed to be absorbed, until, in seven months, the tumor was entirely gone and I a well woman. I am so thankful for my recovery that I ask you to publish my letter in newspapers, so other women may know of the wonderful curative powers of Lydia E. Pinkham's Vegetable Compound."

When women are troubled with irregular or painful periods, weakness, displacement or ulceration of the female organs, that bearing-down feeling, in-flammation, backache, flatulence, general debility, indigestion or nervous prestration, they should remember there is one tried and true remedy.
