OSWALD WEST RETURNS.

State Land Agent Home from a Trip to Crook County. Oswald West, state land agent, has returned to Salem from a ten days' trip through the country to Bend and Prineville. Mr. West made the journey on official business but did not hinder him from having a very enjoyable trip. Mr. West says that part of Crook county affected by the new irrigation projects, is very prosperous. Where a short time ago was one broad expanse of sage bush plains may now be seen fields of waving golden grain, splendid gardens and big hay fields. "There are a great many people in the new country," said Mr. West, "who are in moderate circumstances but there is abundant employment for all of them at good wages, and no doubt all of them will soon be able to own homes." Baseball Players and Foot Racers! Louis J. Kruger, ex-champion long-distance foot racer of Germany and Holland, write, October 27, 1901: "During my training of eight weeks' foot races at Salt Lake City, in April last, I used Ballard's Snow Liniment to my greatest satisfaction. WANTS TO GET OUT.

Cockney Kid, Who Whipped Rainier Preacher Desires Pardon. The immediate outcome of an anti-saloon fight at Rainier was an assault on Rev. M. Fisher, of the "drys." This was made by James E. Remington, known as the "Cockney Kid." Remington confessed, and was sent to jail, as was also a

man named Pierce, who, it is alleged, hired the "Kid" to make the assault on the preacher.

Harrison Allen, of Astoria, the district attorney, who prosecuted the men, has joined in a petition to the governor, asking for a pardon for Remington.

In connection with this Pierce, through his attorney, asks for a pardon also, in the event the "Kid" is released, and insinuates that the action of Mr. Allen and the preacher indicates a "job."

Governor Chamberlain will take no action until other information is secured.

Cheerfully Recommended for Rheumatism.

O. G. Higbee, Danville, Ill., writes, Dec. 2, 1901: "About two years ago I was laid up for four months, with rheumatism. I tried Ballard's Snow Liniment; one bottle cured me. I can cheerfully recommend it to all suffering from like affection. 25c, 50c and \$1. For sale by D. J. Fry."

MAY DELAY WORK.

Conflicting Interests May Delay Construction of North Commercial Street Bridge.

Conflicting interests between the Citizens' Light and Traction Company and the city may delay the construction of the new bridge across Mill Creek on South Commercial street.

The city wishes to have the new bridge built in time for the state fair, but the work begun on the "object lesson road," by the government experts and which is nearly ready for the crushed rock makes it necessary that no obstacle be placed in the way of hauling the rock and hastening the completion of that mile of road which is destined to be the pride of the Capital City. The street car company has a contract with the Warren Construction Company and the county for the delivery of this rock. The city, too, wishes the road to be completed and it is hoped that all interests will be harmonized.

It may be that the new bridge can be built without interfering with the travel on the street car bridge, and to that end surveyors are at work. As soon as the surveyors have made out plats they will be submitted to the parties interested for approval.

A Pleasant Way to Travel.

The above is the usual verdict of the traveler using the Missouri Pacific railway between the Pacific coast and the East, and we believe that the service and accommodations given merit this statement. From Denver, Colorado Springs and Denver there are two through trains daily to Kansas City and St. Louis, carrying Pullman's latest standard electric-lighted sleeping cars, chair cars and up-to-date dining cars. The same excellent service is operated from Kansas City and St. Louis to Memphis, Little Rock and Hot Springs. If you are going East or South, write for particulars and full information. W. C. McBRIDE, Gen. Agt. 134 Third St., Portland, Or.

Hop Contracts.

Notwithstanding that hops are sold to sell at 15 cents a pound and that several contracts are reported having been made at that price, the contracts filed with the county recorder yesterday were all at 10 cents and a Champoe grower has contracted his crop for 1906, 1907, 1908 at 10 cents.

S. and F. Uhlann Co. have made contracts with the following: Jos. Pillet of Champoe, 7000 pounds at 10 cents, 1908; 10,000 pounds, crop 1907, at 10 cents; 7000 pounds, 1906 crop, at 10 cents.

Lewis Woodcock and Edwin G. Leslie of Elliot Prairie, 10,000 pounds, 10 cents.

Squire Farrar of this city has contracted for the following amount of hops:

- 6000 pounds at 10 cents from A. W. Nusom. 15,000 pounds at 10 cents from Wong Gop and E. M. Savage. 7000 pounds at 10 cents from J. L. and E. W. Kendall. 10,000 pounds at 10 cents from August and Eva Schneider of Brooks.

A Tragic Finish.

A watchman's neglect permitted a leak in the great North Sea dyke, which a child's finger could have stopped, to become a ruinous break, devastating an entire province of Holland. In like manner Kenneth Melyer, of Vanceboro, Me., permitted a little cold to go unnoticed until a tragic finish was only averted by Dr. King's New Discovery. He writes: "Three doctors gave me up to die of lung inflammation, caused by a neglected cold; but Dr. King's New Discovery saved my life." Guaranteed best cough and cold cure, at J. C. Perry's drug store, 50c and \$1.00. Trial bottle free.
